Local Market Quotations.

Reported by A. M. Hamilton & Son.
WEEKLY REVIEW,
LONDON, Wednesday, May 10.

General deliveries of grain have been small this week. There was no change in wheat prices. Oats ran up 10c per 100 its, and at today's session all kinds sold at \$1 10 per 100 lbs, The demand was good. Receipts of barley light, and very little in quiry except for such samples as were fit for quiry except for such samples as were in for seed. Values run from 90c to \$1, according to

Quality. Peas quiet and scarce; demand light; sales Peas quiet and scarce; cemand light; sales 95c per 100 lbs.
Corn sold from \$105 to \$1.15 per 100: deliveries light and demand good.
Heans steady; hand-picked sold at \$1.25 per 100; and unpicked from 75c to \$1.
Eggs quiet early in the week, but towards the close receipts were light and values higher; loc to 11c was paid by the basket, and 10c for store lots.

er: 10c to 11c was paid by the basket, and 10c for store lots.

Butter was steady, selling at 14c to 22c, according to quantity and quality.

Poultry steady and no change in value.

In meats trade was steady and prices did not change any. Our quotations are for the general run of the market. Now and then an extra quality sells a little higher.

Potato sales were made from \$1 to \$1 15 per large. ban.
The supply of hav fluctuated considerable, and consequently prices were unsteady. Sales ranged from \$8 to \$9.
General quotations at the close were as fol-

DRUG STORE

at Toronto, with costs.

—The Canadian Express Company are certainly abreast of the times. As soon as the tie-up was announced, Route Agent Murray took the train to St. Thomas, drove thence to Port Stanley and established wagon service between the above points. Some two tons of fish were the first result of the overland service which, with rail connection to St. Thomas, is kept up in good shape. shape. -At the Police Court this morning Wil-

—At the Police Court this morning Wil-linn Watson, a soldier from the barracks, appeared on a charge of being disorderly. The evidence was not sufficiently convinc-ing and he was discharged. Harriet Crysler, who was in his company, was dis-charged on suspended sentence, and will get two years at the Mercer next time she makes the acquaintance of a police officer. Spread of the Kindergarten.

Ontario was the first among all the Provinces of Canada or States of the Union Provinces of Canada or States of the Union to make the kindergarten an organic part of the public school system, and until recently she enjoyed the distinction of being alone in this respect. Illinois and Colorodo have at last followed her example. It may not be generally known that the taxpayers of South London, through their school trustees, were the first to set on foot a public kindergarten.

THE LATE DAVID PRESTON.

Sketch of the Life of the Late Mechanical Superintendent of the C. P. R.-A Railroad Pioneer.

The Railway Master Mechanics' Journal of Chicago has the following interesting reference to the late David Preston, who was the father of Mr. Robert Preston, locomotive foreman of the C. P. R., this city:

"The death of Mr. David Preston, the mechanical superinvendent of the Co. Alexander of the Co. Al "The death of Mr. David Preston, the mechanical superintendent of the Canadian Pacific Railway, which occurred on the 18th of April, leaves a gap in the ranks of the railroad pioneers of forty years ago. The deceased was of Scotch parentage, and was born near Guthrie, in Forfarshire on the 23rd of May, 1830. He received a good education, and began life in the service of the Scottish Midland & Aberdeen Railway. At the age of 24 he came to Canada. After his arrival he was for a short time engaged in the work of building the famous Victoria tubular bridge, which carries the trains of the Grand Trunk Railway over the St. Lawrence at Montreal. He was subsequently employed on the Grand Trunk, running an express engine between Toronto, Belleville and Kingston. His ability and faithful service soon raised him to the position of foreman of the company's to the position of foreman of the company's trains of the Grand Trunk Railway over the St. Lawrence at Montreal. He was subsequently employed on the Grand Trunk, running an express engine between Toronto, Belleville and Kingston. His ability and faithful service soon raised him to the position of foreman of the company's shops at Toronto. In 1877 he accepted the position of mechanical superintendent of the Toronto, Grey & Bruce Railway. This road runs from Toronto to the port of Owen Sound, on the Georgian Bay, and was then narrow gauge. At the time Mr. Preston was selected to take charge of the mechanical department the Toronto, Grey & Bruce Railway Company was contemplating a change of gauge to the standard 4 ft. 8½ in. Most of the locomotives on that line had been built in Great Britain, and their conversion was by no means an easy task with the comparatively limited stock of machinery then owned by the cempany. In 1883 the Canadian Pacific Railway, then only three years in existence, leased the line just built from Toronto to Perth, reaching Montreal via Ottawa by the old Brockville and Ottawa and the Quebec, Montreal, Ottawa and Occidental Railways. At the same time it acquired the T., G. B. & B. and the Credit Valley Railways, Mr. Preston was appointed division master mechanic by the Cauadian Pacific Railway, and given charge of the newly built and acquired lines in Southern Ontario. He was afterwards given charge of the main line from Port Arthur to Quebec, in additions. In the early part of 1890 ho was promoted to the position of mechanical superintendent over the whole line, cover-WATSON'S COUGH DROPS ditions. In the early part of 1890 ho was promoted to the position of mechanical superintendent over the whole line, covering upward of 6,000 miles. This position he held up to the time of his death. The late superintendent possessed in a great measure the rare faculty of managing and controlling men. The possession of this quality was a fact which largely assisted in his own advancement. Throughout his successful career he was always the firm friend and helper of all younger aspirants to success with whom he came in contact. It can be truly said of him that he achieved his position—passing through the various

The City Solicitor and Railway Solicitor Debating the Proposition- Nothing Can Be Done Until They Decide-No Arrangements as Yet to Resume Running-Mr. Robinson Back and Indignant-He Did Not Embezzle Any thing, He Says.

The L. and P. S. R. situation remains unchanged to-day. Mr. Ivey has returned to town, and in reply to a reporter's query he would only state that at present they had not made any arrangements to resume

had not make they trunning.

WON'T ACCEPT L. AND P. S. TICKETS.

There seems to be a diversity of opinion as to when the lease really becomes annulled. Some seem to think that if the road lies idle 24 hours then the lease ceases

to exist.

Mr. Pegler, the baggageman, was sitting in the office of the "Cities" Road" this morning, and this point appeared to be

PARKER'S DYE WORKS.

We beg most respectfully to say that for many years past we have been the MOST EXTENSIVE DYERS AND CLEANERS IN CANADA, and this position has been maintained by the constant adoption of the latest improvements in Machinery and Appliances for the production of High-class Work, and prompt attention to orders. Many years experience has proved that the best work is most profitable to customers, even though involving in some cases a very trifling addition to the charges made by dyers who sacrifice good work for the sake of low prices.
