KILLED TEACHER? NOVEMBER COLDS

Pupils Said to Have Stabbed Him to Death With Their Pocket Knives.

St. Joseph, Mo., Nov. 23.—Four boys, who for two years have been pupils in the Onwood, Mo., public schools, are pronounced to be murderers, having, it is alleged, stabbed their teacher, John Montgomery, to death with their pocket knives. The quartet are the sons of prominent families. Their names are Virgil and John Miller and Roy and Joseph Bedford. The oldest is said to be under 14 years and the youngest 9 years old.

Professor Montgomery endeavored to enforce the discipline of the school when one of the Miller boys violated

some minor rule. The pupil defied the teacher, and was being soundly thrashed, when the other three boys, it is said, joined in an assault with open pocket knives. Prof. Montgomery was cut and slashed about the face, legs, arms and several times the blades were plunged into his body. When he was no longer able to resist his assailants they are alleged to have continued to use their knives. The other pupils were panic-stricken and fled from school, and it was by this means that several men were attracted to the scene.

THE POSITION OF COL. LYNCH!

His Friends Will Not Ask Him to Sit in the House of Commons.

London Spectator Urges Acceptance of the Monroe Doctrine—Lord Salisbury's Decline—Chamberlain's Health Gives His Friends Much Concern.

London, Nov. 23.—The Irish Nationalists disclaim any intention of exposing Col. Lynch to arrest and a trial for treason by insisting on his attendance at Westminster. They have elected the Boer warrior as a defiant method of making themselves as disagreeable as possible, and incidentally have dispatched the member of the ministry responsible for the policy of killing off home rule by kindness, for Mr. Plunkett will be forced to resign office after his second defeat. The Irish party have scored twice from their own point of view, and are satisfied. They will not risk a government counterstroke in the arrest of Col. Lynch.

Nor is it possible to smuggle Col. Lynch into the commons and enable him to take the oath without observation. It was decided in the Bradlaugh case that a member of parliament cannot administer the oath to himself and thereby obtain immunity from arrest in legal proceedings as a matter of privilege. Lawyers agree that Col. Lynch can be prosecuted as soon as he arrives on British soil, and that the oath must be administered in the presence of the commons. Col. Lynch's election is frankly described by Irish leaders as a convenient and forcible method of emphasizing their irreconcilable hostility to everything English.

Those in the way of seeing Lord Salisbury described him as ageing rapidly, and as displaying little interest in public affairs. His heart is not in his work. He searches in an abstracted manner for the point of leadership, and avoids as far as possible political disturbance and commotion. The friends of Mr. Chamberlain, the colonial secretary, have for some time been concerned with regard to his health. Today Mr. Chamberlain wrote the Handsword School, declining to distribute prizes at that institution because, he said, it is absolutely necessary for me to confine my strength to public work.

THE GERMAN OUTBURST. The coronation robes were displayed yesterday on wicker dummies at the earl Marshall's office, the German speech are the overhanging majority of the German people, and it is asserted that he will give a frank expression of his views if asked in the reichstag. The German outburst has not passed unnoticed in the reichstag. There is no attempt to minimize its significance. Official feeling in this country is one of indifference, tempered by sincere regret, that an international misunderstanding should have arisen owing to a construction being placed on the utterance which it was never intended to suggest.

ANOTHER LETTER FROM MISS STONE.

A dispatch from Sofia says: Another letter from Miss Stone, the American missionary, who has been in Constantinople for some time, has been received. Mr. Dickinson, the United States diplomatic representative absolutely declines to disclose its contents, except to say that Miss Stone and her companion in imprisonment, Mme. Tsilka, are well.

WHOLESALE FLOGGING.

"Shocking accounts have been received here," says a dispatch from

Cracow to the London Daily Mail, "of wholesale flogging of Polish children by Prussian schoolmasters for refusing to learn the catechism and prayers in German at Wroclaw. Such general flogging nearly produced a riot."

TRAFFIC IN WHITE SLAVES.

The St. Petersburg correspondent of the Times says France has invited the other powers to send representatives to a congress to consider means to prevent the "white slave" traffic. It is understood that all the governments have accepted and prepared voluminous reports.

The congress will probably be held in Paris in the winter.

The Russian Government has manifested keen interest in the question, the czar being a strong supporter of the movement to suppress the traffic.

THE BANRIGH RELEASED.

The steamer Banrigh, which was detained this week by the British authorities on the suspicion of being a Boer filibuster, has been released, and will proceed to Hamburg. A member of the vessel's crew is authorized to state that the Banrigh will be used by the Colombian Government as a cable boat.

CABLE NOTES.

A band of Armenian revolutionists, commanded by an individual named Andranik, has seized an Armenian convent in the neighborhood of Muah and is now entrenched therein. The convent is surrounded by troops.

Consul Dickinson has left Sofia, Bulgaria. There is no prospect of settlement with Miss Stone's captors.

As Senor Romero, a journalist, was leaving the Spanish Chamber of Deputies in Madrid, he was fired on by three men. He received two bullets in the head.

DEEP SNOW.

Marquette, Mich., Nov. 22.—In Marquette, Ontonagon, Alger, Roughton and other countries in the upper peninsula snow is from a foot and a half to two feet on the level. It is seriously impeding the work of getting out.

CAUSE OF DEAFNESS

The Most Common Cause Only Recently Discovered.

It has been stated on good medical authority that nine-tenths of cases of deafness are caused from catarrh of the middle ear.

The little tube which leads to the ear from the throat is lined with a sort of cellular structure called the mucous membrane. This membrane is simply a continuation of the mucous membrane lining the throat. When disease of any sort attacks the mucous membrane of the throat it is very liable to extend into the Eustachian tube and up into the ear.

The history of nearly all cases of deafness is like this: A cold is contracted and neglected, other colds are taken, the throat becomes sore and inflamed, which is aggravated by particles of dust and germs from the air. This condition causes the disease to spread into the tube that leads to the ear.

It seems a little far-fetched to say that most cases of deafness are caused from catarrh, but it is certainly true, and anyone who has had a severe catarrhal cold must have noticed how the hearing was affected while the cold lasted.

With catarrh suffers this impairment of hearing becomes chronic and grows worse the longer the catarrh is neglected.

You can cure catarrh and deafness by the regular use of an excellent new preparation called Stuart's Catarrh Tablets, composed of antiseptic remedies which act both on the mucous membranes but principally and most effectively on the blood, eliminating the catarrhal poison from the system.

People whose hearing is defective may think it a little remarkable that a simple and harmless tablet would very often remove the traces of deafness, but when it is remembered that catarrh causes the deafness and that the catarrh is easily cured by the regular use of Stuart's Catarrh Tablets there is no mystery about it.

If you are subject to nasal catarrh or catarrh of throat, bronchial tubes, catarrh of stomach and liver, the safest and most effective treatment is the new catarrh specific, Stuart's Catarrh Tablets, sold by all druggists at 50 cents for full sized package.

Should Not be Allowed to Develop Into Chronic Catarrh—Peruna Cures a Cold Promptly and Permanently.

Miss Anna Rossiter, 467 Norwood avenue, Cleveland, Ohio, writes:

"I have found strength and inspiration in Peruna. In the early part of the winter I caught a cold which seemed to settle all over me, inducing unpleasant catarrhal conditions through my system and producing a general debilitated feeling of body and mind. Four bottles of Peruna restored me to perfect health, and I am thoroughly convinced of the superior merits of this popular remedy."—ANNA ROSSITER.

A Slight Cold May Develop Into Syphilis.

Miss J. Newlove, 25 Rowley street, Rochester, N. Y., writes:

"I suffered with systemic catarrh, had such a tired feeling, faint spells, pain in the back of my head and over my eyes got so I could hardly see. I was getting very nervous so that my hands trembled. I was chilly nearly all the time."

Peruna can be obtained for \$1 a bottle at all first-class drug stores in Canada. "The Ills of Life" which can be secured at all up-to-date drug stores and upon request is sent free to all, gives a short description of all catarrhal diseases. Address Dr. Hartman, Columbus, Ohio, U. S. A.

Gone Up in Smoke.

Peru, Ind., Nov. 23.—The winter quarters of Wallace's show, where the animals are kept, was burned yesterday. The fire started in the elephant house, a barlike structure, and spread rapidly. The animals were all safely removed, but the entire structure was destroyed.

Huntington, W. Va., Nov. 23.—The loss by the burning of the packing house and office of Armour & Co., yesterday, was \$20,000. The Armour plant is located along the river front in the central part of the city, and for a time the entire business was threatened.

Port Colborne, Ont., Nov. 22.—The residence at Sugar Land Point, about two miles west of here, owned by Leonard McGlashan, of the Ontario Silver Company, was totally destroyed by fire early this morning. The occupants are unable to account for it.

THE COLONIZATION ROADS.

Toronto, Nov. 23.—The colonization roads branch of the public works department has decided to inaugurate a new policy in the construction of material will be got out of the woods in the winter, the idea being to expedite the work and consulting the convenience of the settlers. The use of grading machines will be introduced in places where the roads have been opened long enough to render their use practicable.

Distress after eating, belching and nausea between meals are symptoms of dyspepsia, which Hood's Sarsaparilla always cures.

NEW CUSTOMS REGULATION.

Toronto, Nov. 23.—Notice has been received from the customs department at Ottawa that in future exporters must show the ultimate destination of goods they enter. Thus, when goods are shipped to another country by way of the United States, the country to which they are going will have to be declared as well as the United States. Another change in the regulations is that the signature of a witness will be dispensed with.

all the time. During the months I doctored I lost 40 pounds, so I thought I would have to try something else. Peruna was recommended to me by a friend, and I gave it a trial. Now I feel better than I have for years—do not think I could feel any better. I am so thankful I heard of Peruna for it has done me a great deal of good. When I started to take Peruna I weighed about 119 pounds—now I weigh 155 pounds. I cannot praise Peruna highly enough. It has been a great friend to me."—Miss J. Newlove.

Many People Pay No Attention to a Cold Until Catarrh Develops.

Miss Myrtice James, secretary Young People's Christian Temperance Union, writes from 401 River street, Water Valley, North Dakota: "I know that Peruna saved my life and I cannot speak too highly in its praise. Three years ago I caught a heavy cold which settled in catarrh of the head and bronchial tubes. I thought it only an ordinary cold at first and paid little attention to it until the catarrh developed. I coughed badly and was unable to secure a good night's rest. Finally my father read of a cure called Peruna and sent for a bottle. I found that it relieved me wonderfully and so kept taking it for nearly three months, when I was well once more. Peruna has a great number of friends in this neighborhood. It has a good reputation as a catarrh remedy which it well deserves."—Myrtice James.

Catarrh of Head and Throat as the Result of a Neglected Cold.

Henriette C. Olberg, one of the judges of the flag and hemp exhibit at the World's Fair in Chicago; Superintendent of the above exhibit at the International Exhibit at Omaha, June 1, November, 1898; Secretary National Flax-Hemp and Ramie Association and editor of this department in The Staff, Boston, writes from Albert, Lea, Minn.: "I contracted an aggravating cold, having been exposed to the damp weather. Catarrh of my throat and head followed, which persisted in returning, notwithstanding I applied the usual remedies. Reading of the merits of Peruna in the papers, I decided to try it, and soon found that all that has been said of your medicine in such cases is true."

"I am very pleased with the satisfactory results obtained from using Peruna, am entirely well and consider it a most valuable family medicine."—Henriette C. Olberg.

Peruna is a woman's friend everywhere. It is safe to say that no woman ever used Peruna for any catarrhal derangement but what it became indispensable in her household.

Letters From Women.

Every day we receive letters from women like the above. Women who have tried doctors and failed; women who have tried Peruna and were cured.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

"The Ills of Life" which can be secured at all up-to-date drug stores and upon request is sent free to all, gives a short description of all catarrhal diseases. Address Dr. Hartman, Columbus, Ohio, U. S. A.

Ola Cream...

A Popular Cure for Chapped Hands, Chafing, Sunburn, Frosted Face, Salt Rheum and Tender Face After Shaving.

OLA CREAM is a scientific skin food and a most agreeable preparation for the prompt cure of any roughness of the skin.

Unlike Glycerine, Cold Cream, etc., it does not irritate the skin, but soothes, softens and heals.

The peculiar advantages of OLA CREAM consist of its being entirely absorbed at once, leaving no external evidence of its having been used.

It is entirely harmless, and safe to use on the youngest babe or the most delicate skin.

Its power of healing is due to the fact that it becomes absorbed and is assimilated with the fatty layers, fibres and tissues, building them up and giving action to the muscles and tone to the nerves.
