For Camp

Clark's Canned Meats and Clark's Pork and Beans are perfect in quality and reasonable in price.

W. Clark, Montreal.

AARON HALLE ELECTROCUTED

New Yorker Who Murdered Sweetheart Pays the Death Penalty.

Ossining, N. Y., Aug. 5.—Aaron Halle was put to death in the electric chair in Sing Sing prison yesterday for the murder of Mary McCarthy, whom he shot and killed in a New York department store, May 17, 1920. The electric current was applied at 6:03 a.m., and seven minutes later Halle was pronounced dead.

Halle, who was a bartender, killed his sweetheart because she had refused to marry him. He sought her at her work for a final interview. He was seen to whisper to her and she replied: "No, no." Then Halle drew a revolver and fired several times. After she fell he calmly awaited arrest.

The case was carried on technicalities to the United States Supreme Court. A final appeal was made to Governor Odell for a commutation of sentence on the ground that Halle was insane at the time the crime was committed, but the application was denied.

The way to regain your health after sickness is to take Hood's Sarsaparilla—it tones the whole system.

1069 Above Zero.

Wichita, Kan., Aug. 5.—The temperature yesterday was above the 100 mark. There have been no hot winds to injure the corn, but a continuance of such heat without an early rain will cut down the yield materially.

FLY KILLER

DEATH'S DOINGS

Demise of a Devoted Minister—I. C. R. Official Passed Away.

Ottawa, Ont., Aug. 5.—Dr. William H. Klock, one of the leading physicians of the capital, died yesterday at the age of 41.

Pittsburg, Aug. 5.—Theodore R. Hostetter, one of Pittsburg's wealthiest men, is dead of pneumonia in New York. He was a son of David Hostetter, Pittsburg oil and gas magnate.

Halifax, N. S., Aug. 5.—James Kelly, assistant traveling passenger agent of the I. C. R., died here yesterday after an illness of only a few days. He was about 48 years of age, a native of Ireland, but a resident of St. John, N. B., for many years, where he leaves a wife and family. He was at one time provincial grand master of the Grand Order of United Brethren, and a deputy grand lecturer of the Grand Lodge of British North America, and was well known all over Canada.

Baltimore, Md., Aug. 5.—The funeral of Rev. Jacob Weiler, an aged Dunkard preacher, took place at Hancock, Md., yesterday. He had been pastor of one church in the village for more than 40 years, during which time he never accepted a salary or other compensation, and never took a collection on Sunday. He married more couples and baptized more people than any other Dunkard preacher. He was an orator of unusual gifts. It is said he never wore a cravat in his life.

A Vanderbilt to Wed.

Newport, Aug. 5.—The engagement of Reginald Vanderbilt and Miss Catharine Gebhard Nelson was formally announced yesterday by cards sent out by Mrs. Cornelius Vanderbilt, mother of the young man, and by Mrs. Frederick Nelson, mother of the prospective bride.

Winnipeg's High Tax Rate.

Winnipeg, Man., Aug. 5.—As the net estimates for the city of Winnipeg now stand the total amount to be raised is \$686,170.54. The rate of taxation proposed is 24.32 mills on the dollar. The rate will raise \$682,738.42. Council will therefore have to prune their estimates by the amount of \$3,432.12, or make a slight increase in the rate. The gross estimates amount to \$213,220.27, but of this amount \$217,199.73 is raised by revenue from water rates, licenses, fees, etc., other than taxation. The total amount expended last year was \$825,451.28.

FOOD BY CARLOADS THE LIFE OF ANTHRACITE COAL STRIKE

Tons Distributed Daily From the Relief Stations.

ASSISTANCE IS SYSTEMATIC

Strike Has Cost Over \$65,000,000—Now in the 12th Week—Trouble at Fernie Mine Settled.

COST OF THE STRIKE.

Wilkesbarre, Aug. 5.—At the end of the twelfth week of the strike the estimated losses and costs are as follows, a new item being added, the cost of the troops now being paid, at the rate of \$5,000 a day:

Loss to operators in price of coal	\$29,500,000
Loss to strikers in wages	13,500,000
Loss to workers made idle	3,600,000
Loss to business men in coal regions	9,500,000
Loss to other business men	5,500,000
Cost of maintaining police	700,000
Cost of maintaining non-union men	275,000
Damage to mines and machinery	2,500,000
Loss by local mills strike	100,000
Cost to state of placing troops in field	15,000
Total	\$65,190,000

Charleston, W. Va., Aug. 5.—Supplies are being regularly issued to the men on strike throughout this mining district, from four different stations, Montgomery, Cedar Grove, Sewell and Glen Jean. These are the central points and to them the miners and members of their families flock, to go home laden with the necessities of life. Bacon, flour, meat, beans and canned goods are given out.

Four carloads are sent each week from Cincinnati to Montgomery; four to Glen Jean, and two each to Cedar Grove and Sewell. Regular commissaries are set up at each point, presided over by a storekeeper.

Chris Evans, secretary of the Mine Workers of America, is the general purchasing agent for this section, and it was put in evidence in the contempt trial that he paid \$5,000 for the supplies bought in Cincinnati.

STRANGE SCENES.

The distribution of these supplies furnishes picturesque scenes in the small mining towns where the commissaries are located. Receptacles of all kinds are used by the men, women and children, from the old style carpet sack to the granite tea kettle, fresh from the hands of the maker. The leaders claim that they have ample resources to supply a living for all those on strike from now on.

The taking of testimony for the defense in the contempt cases against the strike leaders has been completed before Judge Klock, who continued the cases until Aug. 12.

In releasing the defendants on their own recognizance the judge called their particular attention to the commissaries between their individual actions and their actions as members of an organization sitting in a body, and warned them that they must strictly obey the injunction until after a final decision. His address is supposed to foreshadow his final decision, which, it is thought, will be that the leaders are at least guilty of contempt.

"Different conditions make a difference in the rights of all of us," said Judge Klock, in his warning. "There are times and reasons; there are places and occasions under which and at which we may do things that under different circumstances, at other places and under other conditions, we may not do. A small assemblage of persons seeking peacefully and peaceably to gain a living for themselves and their families may do things which a large body of men, with ostensibly the same purpose, have no right to do, for the reason that that body cannot be controlled by one man who has rights that must be respected."

"Now, under ordinary circumstances, the question of the men assembling together for what to them is a lawful purpose, has little to do with the rights of other people, but under conditions like these, which have been created by the strike, it is different."

You Are Weak Instead of Strong

A WEAK, PALE, DESPONDENT SPECIMEN OF HUMANITY, LACKING IN VIGOR, STRENGTH AND AMBITION.

Make Yourself a New Being—Re new, Revitalize, Reinvigorate Your Lost Strength.

You're a discouraged, weak, miserable wreck—old before your time. Instead of a place of peace and happiness the world is full of strife, worry and distress.

You are sick and not aware of it, just able to drag yourself around, but totally incapable of exertion or hard work.

Your stomach is crying out for assistance. Hadn't you better give it some Ferrozene?

Your nerves require a good bracing tonic, and the best thing for them is Ferrozene. Why don't you give them a sovereign remedy? It is intended for cases just like yours.

Ferrozene is superior for the blood and nerves to any curative agent the world has ever known. Its recuperative powers are beyond description, as a trial will demonstrate. With the use of Ferrozene comes strength to overcome the difficulties and battles of life. Digestion and assimilation will improve, appetite will grow better. You will sleep soundly and presto—before long you will be healthy, strong and well.

These blessings are all obtained by the regular use of Ferrozene, which can be purchased at any reliable drug store for 50 cents, of three boxes \$1.25. Sent by mail to your address if price is forwarded to M. C. Polson & Co., Kingston, Ont.

shown to exist at the present time, people are more or less disturbed, that reason it behooves men, whether there be no injunctions or whether there be no injunctions, whether there be no trespass notices, or whether there be no trespass notices, it behooves men at a time like that to give no occasion for suspicion of their good intentions."

TIN MILLS IDLE.

New Castle, Aug. 5.—The Shenango plant of the American Tinplate Company, the largest tin plate mill in the world, has shut down for an indefinite period. The Green mill, of the same company, next largest in size, will shut down next week. None of the officials of the big plants can give any information as to how soon they will resume.

The Shenango is a 30-mill plant, while the Greer mill is 20 mills. Only the hot mill department of the Shenango closed. The tin house will operate for some days on unfinished work, but the entire establishment will be closed within two weeks. About 3,000 men are employed in the big mills. The shut down of the Shenango mill follows the action of the men employed there in voting last Saturday to refuse the proffered reduction of 25 per cent on export orders. The workers are greatly incensed at the shut down, claiming it is in retaliation. The local management says the shut down is due solely to the stagnation of the tin market.

Marion, Ind., Aug. 5.—The Marion plant of the American Tinplate Company, employing 600 men, has been ordered closed on account of the refusal of the workmen to accept a reduction of 25 per cent in their wages during the filling of a big order for the Standard Oil Company.

Word was received from the national headquarters of the organization in Pittsburgh, that orders had been worded probably go out from the combine offices closing every one of its plants at which the workers rejected the reduction.

UNEASINESS.

Shenandoah, Penn., Aug. 4.—While the situation in this region is calm, the troops encamped here showed more activity today than they have on any day since they were ordered to Shenandoah. There was nothing on the surface to indicate anything, yet there was a feeling of uneasiness which caused the commanding officers to increase their vigilance and hold the soldiers in a state of preparedness.

The greater part of this vigilance was due to the funeral of a brother of Jos. Beddall, who died as a result of injuries received in Wednesday's riot, took place today. Beddall is a brother of Deputy Sheriff Thomas Beddall, who was one of the principal figures in the fight, and a nephew of Sheriff S. R. Beddall. These men attended the funeral, and the fact that there were many rumors about them that they would be attacked.

These stories reached brigade headquarters, and the commanding officer decided to take every precaution possible to prevent any untoward incidents while the funeral was being held without a guard. A platoon of the Governor's troops was stationed on one of the town's principal streets, near headquarters, and one battalion of the Twelfth Infantry was held in readiness in camp to march on short notice. Provost Marshal Farquhar also kept a watchful eye on matters with a detail of men. The funeral services were held at William Penn, a mile from here. When the body was escorted by the Shenandoah Lodge of the Masons, Order to Shenandoah, and through the principal streets to the cemetery, which is located on a mountain north of the town. A large crowd lined the sidewalks, the great majority being striking miners. Nothing occurred to disturb the funeral, and after it was over the cavalry was withdrawn from the town.

Company H, of the Twelfth Regiment, was placed on duty at Indian Ridge cemetery of the Philadelphia Reading Coal Company, near the foreign quarters. This was done so that a town constable could be assisted in case the crowd became unruly. The funeral services were held at William Penn, a mile from here. When the body was escorted by the Shenandoah Lodge of the Masons, Order to Shenandoah, and through the principal streets to the cemetery, which is located on a mountain north of the town. A large crowd lined the sidewalks, the great majority being striking miners. Nothing occurred to disturb the funeral, and after it was over the cavalry was withdrawn from the town.

WINDOW GLASS WORKERS.

Pittsburg, Aug. 5.—The executive board of the Window Glass Workers' Association, L. A. 209, of L. A., has adopted a resolution declaring that no scale of wages shall be given to any firm or set of workmen for the blast of 1920-1921 until a majority of the clients operating under the scale decide to start work. All workmen and companies, the resolution declares, shall accept this as their final answer as to the time fixed for resuming operations, and no member or member who start to work before such time will be by such action outside of the organization.

SETTLEMENT AT FERNIE MINES.

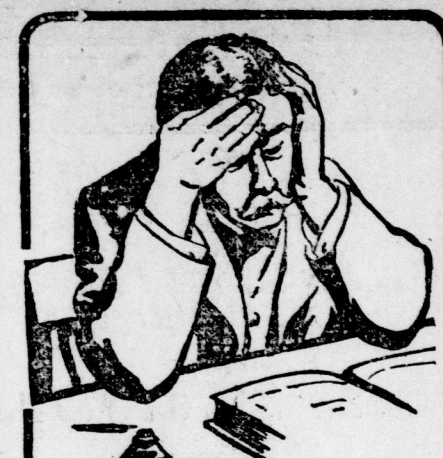

Toronto, Ont., Aug. 5.—A dispatch to Mr. Elias Rogers, managing director of the Ontario West Coast Coal Company, states that the strike at the Fernie mines has been satisfactorily settled and the men are returning to work. This applies not only to the mines at Fernie, but also to Michel, where a sympathetic strike had been ordered.

DRIVEN FROM THE CARS.

Canton, O., Aug. 5.—The strike of the employees of the Camden Interstate Railway almost completely tied up the lines from Guyandotte, W. Va., to Hanging Rock, Ohio, and intermediate points. In seven hours all the non-union men were driven from the cars in this city by violence. At noon James Sanders, a union man, who refused to quit, was taken from his car and dragged towards the Ohio River. On promising not to resume his car he was escorted home in a roundabout way to escape the crowd. This help held up all over the city until noon, when traffic was suspended. The non-union men are also afraid to run through crowds at Cattleburg and Ashland, Ky., and other points in the Kentucky and West Virginia side of the Ohio River. The Ironport strikers ran cabs and secured more passengers than the street cars, women who chose that conveyance in preference to street cars being cheered by the crowds.

Rabbi Joseph's Successor.

Philadelphia, Aug. 5.—Bernard L. Levinthal, for 11 years chief rabbi of the Orthodox Jews of Philadelphia, has been elected to succeed Chief Rabbi Jacob Joseph, of New York, as head of the Orthodox Jews in the United States. The position was made vacant by Rabbi Joseph's recent death.

Headache.

Pain across the forehead or at back of head is dangerous. It slowly but surely weakens the intellectual powers, impairs the vitality and will. Headache is sometimes from the eyes but more frequently is caused by a disordered condition of the stomach and digestive organs. Do not suffer. The pain can be cured by the harmless remedy

Abbey's Effervescent Salt

It never loses its effect. Cures by driving out the poison, and does not simply deaden the pain as do so many preparations containing narcotics. Abbey's in the morning will make you well and keep you well.

Low Fares in Cleveland.

Cleveland, Aug. 5.—The circuit court has dissolved the injunction recently issued by Judge Caldwell, restraining the city council from granting public service franchises, especially those giving the low fare street railway company the right to use the streets.

Mayor Johnson fought the injunction suit, and as a result of his victory today the low fare lines will probably be constructed as soon as possible. Judge Marvin, who read the decision of the court, said in part: "The council is conclusively a legislative body. A legislative body is one that has the power to enact laws. This court is not authorized to enjoin a legislative body from performing legislative duties."

Poor Girl, Pity Her

Growing! Yes, into weakness, but not strength. Studies—plenty of them. Tired, of course she is, and weak, too. Does not get enough, and digests far less than enough. The condition is so frequent that few seldom noticed even by fond parents. Give her Ferrozene, then watch her appetite improve, her cheeks and lips grow ruddy, her step elastic, her spirits buoyant. All this simply the result of eating and digesting enough, making blood, and thereby strengthening the nervous and brain power. Ferrozene gives a woman's strength to weak girls. Your daughter of wife needs Ferrozene. Get today at W. T. Strong & Co's.

Boys Wanted

Boys and young men with the right sort of training are wanted in every business and profession.

An education that will thus fit them is to be obtained at this residential school. Address A. L. McCrimmon, M.A., Principal, for Calendar.
