Several Offers Made.

As a matter of fact the Hamilton baseball club has several offers before it from men who knew that this was Lee's last year and that he and President Johnny Burns were anxious to sell their interests. One of these, and the one that looks best from a Hamilton standpoint, comes from Jas. J. McCaffery, president of the Toronto International League club. He suggests that a stock company be cure sufficient stock in the club to warrant it being a farm for the Toronto club, and that Eddie Holly, the Toronto shortstop, be appointed manager. This looks were nice from a local view, and it shortstop, be appointed manager. This looks very nice from a local view, and it would be better for all

Since that time he has had an offer from two Toronto men who have great confidence in Hamilton as a baseball city under different conditions than in the past three years, and he is seriously considering disposing of it at the figure offered him However, there is one Hamilton man who would take over part of the club at a reasonable figure, and he will be given his chance before any move is made in the matter.

However, despite the fact that the club did not make a barrel of money, it did not do so bad for a sixth place aggregation, and there is little doubt that Hamilton is a good ball town when it has a ball team to cheer for. With the Toronto club in control and Eddie Hony at the helm, it would be an easy matter to get a ball team. Under these conditions London and Ottawa would have nothing on this city as far as attendance goes.

ONCE WAS A SPEEDY GUY. Tom Banuon tells a funny story on Par Tom Banuon tells a funny story on Pat Flaherty. It was in 1901, when both men were playing at Brooklyn. Flaherty was at first when Tom hit the ball to deep left. Bannon stuck his head down and made for first. He looked up and was sure he could make three bases. He made third by a nice slide before the ball. The umpire yelled that he was out and Bannon immediately started an argument, "You passed a base-runner," said the umpire. And sure enough. Flaherty was on second. After the inning Pat told Bannon that he stepped on his foot when he was rounding second.

MURPHY'S RECRUIT WAS A MAN OF "SOME SPEED."

Chubby Charles Murphy oozed enthus ism from every port.
"I've got a player that \$50,000 can't ouy," he gurgled.
"Who? Eddle Stack?" asked someone

"No, not exactly," replied Murphy. "I mean Cy Williams, He bats harder, runs faster and thinks quicker than Ty Cobb or Tris Speaker, I would not trade him for either of them."

did Cobb, but Lajoie never has appeared in the baseball classic.

In over seventeen years on the diamond Lajoie fell below .300 in hitting only one season. He has been the greatest hit-and-run man in baseball.

"There is only one way to fool him." Eddie Plank once said: "Throw the ball over the grandstand." Lajoie makes up his mind what pitched effort he will hit, and bits it. Sometimes the pitcher has and hits it. Sometimes the pitcher has the same hunch Larry has, and even then the Frenchman is likely to hit a itchout safely into right field.

Lajole is about done. He cannot last auch longer, and it would be a grand finish to a great career to become the hero of a world's series.
