JUDGE DISMISSES SUIT AGAINST TORONTO MAN

No Evidence of Malice, States Justice Lennox in Disposing of Ellwood Case.

TORONTO, May 18.—The action of De Witt Ellwood of Dade County, Florida, for $50,000 from Abraham Rosenthal, Toronto jeweler, for malicious prosecution was withdrawn from the jury and dismissed by Mr. Justice Lennox in the assizes today.

"There is most abundant evidence of good faith, and there has been no evidence of malice," said his lordship. "I have already given my opinion of the standing of the defendant Crowe in the case—he is merely a witness."

Counsel Agar drew attention to the fact that the suit was also for libel, as well as for malicious prosecution.

"The defendants have no responsibility for libels printed, unless it can be shown that they authorized the publication of the libel," replied his lordship.

The question of costs was reserved.

THREATENS TO OVERTURN CITY

Kitchener Crank Demands Early Revocation of Daylight Saving Bylaw.

Writes About 'Dynamite,' 'Red Flag' and '5,000 Armed Men.'

KITCHENER, May 18. — In the short space of 24 hours Mayor Greb has received two letters from "G. B. Hull," which the local police believe to be a fictitious name, the first threatening dire calamities to the city if action is not immediately taken to revoke daylight saving time in the city, and the second couched in terms of apology for the first and asking the mayor not to give publication to the first threatening missive.

The mayor and the chief of police are somewhat mystified in the matter, and although every effort is being made to get trace of the writer of the two letters little success is expected in that direction.

Thought Work of Crank.

The thought uppermost in Mayor Greb's mind, as he put it today, is as to whether the letter of apology is in the way of a blind to put the authorities off their guard or a sudden change of mind on the part of the writer, who has come to realise the seriousness of the crime he has committed by putting such a letter through the mail. Mayor Greb stated that he does not know whether to take the matter seriously or to treat the whole affair as the demented action of a crank.

The threatening letter which the mayor received last night and which he kept from publication until today stated that the writer was the leader of an organization which comprised 5,000 men in Kitchener and who were armed with guns and dynamite, and were prepared to fly the red flag over the city within a week after first getting the homes of the aldermen and the mayor and destroying stores and factories throughout the city.

Judging from the context of the two letters, they were written by a person of a rather low intelligence. They show a lack of grasp of the elementary principles of the language, and are a genuine sample of illiteracy.

Party Not Interested.

George Lockhart, well-known leader of the workers' party of this city, which has held various but orderly open-air demonstrations of a socialistic nature, stated that the letters have not emanated from any of the members of the organization of which he is a leader.

URGES JUVENILE ACT BE ENFORCED

Judge Mott Address Children's Aid Society At Toronto.

TORONTO, May 18.—"It is my earnest request that the officers of the Association of Children's Aid Societies of the Province of Ontario take immediate steps in their municipalities to put the juvenile delinquency act into effect," said Judge Mott of the Toronto juvenile court, in an address this afternoon before the annual conference of the Children's Aid Societies now in session in the King Edward Hotel.

"You have no idea how important it is to the children of the future generation. You probably do not know that it is only enforced in a very few cities in Ontario," he continued, "and the only reason it has not been enforced is because no effort has been made on the part of those living in these municipalities to get it. This is because they do not know how very important it is," and he went on to tell of its importance.

In his address the president of the Association of Children's Aid Societies in Ontario, Rev. D. M. Wright of Stratford, advocated the appointment of a paid secretary under the direction of the children's aid whose duties would be to visit every part of the province and gather all the information possible from each district.

The treasurer, J. L. Axford of Brantford submitted his report for the past year. Receipts, he said, totalled $1,313.83, while disbursements amounted to $1,123.09, leaving a balance on hand of $250.39. Personal contributions have increased over last year, while the number of societies also increased materially.

Unclad Nature Lovers To Battle Wilds To Prove Primitive Life Is Possible

BOSTON, May 18.—Entering the Maine woods naked without food or weapons, Mr. and Mrs. Carl A. Sutter announced here today that they will prove that they can live an absolutely primitive life for six weeks.

Sutter, who is 27, and his wife, a slight but strong young woman of 23, have picked the wildest part of North Central Maine for their experiment.

Their first problem, in view of the coldness of the climate, will be to make themselves clothing from the inner bark of certain trees. Fish and game will be caught with crude implements of their own manufacture.

The area selected is uninhabited and abounds with various wild animals, but the pair of nature lovers, skilled in woodcraft, scoff at the suggestion of danger.

If they can live in the woods six weeks, they contend, it will be proof that man can return to primitive conditions and live so indefinitely.

SEE PHENOMENON IN VIRGIN ISLANDS

ST. THOMAS, Virgin Islands, May 18.—For some days past an unusual atmospheric phenomenon has been observed here and one other of the West India Islands. The air has been dense and hazy, a heavy, dusty mist apparently consisting of very light particles of matter, falling continuously. The visability has, in consequence, been very indistinct.

The phenomenon is supposed here to be of volcanic origin, but all of the volcanoes in the West Indies are reported as quiet.

NORTHCLIFFE SEES JAPANESE MENACE

LONDON, May 18.—Lord Northcliffe told the Australian and New Zealand Luncheon Club in addressing it today that he wanted to be very frank about the Japanese menace to Australia.

He said that none who realized how the Japanese were getting nearer and nearer to Australia, and how fast was the natural increase in population among the Japanese would fail to understand that a country like Australia, which was practically empty, was in great danger.

"The Japanese," declared Lord Northcliffe, "are the Germans of the East, perpetually burrowing, working, propagandizing, emigrating and spying all over the world. They are busy penetrating North America, and they are casting covetous eyes on the British dominions."
