# BEER DEFEATED

Sale by Glass Under Government Control Is Strongly Rejected.

#### LIBERALS RETURN

Canadian Press Despatch.
Victoria, B.C., June 22 — According to a report in government circles and among close friends of Hon. John Oliver, the premier intends to retire from politics following his defeat in Victoria on Friday.

Canadian Press Despatch. Vancouver, June 22 .- By an apparently decisive popular vote, electors of British Columbia have registered their disapproval of the proposal for the sale of beer by the glass under government control. The plebiscite returns while not complete show that the proposal was rejected in all of the larger centres, including Van-couver, Victoria, New Westminster couver, Victoria, New Westminster and Kamloops. While the plebiscite was taken with

the understanding that the principle of local option should apply, the government reserved the right to use its own discretion should it appear that there was a popular feeling against it. Under the circumstances it is regarded as extremely doubtful if the sale of beer by the glass will be granted in such scattered communities as registered a favorable vote vesterday.

Returns from the rural constit-encies were far from complete at late hour this morning, and it is that he hour times morning, and it is doubtful if definite results will be known before Monday.

Official figures for Vancouver show

the beer proposal to have been de-feated by a majority of 1,109, and
