Continued Anti-Foreign Agitation Causes Businessmen To Go To Hong Kong.

Associated Press Despatch.
Canton, July 8.—Continued anti-foreign agitation started an exodus of Canton business houses today to the British settlement of Hong Kong, 95 miles distant. Predictions were made that hostilities would last six months.
The controlling Chinese government has issued orders forbidding anyone to accept foreign currency, and assumed control of the post-office for censorship purposes.
As a precautionary measure, foreign gunboats are proceeding to waterway approaches. Canton to convey ships carrying passengers. Strikers are still receiving foodstuffs and money from abroad. A double guard has been placed at the residence of the British consul-general.

Ingersoll, July 8.—John Patience, 15-year-old son of George Patience, near Thamesford, has been missing since Thursday of last week, and a vigorous search has been instituted.
The lad was at home on the evening of July 1, and is believed to have departed early the following day. PASSENGER BUS TAKES FIRE AT GAS STATION

Blaze Extinguished Before Firemen Arrive—Upholstery Damaged.

While taking in gasoline at the Supertest gas station, 362 Dundas street, about 9 o'clock last night, the passenger bus owned by Roy Venner, 103 Oxford street west, and operated in South London, suddenly burst into flames, endangering the gasoline station and surrounding buildings.
The origin of the fire is unknown. A general alarm was turned into the fire department, six trucks responding. The blaze was extinguished before the engines arrived on the scene. Damage was done to the upholstery in the bus.
Operations were suspended for the night after the blaze, but Mr. Venner expects to have the transport resume services this morning.
