After the paper, Miss Gaudin, of the Victoria West School, sang "The Better Land," and was recalled. The next paper was by Miss Edmison on "Ideals." No measure of justice could be accorded it in a short synopsis. The paper drew out much favorable discussion from Messrs. Campbell, Norcross, Mandson, Buchanan, Pullen and Ellenwood.

After the discussion of the paper, the Misses Christie favored the institute with instrumental music.

not make a contract, because Harris had not assented thereto in writing, and thus all the surrounding conversations became admissible, and therefore the alleged agreement set up by Harris to pay for expenses and time in case of no sale, was to be treated as a separate and independent contract for which the plaintiff was entitled to sue. Harris in plaintiff was entitled to sue. Harris, in his statement of claim, relies on his ap-pointment as agent under the documents of the 18th September, 1890, and he alleges that he went to England in October, 1890, in pursuance of such appointment. This is hardly consistent with the present contention that the contract was not accepted and acted upon.
