THE pursuit of literature... mind, it does not frequently understand a nation and prejudice politics in the habits, instilling the body politics, deserv to express the country those tendencies as the material and social great politicians have of letters.

Many literary men... failures, or at least success in politics, or as politicians. Look John Stuart Mill an might add Edmund whose fame as an all obscured his compe politician. I believe contained in the following Hallam's: "These reasons are always a without a great revolution about. A persuasion falsehood, in which converges to the age and an exaggerated or semi-dissipated social inference prevent some particular cases; away mankind, not with all its limits and scope as one of the measured areas of the heart and renders men cautious and scrupulous in their them for revolution.

This explanation do well to Lord Macartney man was ever more "persecution of some of which every circumst the same effect on the Thomas Babbington, once the passage of mind, but the result and isolated intelligence possessed the necessary power of ideas, which is, in the words of the poets. The history of literature and although it is so the book that I do not from a literary and relation between the history and the characters men illustrate very e literature in fact. Luth politician in his perso and unconscious history movement outside was the typical is lost sight of in the of the leader, and nothing to lead into Braemar disliked the Reformed Church rather did those of the Church.

The question as betw literature affects the discussed by Lord one of his letters, before whom the two and politics lie open, hope for emicence in choose public and seems to me madness. health, leisure, peace friendship and conver calous will not be a side is almost cert anxiety, constant man may have been soon as he engages in a cause, men soon become the discipline which is it is very severe. compare the life of G North to that of Gibbon Catham to that of Job not look back on the life passed in ruling his hen political relations we in the composition of s durable work? Who ca tates to Atticus and not
