PERKINS Wonderful Cares by Dr. Wash Second stage, bordering on the third.
Dr. Washington, 78 McCaubstreet. Toronto:
DEAR SIR.—This is to certify that I was in a
very critical condition. I was a sufferer for
fully nine years. I was troubled with a bad
cough and bleeding of the lungs, at times being
very bad and bleeding as much as a pint. My
disease had all the symptoms of consumption,
and I was in a very losing condition. I am
pleased that I met with Dr. Washington of
Toronto. It is a miracle to myself as well as to
others that I have been so fully restored to my
health. I was under his treatment since the
tith of January, ISSS, and now consider myself
unred of the disease. I feel no hesitancy what
ever in recommending Dr. Washington to
everyone who may need his services. I shall
be very happy to give full particulars to any
person who may bedesirous of any information
on the subject.

yours very gratefully,

N.B.—Peter Wice was recommended to me by the Rev. John Wesley Savage, Methodiet minister, then of Stroud but now of Bond Head, and can substantiate every word of the testimonial. Write either of them or both. It is right that the people should know how insonely absurd the contention of the Medical Council, viz: "That advertising the symptoms of a disease causes people to imagine that they are affected and causes them to take treatment, which causes suffering.
