OF THE CHEST.

Sir Astley Cooper, Bart.
M. D.

THE EMINENT MEDICAL PRACTITIONER, HAS LEFT A
VALUABLE LEGACY TO THE WORLD IN HIS
Great Preventative of Consumption,
AND

UNFAILING CURE FOR PULMONARY DISEASES
WITHOUT THE USE OF MEDICINE.
SIR A. C. COOPER, Bart. invented and advised the use of the
MEDICATED FUR CHEST

PROTECTOR.

To all persons (of all ages and conditions), a
certain and a safe shield against those
feared diseases, Consumption, Bronchitis,
Asthma, Coughs, Colds, and other afflic-
tions of the Lungs, which arise from the ex-
posed state of the chest, according to fashion,
and the continual changes of our climate.
The Protector is simply a chemically pre-
pared fur, lined with silk and padded, which, sus-
pended from the neck, covers the chest, in so a-
manner, that, once worn, it becomes a
comfort.
