A TERRIBLE CALAMITY!

Slaughter of the Innocents.

Nearly two hundred children slaughtered to death.

LONDON, June 17.—A terrible calamity involving the death of one hundred and seventy-eight children occurred in the town of Sunderland, in the County of Durham, last evening. From details thus far received, it appears an entertainment had been given in Victoria Hall by a conjurer, which was attended almost altogether by children, hundreds being in attendance.

The result was a great number were pushed down, trampled on and suffocated. No effort could stop the rush of the afflicted children. They came on pell-mell, and soon 178 of them were knocked down and suffocated by the others trampling upon them.

The greater number of the bodies which were badly mangled from the trampling, and laid seven or eight deep. Many of the victims, and others were found to be bleeding from the forehead, nose, mouth, and ears, showing the terrible nature of the struggle.

The recovery party officers were directed towards rescuing the children who were apparently alive, but so tightly were they jammed together that it was regarded miraculous to drag them out of the hopeless mass lest the effort would result in pulling off the limbs of living children as well as mauling and maiming them.
