## WHAT WILL IT COST TO HAVE A GOOD WELL DRILLED ON MY FARM?

That is what you want to know. Will it cost half the price of the farm or will the cost of the well be in proportion to the value of the farm. This is the vital issue. Size of bore hole and price per foot are secondary matters. The more you investigate, the more certain you will be that our record for both good and cheap wells has not been equalled.

**29 Wells Drilled in Annapolis Co., The Average Cost Of Which Is ONLY \$135.00**

That's our record for last year. Yes the jobs were small, but the volume was satisfactory and its volume we're after. Our machinery is now at Beconsfield; just finished a well for Alden Feindel, Cost \$145.00.

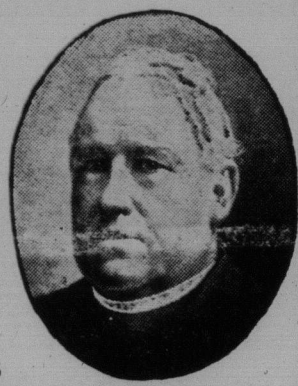

Write us if you want a Good, Cheap Well.

ANNUAL HARVEST FESTIVAL, ST. MARY'S CHURCH, BELLEISLE.

A devout congregation which filled the church, the sacred edifice fittingly adorned with "flowers and fruits of the earth," a hearty service and a soul-stirring sermon.—These were the outstanding features of the annual Harvest Festival held in St. Mary's Church, Belleisle, last Sunday afternoon.

The opening hymn was—"Praise to God, immortal praise," sung to the stirring tune "Mounland," arranged by T. B. Wilkes, then followed the service conducted by the Rector, Canon Underwood, proper, with special Psalm and Scripture lesson. Other hymns sung were: "We plough the fields, and scatter the good seed on the land," and "Oh Lord of Heaven, and earth and sea, To thee all praise and glory be."

The preacher for the occasion was the Rev. G. Osborne Troop, who took as his text—verse 1 of the 103rd Psalm. As are all Canon Troop's discourses, this sermon was deeply spiritual and will long be remembered.

The service in St. Mary's next Sunday, will be in the morning at 10.30. Canon Troop will again be the preacher.

At a late hour, the party of over fifty guests broke up, wishing Miss Clara many happy returns of the evening.
