### Joker's Corner.

Charlie, the popular Syrian pedlar, who makes his home iff Truro, and is now well known throughout Central Nova Scotia, had a novel experience when he first came to this country several years ago. Becoming weary he placed his pack on the side of the road and sat down beneath a tree. Scarcely had he done so when black animals coming toward him. ing grunts. Charlie picked up his pack and hurried on to the place he was stopping at, fearful that the animal that went going to investigate they found it to none in his country, and that he believed it was the d-l, and that he was shooting in self defence. Thousands of weary toilers have praised God for PSYCHINE, the Greatest of Tonics, and many were on the verge of decline before they heard of it. But no matter how far gone, PSYCHINE has proved their friend and wrought deliverance. PSYCHINE goes to the seat of the trouble, and while it is creating Rich, Red Blood, it attacks any diseased parts of the Throat, Lungs, Chest and Stomach.
