

## Buy the Turbine

- I. That gives the greatest power per diameter and has the smallest percentage of waste effort.
- II. Whose tests have been made in the Holyoke testing flume, with a record exceeding 80 per cent. at less than full gate, the largest wheels averaging more than 80 per cent. from half to full gate.
- III. That will give you the largest return for your expenditure ; in other words, compare the horse power with the price.

There is only one Wheel which fills the above specifications. It is the
