BLESSED ALTAR STONES. The very interesting ceremony of consecrating altar stones for uso in the Catholic churches of the Archdiocese was performed last Thursday morning by Archbishop O'Connor, assisted by Very Rev. J. J. McCann, V.-G., Rev. Dr. Treacy and the priests of the Archdiocese. The ceremony is very long, commencing, as it did, at eight o'clock, and ending about twelve, during which time His Grace consecrated twnety-slx stones and said Mass. These altar stones, or tables, upon which the Sacrifice of the Mass is offered, will be used in churches and chapels now in course creasing popularity.-Toronto World. of erection in the Archdiocese of Toronto, including two in the city-St. Francis, at the corner of Arthur and Grace streets, and the Holy Family, at the corner of Close avenue and King streets. Also one for the town of Whitby. The first stone consecrated was placed in the main altar of

Lynch. The evening before the consecration takes place the Archbishop prepares the relies to be enclosed in each altar stone to be consecrated, putting them into a fitting case, together with three grains of incense. He also puts in a small strip of parchment. upon which is inscribed the date, the name of the Bishop performing the ceremony, and the names of the martyrs whose relics it contains. These cases are placed in what is termed the sepulchre, and cemented over. The stones are also blessed with holy chrism and the holy oil of Catechumens. Incense is also burned upon the stones during the ceremony. The altar stones are about 12 inches by 24, and are placed in the centre of the altar upon which the Sacrifico of the Mass is offered, in fact, Mass cannot be celebrated unless the relics of the martyrs are upon it. While the Archbishop is blessing the stone he makes the sign of the cross on the four corners, saying as he does so: "Maythis altar be hallowed in honor gin Mary, and of all the saints and Rhine. of the Son and of the Holy Ghost. Peace be to thee."

A WONDER OF THE AGE. Once upon a time a man ventured the prediction that the time would come when a person, in order to were: Mr. Justice Curran, father, and have a letter written, would only the five brothers, Mr. C. K. Curran, have to speak into some sort of a Mr. F. J. Curran, Dr. Thos. Curran, machine and the letter would be printedas he spoke, and the world he lived in scoffed at him and set him down as a fool. But time has proved that it was the masses who deserved to be scoffed at, for at the Underwood Typewriter display in the first gallery of the main building at the received by the pastor, Rev. Martin Exhibition the remarkable prophecy is seen in its fulfilment. There a person can stand in front of a machine,

The receipts were very heary, but the market was in shape to absorb a race amount of atms, and there was no dragging. Even the rough to common stock found buyers, and the medium to good grades were easily sold. For about in hour there was a great jam at the weigh scales, and the officials were apperently smaller to weigh the cofficials were apperently smaller to weigh the cofficials were apperently smaller to weigh the cottle as quickly as the sales were made. Prices showed no change, although the wasts of all buyers were fairly well satisfied hefore the market closed. A few more loads of firstrate stock would have been taken up if they had been effered. Sheep were too plentiful, and ismbs were dull. Hogs were lower. The total run was 110 loads, including 1.876 cattle. 2.253 abeep and ismba, 600 hogs and 56 celves.

Export Cattle—Market was steady to firm, with large offerings and a good demand. The call was chiefly for the top grades, but these were accree. One load of very good steers sold at 5.70, but few of the supments approached that quality. There were many loads of fair to good animals, and they all sold readily. Quotations are unchanged at 33.0 35.75 for the heat and \$4.51 to \$3.50 to \$6.

Butchers' Caitle—Picked lots, comprising the best the country produces for butchering purposes, would have sold readily, it is be absence of anything better.

Export limits—Business was quiet on account of the light offerings, fleavy built for export are quoted at \$4.25 to \$4.75 per cwt, and light at \$3.50 to \$4.5 per cwt, and light at \$3.50 to \$4.50 for those a shade lighter.
