A Demonstration, but feebly supported has been made in France in favor of Irish repeal, which the National states to have taken place "in compliance with the which manifested by the Republicans of the United States in favor of Irish repeal, which the National states to have taken place "in compliance with the wish manifested by the Republicans of the United States in favor of Irish repeal, which the National States in favor of Irish repeal, which the National States in favor of Irish repeal, which the National States in favor of Irish repeal, which the National States in favor of Irish repeal, which the National States in favor of Irish repeal, which the National States in favor of Irish repeal, which the National States in favor of Irish repeal, which the National States in favor of Irish repeal, which the National States in favor of Irish repeal, which the National States in favor of Irish repeal, which the National States in favor of Irish repeal, which the National States in the National States in favor of Irish repeal, which the National States in the National States in favor of Irish repeal, which the National States in the National States in favor of Irish repeal, which the National States in the National States in favor of Irish repeal, which the National States in the National States in favor of Irish repeal, which the National States in the National States in favor of Irish Repeal, but the National States in favor of Irish Repeal, but the National States in favor of Irish Repeal, but the National States in favor of Irish Repeal, but the National States in favor of Irish Repeal, but the National States in favor of Irish Repeal, but the National States in favor of Irish Repeal, but the National States in favor of Irish Repeal, but the National States in favor of Irish Repeal, but the National States in favor of Irish Repeal, but the National States in favor of Irish Repeal, but the National States in favor of Irish Repeal, but the National States in favor of Irish Repeal, but the National States in favo

use of the following emphatic language:—The only remedy (cheers). But there is a thought on this subject which has which can be adopted for that people, on the part of Govern-struck me, since I listened to your lordship's instructive speech ment, is a stern and firm resistance to every thing like a last evening, illustrating the incalculable importance of agricultural pursuits.

endeavor to forget all personal considerations, which, though of grass grow where only one grew before." perhaps greatly adding to the zest and interest of the debate, were yet better avoided in a debate so important as that before inquiry into the state of Ireland, but that his real object was, by carrying his motion, to declare that the house had no confidence in the present ministry. With respect to those on this side of the house who had spoken disapprovingly of the arms bill, and by implication of the course pursued by Government, he echoed the hope of Mr. Roebuck, that they would give effect to their words by their votes, as the most honest, the most to their words by their votes, as the most honest, the most try. Messrs. Baring & Co had, it is said, in the first instance, guished lawyers, may adverte to remove the first instance, and the success which has attended these distinctions to their words by their votes, as the most honest, the most lawyers and the success which has attended these distinctions to their words by their votes, as the most honest, the most lawyers and the success which has attended these distinctions to their words by their votes, as the most honest, the most lawyers and the success which has attended these distinctions to their words by their votes, as the most honest, the most lawyers are the interior of the countries.

He denied that Ireland had been treated, in consequence of the union, with a more parsimonious spirit than would have been observed if she had had her own Parliament, and quoted Death of the Earl of Glasgo some returns in order to prove the liberality which had been observed toward that country. It was quite impossible that Ireland could benfit by the repeal of the Union in a permiary point of view, considering the establishments which she must then of necessity maintain. At present Ireland paid no asses- sentation sed taxes, and in a recent crisis had escaped the property tax, to which the rest of the kingdom was subjected. The expense he was surprised under such circumstances that it could be

the two vessels were in a neutral port, and the officers and by the Government, and in reference to the distribution of Government appointments he could assure the house that he never asked a man's country or religion when considering his fitness for office, in proof of which he referred to the appointment to the same interest of the powder requisite for the 98 pounders may be formed from the fact that they are sighted to strike an opportunity of averaging themselves, and serving their country advice, they endured with firmness, he promising them a better opportunity of averaging themselves, and serving their country and in the officers and the distribution of the Phoebe were constantly subjected to severe taunts devalonts is set than and the quantity of sate in every part of this great the same times are distances clearly explained. Some estimate of the powder requisite for the 98 pounders may be formed from the fact that they are sighted to strike an opportunity of averaging themselves, and serving their country and in the officers and the distribution of the Phoebe were constantly subjected to severe taunts and with the bar and with the Dar and with the pounders and men of the Phoebe were constantly subjected to severe taunts and with the stated distances clearly explained. Some estimate of the powder requisite to attain the stated distances clearly explained. Some estimate of the powder requisite to attain the stated distances clearly explained. Some estimate of the powder requisite to the 98 pounders may be formed from the fact that they are sighted to strike an opportunity of averaging them a better opportunity of the powder requisite to attain the stated distances clearly explained. Some estimate of the powder requisite to the powder requisite to ment of commissioners of metropolitan police, both of whom individual conflict. On both vessels getting into "blue water," so eager were the crew to chastise the enemy, that they implored culptures to erect statues in Greenwich Hospital to three of at long balls, and would take the enemy and save his men. It was not aware of until afterwards, when he saw an attack made is but a just tribute to the humanity of the deceased and his was not aware of until afterwards, when he saw an attack made upon him in a public journal for extending undue favor to the upon him in a public journal for extending undue favor to the boats from the Phoche were nulling towards her, the crew sacri- to conceive; the frank and manly bearing of the English

ety of taxing one part of the country for the benefit of the other unless there was a certainty that the railway would become profitable, for otherwise it would only give a stimulus for the moment, followed by a greater state of depression than that which it was intended to remedy. In reply to an observation of Lord Howick's, he said that the Roman Catholics now en joyed equal civil rights as the other subjects of the Crown, and that the oaths were so altered that the offensive Rolph, Charles Duncombe, and T. D. Morrison, and John portions relating to transubstantiation were abolished. With respect to the franchise, he would remind the house that they had come into power as was said with a large majority, but observations on this subject, in which we need scarcely say we that majority had not been applied to the passing of a registration bill or to any other measure which could be said to be "It will be mate

mercury rose in the shade to 78. Our accounts from all parts of the United Kingdom speak cheeringly of the coming corn harvest. The hay has been got in in very fine condition.

The Corn Trade.—Liverpool. July 18.—That the quantity of old corn remaining in the hands of merchants, millers, and dealers, is unusually short, is beyond dispute; nor do we believe that farmers are holders to such an extent as to render it a marter of comparative indifference whether new wheat comes to market a fortnight earlier or later. The yearly consumption for the United Kingdom is generally estimated in round numbers at between eighteen and twenty millions of quarters. For each week that the harvest may be retarded the old stocks would have to be drawn upon to the extent of at least 350,000 quarters; it will, therefore, at once be apparent how important a triangle of the union would be runned fairly and with modern.

Metalliance of the coming corn harvest. The shade to 78. Our accounts from all parts of the union who description of the ecclesiastical revenues. Confident that they would act upon those pledges to that effect given by the eminent men who advocated their cause. Confident that they would act upon those pledges, he thought it safer not to interfere at all with any time advocated their cause. Confident that they would act upon those pledges, he thought it safer not to interfere at all with any time advocated their cause. Confident that they would act upon those pledges, he thought it safer not to interfere at all with any time advocated their cause. Confident that they would act upon time for the union when the concession to the people of Ireland, and if public opinion, as it was expressed in that house, should be more advantageously carried into effect by others than by those who have to be drawn upon to the extent of at least 350,000 quarters; in value of the most threefore at all with any time pool for the union would be more advantageously carried into effect by others than by those who have to be drawn upon to the e

ters; it will, therefore, at once be apparent how important a difference the gain or loss of a foringht or three weeks might tion, and to give every consideration to all those measures which might be suggested as favorable to its presperity. He was not ashamed to act with care and moderation, and he claimed for the Government the right to decide upon the application of the existing law or upon the necessity of asking Parliament for measures of coercion. If the necessity should arise, he knew that past forbearanc was the strongest claim to being entrusted with fuller powers when they thought proper to ask for it. It was their firm determination to oppose, by authority and by power, the repeal of the union, to the full extent of their ability, but it was sufficient to adopt the necessary measures of precaution until they found moderation unavailing. The right hon, baronet sat down amidst very

general cheering.
On the subject of the Church of Ireland, Lord John Russell in the same debate said—He was of opinion that they ought not to abolish the established Church of Ireland, but he would any that they ought to raise the Catholic bishops and clergy to, a footing of equality, and that principle he should be prepared to follow out to all its consequences. He knew that there would be difficulty in carrying such an arrangement into effect for the Catholic clergy were opposed to connection with the

DECLINE OF THE TRADE WITH AMERICA.—It appears This unhappy country continues as usual in a state of agitation. As a specimen of the inflammatory and insane addresses

Thornley, that the exports of British goods to the United States murderers, cannot be too highly estimated,—we also cordially join with the Coroners Jury in the tribute of approbation and from a return just laid before Parliament, on the motion of Mr. tation. As a specimen of the inflammatory and insane addresses of the Irish demagogues, we give the following from the Nation, the weekly Irish organ of repeal.

"And now, Englishmen, listen to us. Though you were to-morrow to give us the best tenures on earth—though you were to equalise Presbyterian, Catholic, and Episcopalian—though you were to give us the amplest representation in the Senate—though you were to restore our absentees, disencumber us of your debt, and redress every one of our fiscal wrongs—and though, in addition to all this, you plundered the treatment of the treatment of the provided that the exports of British goods to the United States of America, in the year 1842, were less in value by the sum of nearly twelve hundred thousand pounds than they were in any previous year since 1833, and that they were less by more than one-half than the average annual exports of the united States of America, in the year 1842, were less in value by the sum of nearly twelve hundred thousand pounds than they were in any previous year since 1833, and that they were less by more than one-half than the average annual exports of the united States of America, in the year 1842, were less in value by the sum of nearly twelve hundred thousand pounds than they were in any previous year since 1833, and that they were less by more than one-half than the average annual exports of the united States of America, in the year 1842, were less in value by the sum of America, in the year 1842, were less in value by the sum of America, in the year 1842, were less in value by the sum of America, in the year 1842, were less in value by the sum of America, in the year 1842, were less in value by the sum of America, in the year 1842, were less in value by the sum of America, in the year 1842, were less in value by the sum of America, in the year 1842, were less in value by the sum of America, in the year 1842, were less in value by the sum of America, in the year 1842, were less in value by the sum of America, in the year 1842, were le

though you were to give us the amplest representation in the Senate—though you were to restore our absentees, disensember as of your debt, and redress every one of our fasel wrongs—and though, in addition to all this, you plundered the treasures of the world to he world to the world to the yold at our feet, and exhausted the resources of your genius to do us worship and honor—still we tell you in the name of enthusia-tic hearts, thoughful souls, and fearless we would spurn your gifts, if the condition were that Ireland spirits—we tell you, by the past, the present, and the furure, we would spurn your gifts, if the condition were that Ireland spirits—we tell you, and all whom it may conver, even well you, in the name of licland that Ireland shall be a nation 1".

A Demonstration, but feelby supported has been made in France in favor of Irish repeal, which the National states to have taken place "in compliance with the wish manifested by any power taken place "in compliance with the wish manifested by the satient of more value at 10 stated, and, as far as can be definitely expressed, the expense of tuition is stated, and, as far as can be definitely expressed, the expense of the world to large are the object is stated, and, as far as can be definitely expressed, the expense of the intended to bins is taked, and, as far as can be definitely expressed, the expense of the rich open of howding in the College.

CHANCELLOR KENT .- This Eminent American Jurist, who has completed his Eightieth year has returned the following Pleasing answer to an invitation to a Public Dinner, by the

regarded as miraculous. There were no passengers in the

New York, August 1, 1843 To David B. Oyden, Esq., and the other gentlemen of the committee, representing the members of the bar of the State of New York:

GENTLEMEN-I have received your address and invitation, in hehalf of the bar of the state, to a public dinner, with

The stranger who visits the 'Illustrious' cannot fail to counties in this state, and now the invitation comes from me

I am conscious of the high character and dignity of the bar ound shot are fired, attest the value of the improvement.

The crew of this line of battle ship number about 650 men with them in every thing that concerns their interests and

St. Lawrence Canal.—We are informed, that the navigation of the St. Lawrence Canal will be resumed in the course to their respectful and affectionate address, that I was then on the verge of eighty, and that it appeared to me for some another break this season.—Montreal Herald.

THE SAULT ST. MARY has been appointed a Port of Entry and Clearance, for the entry of goods brought or imported into Canada, from any adjoining foreign country. The Port includes within its limits, all that part of the coast or shore, lying between Lake Superior and Lake Hursey companying at Green the studies and pursuits to which I had been accustomed, and the studies and pursuits to which I had been accustomed, and to continue, to confine myself to domestic retirement, and to the studies and pursuits to which I had been accustomed, and

The following notice has been communicated to the Board I am unwilling to take my leave of my brethren of the bar,

ardent for reforms, we ought not to lose our discretion. We ought to listen to the maxims of experience, and respect the advice and institutions of our ancestors; and above all we

be your obedient servant,

JAMES KENT.

THE LATE SIR CHARLES BAGOT.—The respect which our neighbours of the United States paid to the remains of our late Governor Sir Charles Bagot, whilst on their passage through the States to New York, a respect so creditable to their feelings, has, we are glad to observe, and as we anticipated, been most family. Mr. Everett, the April 2012 April 2012 April 2013 April

in the finding of the Coroners Inquest:—

The jury on the death of Thomas Kinnear, Esq. return as their verdict, "Wilful Murder," against James McDermot.

The jury on the death of Nancy Montgomery, return was their verdict, "Wilful Murder," against James McDermot, and Grace Marks.

After rendering their verdict, the Jury unanimously passed the following resolutions, viz:—

1. The Coroner's Jury holding the inquest on the bodies of Thomas Kinnear, and Nancy Montgomery, cannot part without expressing their high approbation of the prompt and efficient manner in which Francis Boyd, Esq., Alex. Ogilvie, Esq., and Mr. Kingsmill acted in bringing to justice the miscreants charged with this shocking murder—and the thanks both of the Jury, and the community at large are justly due to them public the endowment. Which is nationally along the inquest of New Brunswick; and it was clearly intimated that funds are expected to be raised in the Province to meet the sum given by the Colonial Bishops Committee, and to complete the endowment. His Excellency immediately convened plete the endowment. His Excellency immediately convened plete the endowment. His Excellency immediately convened plete the endowment of the Province to meet the sum given by the Colonial Bishops Committee, and to complete the endowment of the Province to meet the sum given by the Colonial Bishops Committee, and to complete the endowment. His Excellency immediately convened plete the endowment of the Province to meet the sum given by the Colonial Bishops Committee, and to complete the endowment. His Excellency immediately convened plete the endowment of the Province to meet the sum given by the Colonial Bishops Committee, and to complete the endowment. His Excellency immediately convened plete the endowment of the Province to meet the sum given by the Colonial Bishops Committee, and to complete the endowment of the Province to meet the sum given by the Colonial Bishops Committee, and to complete the endowment of the Province to meet the sum given by the Col has addressed a de-patch on the subject to his Government, from which we make the following extract:—
"Lieutenant Colonel Bagot, of the Grenadier Guards, called held in the kindest remembrance; and whose name was never mentioned by those who had the good fortune to know him, during his residence at Washington, without expressions of more than ordinary consideration and attachment.
