

**NEWS AND NOTES.**

Prof. Jaeger, the Austrian scientist who has applied in Vienna for a patent on his discovery of "hair-odor-granules," is at least entitled to a patent on the German name he gives the granules, to wit: Haarduftkuelchen.

Estep's Fragrant Philoderma is the only reliable and thoroughly harmless preparation in the market for the skin. For general use it is simply invaluable and far superior to Glycerine or any greasy compound. It is much better than Violet Powder for Chafing in Infants.

The light emitted by insects, when examined under the spectroscope, is very beautiful, but is without bright or dark bands. When the intensity diminishes the red and orange rays disappear, and the spectrum is reduced to yellow and green rays.

People who dislike to have their windows frosted in cold weather can prevent it by rubbing the glass inside and outside with glycerine.

When you want Pearline, be sure you get what you ask for. The market is full of imitations. The genuine is manufactured only by JAMES PYLE, New York.

Alvin Clark & Son are finishing the largest lens in the world. It has a diameter of 38 1/2 inches, and when completed will have cost \$20,000.

Extracts from a Letter from C. H. S. Cronkhite, Esq.  
Canterbury Station, York Co., N.B.,  
October 10th, 1876.

Mr. J. H. Robinson,  
Dear Sir,—In reply to your letter of enquiry, I would say that your *Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime* is the best preparation of the kind I have ever seen or taken.

I was ordered by my physician to take it, and commenced about the last of August, and since that time I have felt a different man, and also look differently, and all for the better, as the doctor can testify.

I was unable, in the summer to walk any distance without much fatigue. I can now take my gun and *travail all day, and feel first-rate at night, and eat as much as any lumberman. Have not bled any since I took your preparation, and can now inflate my lungs without feeling any soreness, and I think I can inflate them up to full measurement, same as before I was sick; have also gained in flesh, my weight in the summer was 173 lbs. and now it is nearly 190 lbs., which is pretty well up to my former weight.*

The foregoing is a correct statement which I am prepared to swear to, and I hereby authorize you to give it publicity in my name.

I am, dear sir, truly yours  
(Signed) C. H. S. CRONKHITE.

We, the undersigned, hereby consent to have our names published as witness to the effects of *Robinson's Phosphorized Emulsion* on the person of Mr. Cronkhite and do assert that the foregoing statement is correct in every particular.

It is well known to mineralogists that a while ago a large number of crystals of smoky quartz were found in Switzerland, the beauty, size, and peculiarities of which excited much interest among experts. In the course of an investigation into the physical characteristics of some of these crystals the singular fact appears that on being heated they lose their smoky appearance, becoming as limpid and colorless as the most beautiful rock crystal.

Experiments have been made with the pulp of the Florida banana, and the result is that from it can be obtained a splendid quality of paper and rope.

**YOUNG MEN! READ THIS.**

THE VOLTAIC BELT CO., of Marshall, Mich., offer to send their celebrated ELECTRO-VOLTAIC BELT and other ELECTRIC APPLIANCES on trial for thirty days, to men (young or old) afflicted with nervous debility, loss of vitality and manhood, and all kindred troubles. Also for rheumatism, neuralgia, paralysis, and many other diseases. Complete restoration to health, vigor and manhood guaranteed. No risk incurred as thirty days trial is allowed. Write them at once for illustrated pamphlet free.

Acetate of soda, is coming to be used for heating care. A large iron pipe containing the compound, and enclosing also a smaller pipe, through which steam passes, is placed under the seats. The heat of the steam liquifies the crystals of the soda, and in the process the heat is engendered. The cost is no greater than would be that for heating the caps by coal and it is every way pleasant. The compound in the pipes will last indefinitely.

NOTICE.—We beg to notify the Medical Profession and general public that the only Emulsion made by Puttner Bros., is the one known as BUDD'S CREAM EMULSION, and is the only one used and prescribed in the Provincial & City Hospital. See House Surgeon's report in another column. Samples sent free by sending to our laboratory, 125 and 127 Hollis St., Halifax, N.S.

**INTERNATIONAL AND COLONIAL EXHIBITIONS  
ANTWERP in 1885—LONDON in 1886**

It is the intention to have a Canadian representation at the INTERNATIONAL EXHIBITION at Antwerp, commencing in May, 1885, and also at the COLONIAL and INDIAN EXHIBITION in London in 1886.

The Government will defray the cost of freight in conveying Canadian Exhibits to Antwerp, and from Antwerp to London, and also of returning them to Canada in the event of their not being sold. All Exhibits for Antwerp should be ready for shipment not later than the first week in March next. These Exhibitions, it is believed, will afford favourable opportunity for making known the natural capabilities, and manufacturing and industrial progress of the Dominion.

Circulars and forms containing more particular information may be obtained by letter (post free) addressed to the Department of Agriculture, Ottawa.
