

FOREIGN INTELLIGENCE

FRANCE.

Politics are for the moment somewhat neglected in France, public attention being almost exclusively directed to the circumstances of the shocking murder of six or seven persons at Pantin, near Paris, the perpetrator of which is now in custody.

The continued delay in convoking the French Chambers causes much dissatisfaction, but a proposition that has been made for the members to meet on October 26th, with or without the Imperial invitation, has not been very generally favoured.

Bordeaux, Sept. 29.—A tremendous fire broke out here last evening at 6 o'clock, which originated in the sudden explosion of a lighter laden with petroleum.

Paris, Sept. 30.—Articles in the Ministerial journals declare that the Government has resolved not to yield to the violent menaces of those newspapers which demand that the Chambers shall be convoked on the 26th of October.

The Journal Officiel of this morning publishes an Imperial decree revoking the provisional appointment of M. Forcade de la Roquette as Minister of the Interior, and permanently appointing him to that office.

PARIS, Oct. 13.—M. Poyer Quartier, deputy to the Corps Legislatif, addressed a public meeting at Rouen last night. He advocated the abrogation of the commercial treaties, on the ground that they were incompatible with the Government of the country.

PARIS, Oct. 14.—Yesterday there were large public meetings in the city. No disturbances occurred.

A meeting of the deputies of the left, called by M. Jules Simon, took place last night. Only seven members were present at the meeting. The Ministers have gone to Compiègne to attend a council summoned by the Emperor.

LOUIS BLANC AND THE EMPEROR.—M. Louis Blanc has just published a long letter which does him infinite credit. He has been invited to stand for the 8th Paris constituency, but he declines coming forward on the ground that he must, as a preliminary, take an oath of allegiance to the Emperor which he could not keep, and that as a representative of the Republic of 1848 he declines to drag it under the caudine forms of an Imperial oath.

SPAIN.

The Pensamiento publishes daily letters addressed to the Government by the Bishops who have received the complimentary circular, protesting against it as an outrage, while their brethren in the episcopate, with whom they express their entire agreement, are selected for censure and prosecution.

MADRID, Oct. 13.—The Government troops are entrenched at Valencia, and wait reinforcements before making a final attack on the insurgents. A frigate is anchored off the city, and will assist the troops in the assault.

MADRID, Oct. 14.—According to the official reports

de public by the Government authorities, the instruction has been reduced to a small group of sergeants, who are doing their utmost to avoid the national troops.

Valencia still holds out against the troops. An official despatch from that quarter received to-day, states that the insurgents have proposed to capitulate to the authorities demand their unconditional submission. The town of Bejar, 45 miles south of Salamanca; has revolted, and the inhabitants are flying from the place.

The Republican ministry are for leaving their seats in the House and declare that legal proceedings should be commenced against the Deputies who have taken an active part in the rebellion. The Cortes has passed a vote of thanks to the Deputies of Las Feinas, in Cuba.

The Epoca of to-day published a synopsis of the reply made by Minister Silveira to the note of Gen. Sickles. Senor Silveira says: Reasons dictated by national dignity prevent the acceptance of foreign mediation in a domestic affair.

ITALY. The manoeuvres of the camp of Bologna are the theme of all the Government journals. An attack on the capital with a check and rally near Faenza and Forli, and a victory which will drive the invading force back on the Quadrilateral, will console the Italian army for the realities of Custozza and Mentana.

ROME.—The Pope received the general and superior officers of the Pontifical Army, in a special audience, on Tuesday, and gave a blessed crucifix to each of them. The aggressions against property are becoming very frequent, and a number of robberies have taken place at Castel Gandolfo and Frascati, as well as in Rome itself.

PRUSSIA. BERLIN, Sept. 28.—The Kreuz Zeitung publishes intelligence from Constantinople stating that the differences between the Porte and the Viceroy of Egypt have been almost entirely arranged, through the mediation of the Great Powers.

MASSACRE OF CATHOLIC MISSIONARIES IN CHINA.—Full confirmation has been received of the reported massacre of Roman Catholic missionaries in the province of Izechuen, in Western China. An Imperial edict has just appeared, ordering Lithung Chang, who, it may be remembered, was associated with Colonel Gordon in the suppression of the Taeping rebellion, and who is at present Governor-General of the two Keang provinces, to proceed at once to the scene of the murders as Imperial commissioner.

THE TORMENTS OF HELL.—Rev. Father Smarius lately preached in Chicago from this text:—Which of you shall dwell with devouring fire? Which of you shall dwell with everlasting burnings?—Isaias. He began by describing the torments of hell as the fires alluded to by the prophet. Our Saviour, speaking of hell, calls it a "place of torments."

THE PAIN FROM BOILS AND ULCERS, which sometimes break out on the body, would seem to be beyond human endurance; but fortunately there is a sure and speedy relief for the suffering patient. A course of Bristol's Sarsaparilla will heal every sore, and render the blood too pure to reproduce the pustules; but it must be continued for some time after the disease abates so that no taint of the poison may remain hidden in the blood.

THE EVILS OF CONSTIPATION.—The refuse of the aliment taken into the stomach must be regularly discharged, otherwise sickness of some type is inevitable. If no means are taken to relieve the pressure upon the vital organization occasioned by the accumulation of crude, undigested matter in the stomach and abdomen, congestion ensues, and the most distressing and dangerous consequences may be apprehended. It is in such contingencies that Bristol's Sugar-coated Pills are supremely useful.

BRIGHT, BEAUTIFUL CHILDREN.—Nothing can gladden the parent's heart more than to see their offspring in the full enjoyment of robust health, and in possession of that blooming childlike beauty now so rarely seen, the bright sparkling eyes, the soft round cheek, the plump well developed form, the rosy complexion, and the indications (in the absence of constitutional disease) of a vigorous

digestion, undisturbed by the presence of Worms in the stomach or bowels, but nearly all children suffer with worms, hence nearly all are sickly thin and pale. That great specific Dewees' Vegetable Worm Pastilles, so agreeable and so efficacious should be used in every family; they are positively a certain cure.

A clergyman writing to a friend says, 'My voyage to Europe is indefinitely postponed. I have discovered the fountain of health on this side of the Atlantic. Three bottles of the Peruvian Syrup have rescued me from the fangs of the fiend Dyspepsia. Dyspeptics should drink from this fountain.'

CHEMISTRY in furnishing us new agents for fuel force, and food, and many other important aids over those we once possessed. Parts from which commerce was driven during the hot months by their terrible fevers are visited all the year with impunity now. Many localities in the South and West kept tenanted by their deleterious miasma are now filling up with populations under the protection of Ayer's Sarsaparilla. Their effluvia Chills and Fever are so effectually cured by this remedy that the disease no longer turns emigration aside or destroys the settler if he ventures upon its infected districts.

AVOID STRONG DRINK.—An old farmer says: "I was once a prosperous farmer. I had a loving wife and as fine lads as the sun ever shone on. We had a comfortable home and lived happily together. But we used to drink to make us work. Those two lads I have laid in drunkards' graves. My wife died broken hearted, and now she lies by her two sons. I am seventy years old. Had it not been for drink I might now have been an independent gentleman; but I used to drink to make me work, and mark it, it makes me work now. At seventy years of age, I am obliged to work for my daily bread."

THE NEW YORK CHEESE FACTORIES appear to be doing a brisk business. We notice frequent sales of late at prices ranging from fourteen to sixteen cents. The Warsaw Democrat notices several purchases by a leading merchant amounting to \$18,000; average price fifteen and a half cents. This business has been entirely revolutionized within the past year. Instead of purchases being made in New York City with three, four and six months paper as formerly, the custom now is to visit the dairies with cash, and buy up all the product of factories sometimes for months in advance. This makes a considerable draft on cash balances in New York at certain times in the year. The dairy business of New York is becoming an important interest.

BATHING IN FRAGRANCE.—In oriental countries the rarest perfumes are used in the Hammams or bathing establishments, but neither the Ottomans nor the Persians possess a floral extract as refreshing and inspiring as Murray & Leman's Florida Water. The famous Ajar of Roses is more powerful and more voluptuous, but lacks the vivifying freshness of this pure and delightful preparation. It is as different from the heavy, half stupefying perfumes derived from essential oils, &c., as a genial stimulant is from a powerful opiate, and of course is infinitely more wholesome. As there are counterfeits, always ask for the Florida Water prepared by Lanman & Kemp, New York.

J. F. Henry & Co Montreal, General Agents for Canada. For sale in Montreal by Devins & Bolton, Lamplough & Campbell, Davidson & Co, K Campbell & Co, J. Gardner, J. A. Harte, Picault & Son, J. Goulden, R. S. Latham and all Dealers in Medicine.

BEWARE OF COUNTERFEITS; always ask for the legitimate MURRAY & LEMAN'S FLORIDA WATER prepared only by Lanman & Kemp, New York. All others are worthless.

AGENTS FOR MONTREAL—Devins & Bolton, Lamplough & Campbell, Davidson & Co, K Campbell & Co, J. Gardner, J. A. Harte, Picault & Son, H. R. Gray, J. Goulden, R. S. Latham, and all Dealers in Medicine.
