## 6 Per Cent. and Safe

Don't be satisfied with 3 per cent. interest when you  
can put your money out to work where it will earn  
6 per cent. and be safe, too.

We have in mind two particularly attractive 6 per  
cent. Bonds—in both instances the principal is amply  
secured, the Companies issuing them have an excep-  
tionally well established business, the earnings are  
showing good increases over previous years and are  
much more than the amount necessary to pay the  
interest on the bond issues.

Drop us a line, just say, "Give me particulars of the  
6 per cent. Securities mentioned in your advertise-  
ment in The Monetary Times," and we will tell you  
why they are safe, and a lot of other information you  
should know about them.
