

**AGREEMENT BETWEEN THE GOVERNMENT OF CANADA AND THE GOVERNMENT OF INDIA RELATING TO THE RAJASTHAN ATOMIC POWER STATION AND THE DOUGLAS POINT NUCLEAR GENERATING STATION.**

The Government of Canada and the Government of India, having operated closely in the development of nuclear energy for peaceful purposes during the past several years, having jointly participated in the construction of the Canada-India Reactor in Trombay, having engaged in a subsequent exchange of extensive and mutually useful information, assistance and technology in the nuclear energy field, and being desirous of continuing and expanding this cooperation for the mutual benefit of both countries and for the further development and application of nuclear energy for peaceful purposes, and having agreed to exchange information on the development and operation of nuclear reactors that are moderated wholly or partly by heavy water, have agreed as follows:

*Article I*

The Government of Canada will cooperate with the Government of India in the construction of a heavy water moderated nuclear power station, hereafter referred to as the Rajasthan Atomic Power Station, in accordance with such financial and technical arrangements as may be agreed between the two Governments.

*Article II*

The Government of Canada will provide, through Atomic Energy of Canada Limited, the necessary information and the design with detailed drawings and specifications of the station up to and including the steam raising equipment.

*Article III*

The Government of India will be responsible for the erection of the station and will provide the design and detailed drawings of the part of the station beyond the steam raising equipment, including the layout of the station and the detailed drawings and specifications for the generating equipment, the cooling water system, all ancillary equipment, services and buildings.

*Article IV*

The selection of the principal firm of engineering consultants for the Rajasthan Atomic Power Station will be by agreement of the two Governments.

*Article V*

The Government of India will procure from Canada as much of the material and equipment for the station as is available on reasonable terms and which cannot be procured in India.

*Article VI*

The Government of Canada will provide credit facilities for the purchase of Canadian supplied material, equipment and fuel for the Rajasthan Atomic Power Station in accordance with the provisions of the Canadian Export Credits Insurance Act and arrangements agreed upon by the two Governments.
