

in order, specifically about its having a bearing on the subject. May I refer to the 4th edition of Beauchesnes' Parliamentary Rules and Forms, before going into further details, and quote citation 202(3) on page 173 of the French version: "Since the purpose of a sub-amendment is to alter the amendment, it should not enlarge upon the scope of the amendment but it should deal with matters that are not covered by the amendment; if it is intended to bring up matters foreign to the amendment, the member should wait until the amendment is disposed of and move a new amendment."

On that basis, I would like to explain to the honourable Member that under that Standing Order, he will be able, after all, to move his motion later on during the debate. After the House has dealt with the amendment of the Leader of the Opposition—whether it is defeated or passed—the Member could always move another amendment in accordance with the Standing Orders or move an amendment such as the one he moved yesterday.

Now, for the above reasons, especially the Standing Order which I have just quoted, and since it is possible that the honourable Member will move an amendment later on during this debate, I have to declare the sub-amendment out of order.

By unanimous consent, the hour for Private Members' Business was suspended.

Debate was resumed on the motion of Mr. Trudeau, seconded by Mr. Drury,—That this House,

(i) aware that as provided in the Official Languages Act, the English and French languages possess and enjoy equality of status and equal rights and privileges as to their use in all institutions of the Parliament and Government of Canada;

cognizant that it is the duty of departments and agencies of the Government of Canada to ensure, in accordance with that Act, that members of the public can obtain available services from and communicate with them in both official languages; while recognizing that public servants should, as a general proposition and subject to the requirements of the Official Languages Act respecting the provision of services to the public, be able to carry out their duties in the Public Service of Canada in the official language of their choice;

do hereby recognize and approve the following Principles for achieving the foregoing:

- (1) that positions which are seen, under the present circumstances, as requiring the knowledge and use of both the French and English languages will be first identified, and then designated, as bilingual in the course of the period ending December 31, 1978;
- (2) that positions will also be identified where English is an essential requirement of the job,

where French is essential, or whether either French or English may be used;

- (3) that a knowledge of English and French is one of the elements of merit in the selection of candidates for bilingual positions;
- (4) that competitions for bilingual positions will be open both to bilingual candidates and unilingual candidates who have formally indicated their willingness to become bilingual;
- (5) that competitions for unilingual positions will continue to be open to unilingual or bilingual candidates who meet the language requirements of the job;
- (6) that unilingual incumbents of bilingual positions may elect to become bilingual and undertake language training or transfer to another job having the same salary maximum, or, if they were to decline such a transfer, to remain in their positions even though the posts have been designated as bilingual;
- (7) that employees who, as of April 6, 1966, had at least ten years of continuous service and who, since that date, have been employed continuously in the federal Public Service, will be entitled to apply for any job that has been identified for future designation as bilingual without having to indicate their willingness to become bilingual;
- (8) that unilingual French-speaking and English-speaking persons from outside the Public Service who are willing to become bilingual may apply for bilingual positions open to public competition;
- (9) that language training, at public expense, will be provided to unilingual public servants as well as to persons who are appointed to the Public Service to bilingual positions;

do further approve the Government of Canada, and, in particular, the Treasury Board and the Public Service Commission, taking the measures required to give effect to the aforementioned Principles; and

- (ii) do further approve the taking of measures, after consultation with employee representatives, designed to produce a greater use of the French language at all levels in the Public Service, through increasing, where practical, the number of French Language Units, through further recruitment efforts by the Public Service Commission, through training programs offered in the French language and by developing proposals, in conjunction with the Governments of the Provinces of Ontario and Quebec, to enhance the bilingual character of the National Capital region, thus helping to realize the objective of achieving, within the merit principle, full participation in the Public Service by members of both the anglophone and the francophone communities.
