- (a) Protect our human capital against diseases which generally threaten the mining labourers;
- (b) Encourage to a greater extent technical and geological teaching and to give proper employment to her graduates;
- (c) Give work to her employable unemployed before all others;
- (d) Favour colonization while preventing further rural exodus;
- (e) Organize and protect local markets for the distribution of goods produced by Canadian farming and manufacturers;
- (f) Prohibit all immigration which might be inimical to her fundamental institutions and which might constitute, in her mining centres, seats of disorder and agencies of revolutionary propaganda.

It was ordered, That the said Order of the Day be postponed until to-morrow.

The Senate adjourned.
