OF 1876.

MONTREAL.

FIRST PRIZE AT THE

Provincial Exhibition,

Of 1875, OTTAWA.

First Prize, Bronze Medal and Diploma, Provincial Exhibition, Quebec, 1877.

The Safes I manufacture, justly considered at present as the best ever offered to the public, combine all the qualities required as to strength and safety. In order to avoid moisture in the interior of the Safe, and offer the greatest possible resistance in case of fire, an air space has been secured between the iron sheets which form the envelope or frame of the Safe.

The Hinges are not of Cast, but Wrought Iron, resting on a solid base of Steel with aperture, in order to remove the doors, in case they should in time require any repairs. This improvement gives an undoubted superiority over all other Safes.

These Safes are all they are represented to be, and a visit to my Factory will convince every thinking man of the truth of what I affirm.

I also Manufacture to Order

Iron Vault Linings, Burglar-Proof Vault Doors, Fire-Proof Doors.

Iron Shutters, Iron Doors for Public Buildings, Messengers' Chests and Deed Boxes, Cell Doors and Gratings, Jail, Safe, Bank and Store-door Locks, Iron Girders and Iron Bridges, &c.

A large number of second-hand Safes of different makes always on hand, which will be sold Cheap.
