WAR RISK RATES TOOK A BIG JUMP

Quotations From Thirty to Fifty Per Cent Higher Than Last Week.

CANADIANS INSURING

Inquiries From Nova Scotia Regarding the Insurance of Factories.

Special Cable to The Toronto World. LONDON, Feb. 24.—War risk rates at Lloyd's today jumped from 80 to 90 per cent. above quotations at the end of last week. While the rate to cover the risk of war between the United States and Germany increased to 80 per cent., no business was offered on the basis of possible war between Britain and America. The continued sinking of neutral vessels by Germany, as well as the mining of the English Channel, and reports of great activity in United States shipyards and arsenals, are among the elements influencing rates regarding relations between Germany and America. Insurance of property in America is also affected. One broker declared the people of America fearing war with Germany, are insuring a considerable amount of property, including factories, against damage. There also are enquiries from Nova Scotia. The general rate is ten shillings per cent; 60 per cent. was paid today to cover the risk of war between Italy and Austria before March 15, while 40 guineas was paid to insure against war between Italy and Turkey. To cover these risks until June, 90 per cent. is quoted.

CHARGE OF FRAUD AGAINST F. QUIRK

Arrested in Hamilton at Request of Toronto Police.

WILL BE DEPORTED

Three Men Alleged to Have Broken Immigration Act.

Frank R. Quirk of Toronto was arrested in Hamilton yesterday at the request of the Toronto police on charges of fraud and forgery. In January last he is alleged to have obtained \$44 from John Pell, 781 Broadview avenue by false representations and on February 9 to have passed a cheque for \$200 to which the name of H. S. Powley, 52 Desbrounne avenue, was forged. Detective Croome will bring him back today. Immigration Inspector Anketell, who was removed to the Hospital for Sick Children on Tuesday suffering from meningitis died yesterday. He was ten years of age. The other three cases in the hospital are progressing favourably. Immigration Inspector Anketell, arrested William Kerr, 856 West King street, Aloys Kernerzaker, 30 Sullivan street, and Walter Rowsell, 50 Sullivan street, on a charge of a breach of the immigration act. Rowsell gave his home as Switzerland. They will probably be deported to the United States where they are supposed to have come from.

George Cheyne, who, with David Dickinson was called in police court yesterday to answer to a charge of keeping a gambling house at 34 A. La Plante avenue, has skipped his bail of \$1000, which amount will be forfeited by Thomas Whiteside. A warrant was issued for his arrest. The case was remanded till Feb. 26.

Two years in the penitentiary was the sentence imposed on Roy Lamb, the young man who broke into the house of C. F. Bolton at 280 McPherson avenue Tuesday. According to the police Lamb has a bad record.

Prof. Granger Fined.
For diagnosing a medical case while he was not a registered physician, Prof. Charles Granger was fined \$25 in police court yesterday. Two witnesses swore Granger diagnosed their cases and sold them medicine and pills to cure them.

Police on Trail.
While returning to his home at 23 Havelock street at midnight Tuesday night, William Whiteside, a druggist, was held by three men, one of whom struck him over the head with a sandbag, robbing him of \$125 in cash. The money was the day's take at the drug store, and following his usual custom, Whiteside was taking it to his home instead of leaving it in the safe at the store. The police are on the trail of his assailants.

Will Make Heavy Guns and Ammunition in the Volga.

Arrangements have just been ratified by a great Russian syndicate backed by the Petrograd War Office for Vickers, Limited, of Sheffield, to take the technical management of a vast armament plant which will be completed this summer in the Zaratzin, on the Volga. The Zaratzin works will make heavy guns and ammunition. It has orders from the Russian Government to the full extent of the plant's capacity until the close of the war. The plant will cost \$15,000,000 to complete and equip. The syndicate controlling it will be known as the Russian Artillery Company.

NO INSTRUCTIONS WERE GIVEN TO THE EVELYN

Whole Story is Considered a German Lie and Flatly Denied in London.

Special Cable to The Toronto World. LONDON, Feb. 24.—A flat, emphatic denial is officially made of the wireless statement of the skipper of the Evelyn, who said he was misdirected by a British boarding officer. An investigation has been made and it is found the British officers didn't give the Evelyn any instructions which would in the slightest manner have been responsible for his running into German or other mines. The whole thing is considered a German lie. A denial is also being furnished the American Government.

Evangelist at Camp.
Under the auspices of the Y.M.C.A., G. M. Sharp, evangelist, held a meeting in the dairy building last night. His lecture was listened to with considerable interest by the soldiers and at the termination of the meeting over fifty conversions were made. NEW REGULATIONS NOW
New regulations respecting the visits of foreign experts to British armament works in times of peace, as well as war, are promulgated by the army and navy authorities, owing to the criticism of the war office for allowing the German ex-chancellor, and Dr. Ehrenberger, managing director and chief metallurgist at Krupp's, to make an inspection of the armament works in England, including those of the big armament plants at Sheffield, a few weeks before the war broke out.

WILSON IS TRYING TO ARRANGE TERMS

Would Stop Threatened Embargo as Well as Submarine Warfare.

Special Cable to The Toronto World. LONDON, Feb. 24.—President Wilson is endeavoring to mediate an arrangement between England and Germany for an abandonment of the threatened embargo on German commerce on the part of the allies and a cessation of submarine warfare on Germany's part, as is indicated by what is known of his latest communication to the two governments. As Germany blows up one helpless ship after another England's anger grows hotter. The nation is in no mood to bargain with Germany. A hundred ships may be lost, but the nation will not be ready to make a trade even if the government wished to do so. It is virtually certain that the country stands for a retreat of this character.

Has Not Much Chance.
However, there is no indication that the government is likely to abandon its intention of taking drastic measures against German commerce. The note to Britain apparently was delivered yesterday morning. It is now under the foreign office's consideration, but there is little indication that it will have the effect of deterring government reprisals against Germany. The feeling against Germany, which naturally has been the essence of hostilities, is now more noticeably bitter than ever. Where before the conduct of the war has been linctured with ideas of Hague conventions and traditional civility, there is now a feeling that Germany isn't in the least degree entitled to any of the benefits of being an honorable antagonist.

CONGRESS POSTPONED.
LONDON, Feb. 24.—It is learned officially that the congress of chambers of commerce of the British Empire, which was to have been held in Toronto next September, will not now be held at that time, but probably arrangements will hold good for a meeting there the following September. This gathering brings about five hundred commercial men from all parts of the empire. It is held once every three years, London always being the meeting place for alternate gatherings.

Examinations Held.
Examinations for non-commissioned officers of No. 2 company Canadian Field Engineers were held at the armories last night. The subjects covered were drill, internal economy and engineering. The 12th Cavalry Field Ambulance is now up to about full strength, there being sixty-five in this corps. The members attended a lecture on "First Aid" last night and went thru their drill for about an hour. The 48th Highlanders are up to full strength, 800, but are still recruiting, so as to be able to supply any calls.

RAWKA RIVER ATTACK COSTLY TO GERMANS

At Least Fifty Thousand Men Reported Lost in Assault.

Canadian Press Despatch. PARIS, Feb. 24.—At least 50,000 men were lost by the Germans in their attack on the Russian positions on the Rawka River and in the region of Borjnow and Gumbinnen, according to Ludovic Nassau. The Journal's correspondent who witnessed the operations. He considers the general situation highly favorable to the Russians, and says: "The Germans are being gradually but implacably worn down. Whether they attack or merely defend themselves their armies melt away from day to day. Their feverish activity and their frightful sacrifice of lives show they realize they are fighting against time."
