ADVANCED POSTS

Three Assaults Made on Sup-
tigneul, on Canal Between
Aisne and Marne.

REPULSED, SAY FRENCH

Heavy Bombardment of Ger-
man Lines With Infantry
Clashes Continued.

LONDON, Sept. 12.—Germans in-
fantry delivered no less than three at-
tacks, intended to be a surprise, on
French advanced posts near Saptigneul,
on the canal between the Aisne and
the Marne Saturday and Sunday.
All three, the French war office says,
were repulsed.

The Germans also delivered a most
violent bombardment on the French
positions south of the Sear, in the
Roye region and north of the Aisne
between Paisy and Graonville, and
the French war office says, and the
French grenadiers tossed by each
against the positions of the enemy.
The throwing of grenades and a can-
nonade on both sides marked the
day's struggle in the Neuville sector
north of Arras.

An attempt by the Germans to as-
sault the French positions south of
Lellies was immediately checked by
the fire of French infantry and ar-
tillery, the French war office says,
and the French operated effectively
against the positions of the enemy.
The throwing of grenades and a can-
nonade on both sides marked the
day's struggle in the Neuville sector
north of Arras.

On the Artois front great activity
was displayed Saturday in artillery,
Germans bombard French
The Germans heavily bombarded the
French positions between the Falsy
plateau and Godat with guns of all
calibres, the fire being particularly
violent, and the French in reply opened
an effective fire against the guns
and trenches of the Germans.

In the Argonne on Saturday the
struggle died down to one of bombs
and grenades tossed by each
side into the trenches of the other.
The French artillerists also kept up
a terrific bombardment of the German
positions at Acheville and St. Hillaire,
in the Champagne, the line between
the Meux, Meuse and the Moselle.

the environs of Nomeny and Xousse
and at Ban-de-Sapt.

A German aeroplane dropped bombs
on the Argonne on Saturday and French
aeroplanes effectively bombarded the
German aeroplane sheds and hangars
at Erayelle.

French reports that bombs were
dropped on Ostend. Mines were
exploded in the Argonne and Cham-
pagne.

British Deputation Again Urged
Lord Selborne to Permit

By a Staff Reporter.
OTTAWA, Ont., Sept. 11.—"The
question of the Canadian cattle em-
bargo has again been prominent in
agricultural circles," says J. E. Ray,
one of the Canadian trade commis-
sioners in Great Britain in a report to

self with record herds of cattle which
were free from any malignant cattle
disease. This was a justification of
the policy adopted by his predecessors.
His lordship admitted that there was
a shortage of meat and that prices
were abnormal, but the cause was
found to be in lack of tonnage to
carry usual supplies from abroad
than a lack of unfinished store cattle.

MAJOR BICKFORD
GETS PROMOTION

Made Lieutenant-Colonel for
Good Work at Toronto and
Niagara.

"EX" CAMP BREAKS UP

Major Barker Praises Every
Man for Exceptionally
Good Behavior.

Major H. C. Bickford, the general
staff officer of the Toronto military
division, has been promoted to the
rank of lieutenant-colonel. His suc-
cessor in directing the training of the
soldiers of the second contingent, who
were stationed at Exhibition Park
Camp last winter has often been com-
mented on. He has also been doing
splendid work in rounding up the
men at the big military camp at
Niagara.

Parade states of the active service
men attached to the 2nd Battalion of
the various Toronto regiments gave a to-
tal of 1279 recruits, made up as fol-
lows: G.B.G. 117; 8th M.M. 219;
5th Battery, C.F.A., 26; Q.O.R., 288;
Grenadiers, 180; 12th Yorks, 123; 36th
Regt, 182; 48th Highlanders, 59; 109th
Regiment, 8.

A recruiting depot order states that
Lt.-Col. W. M. Davis, officer com-
manding the 2nd Battalion of Pion-
neers, is now arranging for the enlist-
ing of men for this unit.

One of the battalions of Pioneers
will be recruited in the portion of
Canada extending from Manitoba to
the Atlantic. It is quite likely that
Ontario will supply a substantial
part of the men needed. Nearly all of
the officers are to be civil engineers.

To be eligible for the pioneers men
must be physically fit, engaged in
waterworks and sewer work construc-
tion, also farmers, prospectors, miners,
timbermen, and a fair proportion of
men who have been engaged in the
trades such as carpenters, electricians
and gasfitters.

It is planned to send the battalion
overseas just about as soon as the
men forming it have been equipped
and received some infantry training.
Col. Davis, who is organizing the
Pioneer Battalion, was formerly city
engineer of Woodstock. He organized
Grey's Horse and was in command of
it until he went to British Columbia
in 1910.

Must Be Inculcated.
The Ottawa militia department has
issued an order stating that from now
on it is a punishable offence for sol-
diers to refuse to be inoculated against
typhoid.

Recruits found medically fit and
sworn in for active service at the re-
cruiting depot on Saturday totaled
about 100, and brought the number of
enlistments for last week up to 550.

This was a decrease from five days
before, but is explained by the fact
that, owing to Labor Day, recruits
were only received on five days.
The Exhibition being on, also diverted
men from joining the colors.

The call for young unmarried men
for coast defence service in Canada,
issued last week by the 8th Battery,
C.F.A., at the armories, resulted in
quite a number of recruits being ap-
plied for on Saturday. A rush of recruits
for garrison service is expected today
and tomorrow.

Leaving the Exhibition.
After bivouacking for two weeks at
the Exhibition grounds, the splendid
8th Battalion is now ready to strike
tents and move on to another camp.
The orders have been officially given,
and the men will go forth with the
assurance that the company of
Canadian visitors to the Exhibition
military camp never saw a more
solidly determined set of men than the
boys of the 8th Battalion.

The camp commandant, Major
Barker, wishes to compliment all the
N.C.O.'s and men of the exceptionally
good behavior which has prevailed
throughout the camp, and to express his
concurrence in the many encomiums
already expressed by the public gen-
erally and the public generally on
the smartness and precision dis-
played by all the detachments while on
parade. The company commander
was equally pleased.

The following valedictory order was
issued by Capt. John S. Campbell on
Saturday, Sept. 11, 1915, at 2.30 p.m.
"The company commander wishes,
in relinquishing command of the
composite company of the 8th
Overseas Battalion, C.F.A., to express
to all ranks his deep appreciation of
the support given him at all times, and
of the uniformly good conduct which
has stamped the company as the best
behaved unit it has ever been his
pleasure to be associated with.

"The company was won for the 8th
Overseas Battalion, C.F.A., name for
smartness, efficiency and good con-
duct which will make this battalion the
best known in Canada, and Canada
the citizens from the Atlantic to the
Pacific to follow its movements with
increased interest in the future, thru
having watched the company at work
at work at the Canadian National
Exhibition."

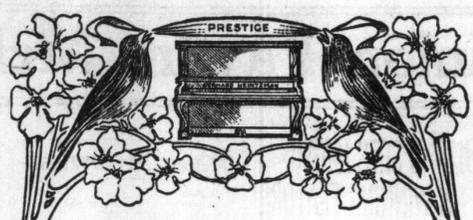

BELGIANS ENGAGED IN
ARTILLERY EXCHANGE

Germans Fired Fifteen Hundred
Projectiles on Ramsappelle and
Got Shelled.

HAVRE, Sept. 12.—The following
Belgian official statement concerning
the progress of hostilities was given
out here Saturday:
"Artillery fire continued through the
night and morning, especially in the
vicinity of Steenstraete and Ram-
scappelle, the latter receiving more than
1500 projectiles, which did no damage.
Throughout the day there was in-
cessant firing along the whole
front. During the afternoon we
shelled the enemy successfully. No in-
fantry action occurred."

BERLIN IS MUM ON
HESPERIAN INCIDENT

BERLIN, Sept. 11.—(Via London,
Sept. 12.)—The German Foreign Office
and the admiralty stated today that
they had no news regarding the Hes-
perian incident, concerning which Am-
erican reports stated that the Ameri-
can ambassador Gerard asked informa-
tion recently. The question whether
Americans lost their lives when the
Hesperian was blown up will probably
have a bearing on the ultimate answer
to Washington, it is said.

COMBATS IN PASSES
Gradual Pressure on Austrian
Positions Brings Effective
Results.

ROME, Sept. 11.—The following
official statement was issued tonight
at Italian general headquarters:
"Small successes have been gained
by detachments of our troops while
making reconnaissances in the Redi
Castello zone and in the valleys of
Carnonico, upper Triano and Ledro."
"Enemy groups, having during the
night crept up to the wire entangle-
ments before our positions on Monte
Maronia, on the plateau northwest of
Anselero, with the evident design of
driving them, were discovered and
destroyed off by our fire. Other enemy
forces tried to set fire to the wood on
the Monte Piano (Valley of Rienz),
but were repulsed.

"Engagements favorable to us have
occurred at Fasso Della Sentinella
(Upper Sexton and Valley of Vis-
sende) and at Piano."
"In the Tolmino section, one of our
detachments succeeded by main force
in capturing part of the enemy's en-
trenchments on the Santa Maria
Heights, but being subjected to an in-
tense artillery fire, bombs containing
asphyxiating gas, and flames from
projectors, was obliged to fall back to
the neighboring trenches."

MRS. TEETZEL DIES
AT VANCOUVER, B.C.

Wife of Mr. Justice Teetzel
Drops Dead in
Hotel.

DEATH OF W. H. INGRAM
St. Thomas Postmaster and
Father of Ontario Railway
Commissioner.

Special to The Toronto World.
ST. THOMAS, Ont., Sept. 12.—Word
was received in St. Thomas today by
Dr. J. J. Teetzel from Vancouver that
his sister-in-law, Mrs. Teetzel, wife
of Mr. Justice Teetzel, had dropped
dead this morning of apoplexy at the
Hotel Vancouver, where Mr. Justice
and Mrs. Teetzel had been residing for
the past month. They left Toronto
about five weeks ago and were en-
route for California where they in-
tended to make their home.

Mrs. Teetzel, prior to her marriage,
was Miss Priscilla Darling of Spruce
Elgin County, where she was born and
resided until her marriage, and she
had many relatives living in this vicin-
ity.

William Henry Ingram, 66, postmas-
ter at St. Thomas, died this evening at
his residence, Elizabeth street, after a
long illness.

He was born in Quebec and previous
to his appointment was for many years
engaged as a railway man, first being
a conductor on the old Canadian South-
ern Railway, now the Michigan Cen-
tral, and he was the principal organ-
izer of the Brotherhood of Railway
Conductors of America. He was ap-
pointed collector of customs at St.
Thomas by the Conservative Govern-
ment of Sir John McDonald in 1888
and two years later was made post-
master.

He is survived by his wife and
one son, William H. of New York
City, brothers Andrew Ingram, Ontario
Railway Commissioner; George and
Samuel of St. Thomas, Ontario, and
one sister also of this city.

WILL HOLD INQUEST.

John Martin, aged 60, dropped dead
Sunday morning in his boarding house
at 25 Gore Vale avenue. Altho Martin
had complained of illness for some
time, an inquest is to be held at the
mortuary.

INTERMENT AT JOLIET, ILL.

MONTREAL, Sept. 12.—The remains
of Sir William Van Horne, ex-chair-
man of the board of directors of the
Canadian Pacific Railway, who died at
the Royal Victoria Hospital yester-
day following an operation for
abdominal abscess, will be interred in
Joliet, Ill., his birthplace. The funeral
service will be held at the late Sir
William's late residence here on Tuesday
and the body will then be shipped to Joliet.

OFFERS TO INSTAL
HAMILTON PHONES

Automatic Telephone Com-
pany Would Supply Them
at Low Rate

HAMILTON, Sept. 11.—The pro-
posed municipal telephone system
was again discussed at the Inter-
electric board meeting this morning
when Willoughby Ellis, chairman, en-
quired what the cost of doing so
would be. He said that he had a communication
from the Automatic Telephone Co.
stating they could once instal a
system of 5000 phones and provide for
an extension to 12,000 phones. The
cost would be less than \$20 an instru-
ment.

The matter will be taken up with the
provincial hydro commission at once.
By his report the board of
works reports the discovery of a mys-
tery by District Foreman Reynolds. A
few days ago the latter, while his men
were cleaning out some gully drains
in the centre of the city, came across in
two instances a large number of
soft-nosed bullets apparently for use
in a heavy rifle. In all about 250 were
found, none of which had ever been
used. The city officials are inclined
to think that some citizen wanted to
test the rifle of the ammunition without
being questioned and undertook to
dump it into the city's sewers.

SOCIETY

Conducted by Mrs. Edmund Phillips.
Lady Drayton and Miss Drayton ar-
rive this morning at the Queen's Hotel
from Ottawa.

O. W. White, K.C., M.L.A., and Mrs.
White, also L. K. Lane, K.C., will leave
for Kingston tonight. Mr. White and
Mr. Lane are members of the shell
committee.

Mr. and Mrs. L. C. Owen and Miss
Helene Fraser leave this week to re-
side in Ottawa.

Prof. and Mrs. Hambourg and Sig-
nor Carboni invited a few friends in
to an informal tea at the Hamilton
Conservatory of Music, in honor of
the Italian consul and Madame Marino,
and Signor Creatore.

MOTORIST ARRESTED,
HIT BOY ON BICYCLE

Joseph Crangle, Bellwoods
Avenue, is Held on Criminal
Negligence Charge.

Joseph Crangle, 45 Bellwoods ave-
nue, was arrested on a charge of crimi-
nal negligence Saturday evening,
after his motor car had run down 14-
year-old Frank Martin, 421 College
street, on his bicycle at the corner of
Markham and College streets. Crangle
was allowed out on \$500 bail. The boy
lies in the Western Hospital, and al-
tho injured internally, is likely to re-
cover.

Martin was riding south on Mark-
ham street, and at College street turned
east. Crangle was driving his car
west on College, and struck the bicy-
cle while turning to go south on
Markham. Officer 584 was on duty at
the accident and placed the motorist
under arrest. The police allege Crangle
failed to stop at the right of the cen-
tre of the intersection of the street.

Found Dead in Bed.
William Harris, age 40, colored, was
found dead in bed by his wife at his
home in the rear of 217 Berkeley street
Sunday morning. Dr. J. J. Teetzel, 814
East Queen street, pronounced death
due to natural causes.
