

	PAGE		PAGE
Rubrospinal tract	140	Spinal cord, injuries of ..	147
Ryffel and Laidlaw on nu-		— — tumours of ..	140, 142
trient enemata	54	— nerve-roots, effects of divi-	
		sion of	138
Sakhi on hemophilia	74	— segmental areas, table of	
Salicylates poisoning	98, 101		144, 145
Salisbury and Kendle Short on		Spleen forming uric acid ..	85
cutaneous anaesthetics		Squint, divergent, in cerebral	
	178, 180	tumour	170
Saliva, factors controlling flow of	26	Squire, case of hemophilia ..	72 n.
Sandstrom discovered para-		Standardization of thyroid	
thyroids	4	extract	17
Satta on acidosis	100	Starling and Bayliss on secre-	
Schater on pituitary	18, 29	tin	42
Schiff on removal of thyroid	1, 2	Starr, Allen, on tumours of	
Secretin	42, 46	auditory nerve	156
Seidel and Hunt on iodothylin	8	Starvation, diagnosis of ..	103
Segmental areas, table of ..	144, 145	— survival in	86
Semicircular canals and nys-		Stereognosis	141
tagmus	155	Stewart and Baillance on re-	
Sensation, conduction in spinal		generation of nerve ..	129
cord	141	Stewart-Harte case	149
— localization of in cortex ..	157	Stomach, movements of ..	2
— in stomach	34	Stovain as local anaesthetic	178, 179
Sensibility, recurrent	129	Strychnine for shock	63
Serum of horse, for hemor-		Stuart-Harris test for β -oxy-	
rhagic tendency	78	butyric acid	109
Sharkey on nutrient enemata	54	Sudden death from chloroform	16
Sherrin on cutaneous sensation	124	Supratrenal glands, influence	
— nerve suture	134	in maintaining blood-	
Sherrington on concentration		pressure	60
of blood in shock	62		
— — spinal segmental areas ..	135	Tactile sense, conduction in	
Shock absent when posterior		spinal cord	142
nerve-roots are divided ..	135	Temperature sense, conduction	
— contributed to by chloro-		in spinal cord	141
form	119	Temporal lobe, functions of ..	157
— imitated in animals	60	Tetany, experimental	2, 4
— pituitary extract in	24	— treatment of	5, 15, 80
— surgical, causes of	61	Theriot and Fabre on con-	
— how to prevent	62	genital goitre	10
Short, Kendle, on division of		Thiele on muscular tone ..	154
posterior nerve-roots ..	139	Thomas, R. E., on nutrient	
— — — iodoform and thy-		enemata	84, 187
roidism	12	Thompson and Head on spinal	
— — oxaluria	90	tracts	141, 142, 143
Short, Kendle, and Salisbury		Thrombogen	69
on cutaneous anaes-		Thrombokinase	69
thetics	178, 180	Thyroid colloid, chemistry of	6
Sight, cortical localization of	158	— effects of removal of ..	2, 5
Soups and gastric juice	29	— extract, standardization of	17
Spasticity, division of posterior		— feeding	5
nerve-roots for	139	— intoxication	14
Spastic paresis in cerebral		— — from iodoform	11
tumour	171	Transfusion for hemophilia ..	78
Speech centres	166	Transplantation of nerve ..	135
Sphygmometers	57	Trephining, palliative, for	
Spinal cord, ascending tracts of	141	tumour	151
— — — descending tracts of ..	140	Trophic changes from division	
— — — does not regenerate ..	149	of posterior nerve-roots	138
