Chicago, Nov. 3.—The northeast gale which has been raging for over 48 hours and brought the first snow of the season to this locality, still sticks. Life savers at the examinations inst June.

On the platform were: Mr. L. Gordon in the chair), Revs. Principal Moody, Prof. Clark, Dr. Langtry, J. H. McCollum, Provost Welch, Prof. Rigby, A. H. Biddwin, F. Winslow, Canon Sweeney, Richard Askrott, Hon. G. W. Allan and Mr. E. M. Chadwick.

The chairman regretted very much the loss of their former principal, Rev. A. L. Ahorn, who had done a great deal for the school, and welcomed Mr. Moody, who had taken charge of the school Thanksgiving Day. Mr. Moody, on being asked to report for the school, said the attendance was ahead of what it had been last year. The boys who had tried the departmental examinations in July had all passed, and although 20 pupils had left last term, 23 new once had been added this term. In regard to the education given to the boys, he hought they received a much better education than it was possible to receive at the public schools of the city, and to send boys out of Church School to the public schools would be a check to their education.

Rev. Forbees Winslow of St. Leonards-on-the-Sea, England, spoke to the boys, whom he greatly amused by a speech, encourraging them in their work and play, and full of his school day adventures at Rugby.

The schoolary was apparently 50 years in old. On his left teagling was apparently 50 years in the school by the gentlemen on the platform, who made short speeches.

From the splendid plate glass front to the office in the rear, everything is up-to-date in every respect. Here Mr. Nixon is enabled to show his stock to good advantage, making a much more than ordinarily attractive display. A complete stock of all lines of men's furnishings is shown, many of them being handled in Toronto exclusively by Mr. Nixon. Just at present some very attractive ideas in men's neckwear are on exhibition. They are all new and are the finest goods of the leading makers.

TELEPHONE POLES ON STREETS.

the Madison-Avenue and Crawford-Street People.

The protests that have recently been made by ratepayers in different parts of the city against the erection of telephone poles on their streets afforded abundant food for discussion at the meeting of the Board of Works yesterday afternoon. Two Board of Works yesterday afternoon. Two thoroughfares in particular, Madison-avenue and Crawford-street, were the cause of a long, rambling talk, which finally terminated in a resolution being passed to the effect that the City Engineer be instructed to see it the poles cannot be erected in some place where they will not be objectionable.

Ald. Dunn, chairman of the sub-commit-tee appointed to discuss the advisability of mining in the city property north of Mc-Namee's cut and west of the Harbor Com-missioner's, again triged the board to recom-mend the recamation of the land. mend the reciamation of the land.

Ald. Lamb, however, refused to countenance the scheme, and claimed it would benefit the Toronto Dry-Dock Company's property, which adjoins, more than it would the city. Ald. Davies, he said, was simply spoiling the plans for filling in the land and completing the roadway which runs south toward the lake, and also he was advocating something which is far from being the property of the citizens of that party.

A Sewage Purifier.

Ald. Sheppard read a letter frim C. H. Ritchie, saying a client of his had a sewage purifying machine which he was fully satisfied would settle the question of sewage disposal, and all he wanted was an opportunity of demonstrating what the patent can accomplish.

Ald. Saunders, Sheppard, the Medical Health Officer and City Engineer will report upon it.

Health Officer and City Engineer will report upon it.

The recommendation of Engineer Rust that another appropriation, amounting this time to \$800, was necessary to complete and put in a proper state the road to the cattle byres. The recommendation carried, Ald. Lamb next champloned the cause of the ratepayers on Metcalfe-street, who are desirous of having a cedar block pavement instead of an asphalt, as recommended by the City Engineer. After a long, wordy warfare, in which Ald. Woods and Hubbard ran foul of each other, he finally succeeded in getting the recommendation referred back.

No Bulletin Boards.

The application of the Canadian Temperance League for permission to place a bulletin board at the corner of Shuter and Yonge-streets was refused.

Fuller-street is all torn up, and, although a quantity of material is lying there, work has not been proceeded with. This state of affairs has been protested against by the residents on that street, and the board asked Mr. Rust for an explanation. He says the contractors are short of broken stone, and are therefore unable to go on with it. Ald. Saunders, Woods, Bowman and the City Engineer have appointed a committee to look into the matter and see if things cannot be hurried up.

ULCERATED TONSILS.

Burdock Blood Bitters cured Mr. John Couch, of Wiarton, Ont., 11 years ago, and he has had no return of the trouble.

Ulcerations or Ulcerated Sores, no matter where they occur on the body, are an indication of bad blood. There is no means of curing them and healing up the sores unless the blood is purified, and there is no remedy can do this with such effectiveness as Burdock Blood Bitters. The case of Mr. John Couch, which we give below, is only another example of the wonderful thoroughness and permanency of the curing properties of B.B.B. Here is the letter written by Mr. Couch's daughter, dated Wiarton, Ont., Jan. 23rd,

1894: "This is to certify that some years ago my father, John Conch, was troubled with ulcers in his tonsils. After suffering for about a year and getting no relief from the doctors, he was advised to try Burdock Blood Bitters, which he did.

"On taking the first bottle there was a great change for the better, and before the second bottle was finished he was completely cured. We have great faith in B.B.B. as a blood purifier and family medicine, and would recommend it to all those who suffer from any disease resulting from impure blood." ETTA J. COUCH. Here is the letter written a short time ago. by Mr. John Couch:
