

Cruisers 1 and 2 (Diagram II) are for observation only, and lie within sight of the town, but out of range of the shore batteries. The firing ship (3) lies where it cannot be hit by the shore batteries, and the target, when about to fire, ship 3 warns 1 and 2 by wireless telegraph. They watch for the bursting of the shell, and take the time between the flash and the report by Kelvin's stop-watch, which gives the distance of each observation ship from the point of explosion. With their known distance apart as base-line A, they set off the distances B and C on the telescope, which, when applied to the chart of the town, shows the point where the shell fell along trajectory D has burst. Errors in gunnery are thus corrected by wireless telegraph signals to the firing ship. (Note: The numbers and letters on the telescope correspond with the ships and distances observed.) Similarly, by observing times of report of gun in ship 3, ships 1 and 2 can learn their relative position to that vessel. Diagram III—L and L 1 are signalling stations on shore. S 1, a friendly ship ap-

## STRIKE-BREAKERS CAUGHT KIDNAPPED BY STRIKERS

Twenty-Eight Started for Chicago  
From St. Louis, But 27 Have  
Disappeared.

Chicago, May 4.—An attempt to import 28 bakers from St. Louis to fill the places of strikers resulted today in a complaint to the police that 27 of the St. Louisians had been kidnapped by members of the Chicago Bakers' Union. Two of the striking bakers were arrested, and the police are looking for the 27 men who have disappeared. The men arrived in Chicago and started in a body for the plant of the Schulze Baking Co., where they had been promised employment. When within half a block of the shops they were surrounded by several hundred union bakers sympathizers. The strikers wanted the newcomers not to accept work at the beleaguered bakery. Some of the non-union men insisted, however, and a fight started. A riot call was sent in, but when the police arrived the crowd had disappeared. Only two of the St. Louis men had succeeded in reaching the Schulze plant and the others had been spirited away.

## BARTENDERS MAY JOIN IN STRIKE

Meantime Brewery Workers Wait  
Till To-Night Before Deciding.

It was stated last night that if the brewery workers strike it will have a more far reaching effect on the business than at first thought. The bartenders, in the city, it is declared, are in sympathy and will most likely aid them. One of the supporters will give, it is said, will be the refusal to handle any of the beer manufactured by the breweries involved. The Bartenders' Union is about 300 strong.

Doubt still surrounds the intentions of the Brewery Workers' Union. The meeting last night failed to decide whether a strike would be called or not. By the decision of the local committee, it was decided some days ago that the matter would be referred to the international executive to deal with and no strike ordered without their sanction.

The executive was to meet in the Cincinnati headquarters last night and send a reply not later than nine-thirty. It is said, however, that by the time after eleven, when it became evident that nothing was to be learned, an adjournment was taken until to-night. It was the wish of many that action should be taken at once, but a number of the older members of the union prevailed.

## REYNOLDS FOUND

London, May 4.—A remarkably fine Reynolds has just been discovered hidden away in the servants' hall at Elton Hall, the Huntingdonshire seat of Lord Carysfort. During a recent visit, a connoisseur, passing through the servants' hall, noticed a picture hanging on a neglected corner, without a frame. He thought he noticed traces of the great master, and a closer examination revealed the fact covered by dust and dirt was a genuine portrait painted by Sir Joshua Reynolds in the height of his fame and fortune.

The portrait is one of Mr. Bowles, an eighteenth century minor poet, who found a kind patron in a former Lord Carysfort, who appointed him librarian at Elton Hall.

Sir Joshua Reynolds visited the hall to paint portraits of the family, among his sitters was the librarian. The picture was copied, and what is said to be one of these copies passed out of the hands of the Bowles family. After going through many hands, it was secured as the original at a fancy price by an American collector. Undoubtedly the picture now discovered by the connoisseur is the actual work of Reynolds.

## OFFER \$20 REWARD

Burlington, May 4.—The Township of Nelson Protection Society has offered \$20 reward for the arrest and conviction of Louis Messie, who is suspected of having stolen \$20 in cash and a quantity of jewelry from E. C. Kerne. Messie is about 25 years of age and a Frenchman, and is said to be possessed of a revolver, a big knife, steel knuckles and some burglar's tools.

## PREMIER IN OTTAWA

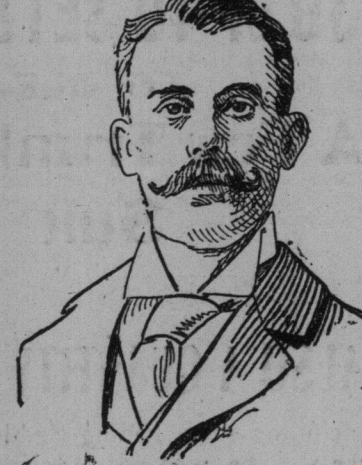

Ottawa, May 4.—(Special).—Hon. G. W. Ross arrived in the city to-night. He declined to make any statement as to the object of his visit, facetiously observing that he was here to see if the Laurier government could get along on a majority of sixty as did his government on a majority of three. He leaves for Toronto to-morrow night.

## HIS ARM BLOWN OFF

John Croft Injured While Dynamiting  
Wall at Fire Ruins.

Since the work of dynamiting the ruins throughout the area devastated by the fire has been in progress the workmen have been taking unnecessary chances with the very dangerous material which they are using. This resulted yesterday in a very painful and serious accident to John Croft, 27 1/2 years of age, who was employed in the work.

He had put three charges of dynamite

JOHN CROFT.

under a section of the Gage Company's building and two of the charges had exploded as he had expected. The third, however, was a trifle too large and he went to investigate. When he got near to it he saw the fuse spattering dangerously near to the charge, but before he could withdraw it or get to a safe distance the charge went off, blowing off his arm.

He was taken to the Emergency Hospital, where the doctor trimmed off the wounded limb. At the time he was resting easily and will soon be around again.

## WAR NOTES

St. Petersburg, May 4.—A story is circulated here of a Russian episode in the fighting on the Yalu River, and the desperate bravery of a Russian regiment which without artillery support attacked two and one-half divisions of Japanese. The Russian, headed by a chaplain bearing a cross, fought like lions, but were crushed and almost annihilated by overwhelming numbers, the scenes after the fight resembling a shambles.

New York, May 4.—At the Yalu River crossing the Japanese dead lie piled up literally in heaps, and Gen. Kuroki's success was purchased at such a heavy loss that the Japanese are disposed to regard it as rather a defeat than a victory for him. Gen. Kuroki's troops showed that the Russians fought with such bulldog tenacity and bravery against the overwhelming superiority of the enemy that the latter's nominal victory was eclipsed by the prowess of the czar's soldiers.

Port Arthur, May 4.—The Japanese attempt to block Port Arthur was begun a few minutes before 1 o'clock, when the first shots were fired awakening the town to the thunderous noise. It is reported that two Japanese torpedo boats were sunk, the remainder withdrawing in a damaged condition.

The Japanese attacked brilliantly without seeming to notice the murderous fire directed against them. The Russians captured two officers and thirty men.

During the bombardment the big guns of the Russian ships and batteries fired 2500 shots, while the machine guns of the gunboat illik fired 3000 shots.

London, May 4.—The special telegrams to The London Chronicle, dated Che Foo, asserting that the Japanese fleet near Newchwang is the Japanese fleet.

## WHAT DENISON SAID

(Canadian Associated Press Cable.) London, May 4.—At a meeting of the Empire League council last night Lord Avebury said he was often asked what was the use of the league? In reply to that question their distinguished colleague from Canada, Col. Denison, had told him Canadians were extremely impressed by the imperial league, and it informed him that fresh heart into Canadians and convinced them it desired to maintain the imperial connection between the motherland and the colonies.

Des Moines, Ia., May 4.—William Randolph Hearst to-day carried the Iowa Democratic convention by a majority of more than 150 votes. Heard resolutions were adopted, Hearst delegates were seated, and Hearst delegates were selected. The delegates were instructed to vote as a unit.

## TORONTO MAKE A TERMINAL OF TRANSCONTINENTAL LINE

What the C.P.R.'s Extension to  
Sudbury Means to  
This City.

Ottawa, May 4.—(Special).—There is no bluff and there is no deal in the C. P. R.'s proposal to build a line from Toronto to Sudbury, said a prominent railway man to The World to-night. He gave some particulars of events leading up to the announcement of the C. P. R.'s intentions that throw considerable light on the move.

The C. P. R. was never satisfied with its Grand Trunk connection between Toronto and North Bay. It desired a shorter and an independent connection, but the probability is that less haste would have been shown in this direction if, as is now being done, had not been pushed on their James Bay road with such determination. The World's informant says it was Mackenzie & Mann's intention to have the C. P. R. running rights over their James Bay road from Toronto to Sudbury, in return for which they hoped to secure from the C. P. R. running rights from Sudbury to Port Arthur. The C. P. R. came to the conclusion that it could not thus place itself in the hands of Mackenzie & Mann, so determined to strike quickly and effectively.

He was taken to the Emergency Hospital, where the doctor trimmed off the wounded limb. At the time he was resting easily and will soon be around again.

The C. P. R.'s action, while perhaps a hard blow to the plans of Mackenzie & Mann, does not necessarily mean the abandonment of the latter's James Bay project. It is accepted as a fact that Mackenzie & Mann will build with all possible haste.

To Give It Away. London, May 4.—Wm. Randall Crum, secretary of the John Macdonald Patriotic League, announced at a dinner in his honor to-night that the Nobel prize money of £10,000, awarded to him, will be invested at a guaranteed interest of 5 per cent, the proceeds to be used for the Patriotic League to promote arbitration.

The dinner was attended by 200 persons, including Andrew Carnegie, Lord Kinnaird, Thos. Burt, the Radical member of parliament for the constituency of the London and North Western Railway, and others.

At a meeting of W. B. Reid with his creditors to-morrow afternoon in the office of Astaire E. R. C. Clarke, the latter will decide finally the question of the acceptance of his offer to pay 35 cents on the dollar. From indications it is probable that a compromise on that basis will be effected.

A meeting will be held in the Hall building Friday night to complete arrangements for the election of the new members of the Board of the British Columbia and Vancouver Island Railway.

## Baptist Testimony

Instant Relief From Colds,  
Headache and Catarrh.

Rev. P. I. Frey, pastor of the Maple Street Baptist Church, Buffalo, N.Y., writes: "I have been greatly troubled with colds, headache and catarrh. I have used Dr. Agnew's Catarrhal Powder with best results. In fact it has done wonders for me, and I wish to recommend it to everyone. This remedy is also a perfect specific for influenza. Dr. Agnew's Ointment is without an equal for skin diseases of all kinds."

Christopher Robinson and Mr. Fuller  
Will Go to England to Argue  
City's Interests.

It is improbable that the matters at issue between the city and the Toronto Railway Company will be brought to trial before the judicial council as the city has already ample work before it to occupy the attention of the lawyers during the summer.

There are three appeals pending before the judicial council, which will be tried during the next few months.

They are the Bell Telephone Company case, in which the city is appealing against the judgment allowing the company to erect poles and struts wires on any streets without the consent of the municipality; the C.P.R. land taxation appeal and the appeal of the Street Railway Company in the car assessment question.

The city will engage Christopher Robinson, K.C., and it is probable that J. S. Fullerton, K.C., will also be engaged to go to England in June to act in conjunction with Mr. Robinson.

Assessment Commissioner Fleming, accompanied by E. J. Lennox and H. W. Brown, 73 College Street, and two other men, left for the island yesterday to look over the ground available for the proposed new line. Nothing definite was done in the matter of selecting a site, and it is probable that there will be any further developments, as the parties were extremely non-committal as to their plans.

## COLOR LINE DRAWN

By Hotel of Los Angeles During  
Church Convention.

Los Angeles, May 4.—The Episcopal convention met here to-day. When the convention attending the assignment of delegates to the annual meeting of the Episcopal Church, twenty-eight years ago, Dr. Wainwright, missionary in India, told of the work he had done in that country. He said, 185,000 patients had been treated, 80,000 operations performed and eight restored to several hundred.

In the morning and afternoon the business of the society was gone on with. Miss Bessie McMurtry read the secretary's report; the annual reports were presented, financial reports received and non-nationals put in. The election of officers is the first order of business to-day.

## 'MAY FETE' AT ST. JAMES'

Grafting Success, Adding to St.  
John's Hospital Funds.

The 'May Fete' being held yesterday and to-day in St. James' school house is proving a most successful method of adding to the St. John's Hospital improvement fund.

The afternoon's entertainment, following upon the serving of luncheon, consisted mainly of minutes and dances admirably executed, the minut De La Cour, under the direction of Miss Louise Shanley, participated in by eight ladies and a similar number of gentlemen, meriting especial praise.

The committee, a 'Friend of the Hospital' was the evening's chief entertainment offering. The cast included Mrs. Grayson Smith, Miss Anne Wallace, Miss Wallace, Miss Victor Heron, A. McLean Macdonell, Geo. Sweney and Louis Allan Conard. A preliminary program was contributed by Miss Greer, Mrs. Garratt and Miss Beardsmore.

Among the ladies' actively identified with the 'Fete' are Mrs. Machell, Mrs. Lionel Clark, Mrs. Graham Thompson, Mrs. Archie Langmuir, the Misses Nordheimer, Mrs. Willie Ince, Mrs. Holloway, Mrs. Stikeman, Miss Evelyn Cameron, Miss Christobel Robinson, Mrs. Piper, Mrs. Peleg Howland, Miss Cattinich, Mrs. Henry Harlow, Mrs. Oates and Mrs. Harley Roberts.

Mrs. Machell, to whom the credit of originating the 'Fete' belongs, as the assessor of the improvement fund, has already collected subscriptions to the amount of over \$100, a liberal donation from Lord Strathcona being included. The revenue arising from the sale of admission tickets, from luncheon and tea, and from the refreshment booths and bazaars during the two days should materially aid St. James' school house was loaned for the occasion thru the courtesy of Canon Welch.

## SOO REORGANIZATION

Plan Will Be Declared Operative  
To-Day or Friday.

Philadelphia, May 4.—It was announced to-night that the details for the reorganization of the Consolidated Lake Superior Company are in such shape that the plan of reorganization will be declared operative probably to-morrow or Friday.

The charter of the new company, which will be known as the Lake Superior Co., has been drafted and forwarded to Judge Walter C. Noyes, of New London, Conn., in order that the company may be incorporated in that state, in which the old company was also chartered.

The various mortgage papers of the new company have been prepared, and the banks of Philadelphia, New York, Montreal and Toronto to whom the old company was indebted, have granted an extension of time asked for by the Canadian Improvement Co., which will underwrite the reorganization.

The Lake Superior Company will have a capital of \$10,000,000 first mortgage bonds of \$10,000,000 and income bonds of \$5,000,000. The new company will start operations with \$10,000,000 cash. This will be secured by an assignment of \$5,000,000 on the stockholders, a \$5,000,000 subscription to bonds and a \$2,000,000 loan guaranteed by the Ontario government.

Sprey & Co., of New York, who bought the old company's property at the Soo, at foreclosure sale, have consented to transfer the property to the Canadian Improvement Co., when the firm's direct share in a \$5,000,000 loan and foreclosure expenses are paid, of which amounts to about \$2,000,000.

## SHORT ROUTE TO TIBET

Chumbi, May 4.—A survey party which arrived at Chumbi, by way of the Ammo Chu valley reports that the new route into Tibet presents no considerable engineering difficulties.

The new road will start from Chaisa on the railway station on the Bengal-Duars Railway and follow the ridge between the Dechu and Ammo Chu valleys for some forty miles. Thence it will descend by an easy gradient into the Ammo Chu valley and up the river to Chumbi.

The highest point to be touched is about 9500 feet. The road, which is to be 85 miles long, is traversed by dense forest and is flanked by steep hills on both sides. It is hoped that the new route will be practicable for carts the whole way. The present cart route along the Jelep route extends for only 44 miles, and is generally broken up during the rains. The new route has also the advantage of being nearly 4000 feet lower than the Jelep route at its highest elevation, and is some dozen miles shorter.

## LEA & PERRINS' SAUCE

is a combination of good things that cannot fail to please the  
King of Epicures.

J. M. DOUGLAS & CO., Montreal, Canadian Agents.

## KAY'S "ARTISTIC GOODS FOR THE HOME."

## WALL PAPERS

WHAT A DIFFERENCE a different wall paper makes on the wall. The beauty of the home rests in large measure on the wall covering. Only papers that are really beautiful and artistic are sold in this store. There is variety enough to secure conformity to the carpets and furnishings of any room. Our new to-day of several special lines:

- Very fine lot of English Wall Papers, made in England in artistic green and artistic blue and "Companion red, 25c per roll.
- Tasty self-colored papers for drawing-rooms, satin effects, having the appearance of silk materials—only such goods as can be made in France, for only there do we find this variety of coloring—per roll 85c to \$2.50.
- Very pretty tile papers, suitable for bathrooms and back kitchens. These are block printing. Special \$1.25 per double roll.
- Plain Ingrain Wall Paper, made in England in artistic green and artistic blue and "Companion red, 25c per roll.
- Tasty self-colored papers for drawing-rooms, satin effects, having the appearance of silk materials—only such goods as can be made in France, for only there do we find this variety of coloring—per roll 85c to \$2.50.
- Very pretty tile papers, suitable for bathrooms and back kitchens. These are block printing. Special \$1.25 per double roll.

## Beautiful Cretonnes

Alongside the wall papers, and keeping agreeable and good company with them, is our cretonne stock—and it is a very beautiful stock—really well worth any one's while to visit this section to study the artistic blending of colors found in these cretonnes.

- Beautiful stained, glass effects in Cretonnes in green, blue and violet. Very cool and yet very rich looking goods and prices so moderate.
- Hand-blocked Cornish silk, 36 inches wide, printed by hand. These are new goods and a large variety of them in very beautiful effects, per yd \$1.50.
- Some pretty effects in Cretonne in Empire design, reversible, very special, 20c a yard.
- Just received a lot of Texas Cretonnes, a heavy cotton material suitable for couches, furniture covering, cushions, as well as curtains. They give great wear. In certain they possess a transparency effect. Prices very reasonable.
- Some pretty effects in Cretonne in Empire design, reversible, very special, 20c a yard.

Samples of wall papers or cretonnes with all needed particulars sent by mail in response to the call of out-of-town shoppers.

30 other horses will also be sold.

## DELIVERED To any address in the City or suburbs from now to August, for only 50c last edition

## THE TORONTO SUNDAY WORLD

PRINCES AS LINGUISTS. London, May 4.—The Prince of Wales is extremely anxious that his children should become good linguists about all things.

The King's brilliant success as a diplomatist and peace-maker, due chiefly to his great tact and knowledge of men, has been greatly helped by his mastery of foreign tongues.
