Several games of sport were played to-day at Toronto Junction on Saturday afternoon in which the local teams were all victorious. The Canadian Lacrosse League game between the Shamrocks and Young Torontos was in favor of the Shamrocks all the way. The Young Torontos were out of their men and in the first 20 minutes did not score a goal, while the Shamrocks placed the ball between the flags six times. The Shamrocks were then taken off the field, but even then the Shamrocks were in the ascendancy, and the match was won in favor of the Shamrocks by 11 to 2.

The Weston baseball team played a league game with the White Oaks and went down to defeat by a score of 8 to 6.

St. Cecilia played a league game with the Independent baseball team, and were victorious by a score of 9 to 1.

The 7-year-old child of F. Abel, 16 Dundas-street, was buried to-day. Death resulted from diphtheria.

HOME.

Westminster Presbyterian Church celebrated its thirtieth anniversary yesterday, when Rev. Dr. Ross of the street, preached both services. The pulpit was handsomely decorated with flowers, and the choir rendered special music.

Last evening Dr. Ross took his text from St. John, xiv, 2, the verse being, "In my father's house are many mansions." The last words of the departed are always treasured as sacred memories. These were practically the last uttered by the Saviour, and were fraught with a peculiar significance. While thirly believing in a religion that makes men good here, Dr. Ross said this religion was only full when bound up with an assurance of immortality. The preacher dwelt especially on the significance of the word "home."

Yesterday the pulpit was occupied by Rev. P. Winchester, pastor of Knox Church, Toronto, at 2:30, and in the evening by Rev. Dr. Stewart. At each of the services music was furnished by the Lyric Quartet, Club of Emmanuel Church, Toronto. There were large attendances at each of the services. Mr. Phillips, pastor, participating at each of them. This afternoon at 3 p.m. a re-union of the old pastors and members will be held, with addresses by J. H. Houghton, Dr. Stewart and Rev. W. Weeks. At 6 o'clock public tea will be served, followed by a platform meeting, to be addressed by Rev. A. P. Brace, B.D., Willowdale; C. H. Scott, Toronto; Rev. J. C. Tibb, Rev. W. Weeks, Dr. Stewart and others. Music will be furnished by the Lyric Quartet, Mr. and Miss Senior, and Master Earl Ludlow.

East Toronto. East Toronto, May 29.—In Hope Methodist Church to-night, Rev. Mr. Wilson delivered an address, basing his remarks upon the words, "David behaved himself wisely." The church is steadily growing in numbers and interest.

In the Presbyterian Church, Rev. Mr. Rogers has studied of the Epistle of James, which has proved most interesting to the members of the church. During his absence in St. John N.B., the regular week night services will be taken by a supply from the city.

The football match on Saturday afternoon between the York Intermediates and All Saints' Church was a fine exhibition of the game and demonstrated the fine playing qualities of the Yorks. The score was 4-0 in favor of the home team. In the juveniles' intermediate game, between the Brownies of Toronto and the York Juvenile Football Club, the score was even more favorable, standing 8-0.

Mayor Walters accompanied by Charles Lyon, Walter Caruthers and Mr. Carvel, leaves to-night for possibility

RUSSIA'S HIGH MOUNTAIN NEVER BEFORE DESTINATION

Where Are the 400,000 Men That St. Petersburg Claimed to Have?

St. Petersburg, May 29.—When the war commenced it was firmly believed that Russia had nearly 200,000 men east of Lake Balkal, and with the utmost confidence it was declared that this number could easily be brought up to 400,000 in two months.

Everybody is now asking: Where are these 400,000 men? It has been stated so frequently, and from so many different sources, that the garrison at Fort Arthur numbers less than 20,000 men, that Gen. Kurapatkin has well under 100,000 men at Liaoyang and Mukden, and that Vladivostok is garrisoned by only a couple of regiments, that these figures have come to be regarded as approximately accurate.

If, then, the whereabouts of less than 120,000 men are known, what has become of the odd 300,000, which were in the far east at the outbreak of war, and where are the thousands of reinforcements that have undoubtedly been entrained since February?

Every week—almost every day—since the war began troop trains have left all the principal military centres to start on the long journey by the Trans-Siberian Railway, but they do not seem to have ever reached their destination. The explanation probably is that thousands of men are stranded at intermediate stations on the railway, waiting for trains to take them on to Vladivostok and Harbin to Vladivostok, giving the communications.

Thus Gen. Kurapatkin finds himself the centre of the Japanese attack with about 100,000 men to oppose a force that number, while the rest of his forces are scattered over hundreds of miles of territory, and consequently unable to concentrate.

Big Show at Munro Park. The show announced for this week at Munro Park is one of the very best, and shows the wisdom of the management in arranging a large circuit of the best parks, so that the shows they secure are equal to any given in the big vaudeville houses. The Toronto people are glad to know that Arthur Buckner, known as the cycle marvel and sensational rider, who is a native of this city, will appear daily and will give one of his wonderful performances on the wheel. Le Hirt, the flexible wonder, will appear from the big New York theatre, Mabel Hudson, the Lillian Russell of the vaudeville stage; the Paloro Brothers, in fun with a windmill; Miss Edna, the Blunder of the "Katsenbach Kids," in new songs; Dupree and Dupree, in German dialog; Carl the Great, in new tricks, with other acts, make up a show which will delight the hearts of all who attend. The show is given daily at 8 p.m., with a matinee Saturday at 3 p.m.

Treaty-Making Powers. London, May 28.—Thomas Hodgins, writing of Canada and the treaty-making power in The Saturday Review, says that the French Treaty of 1858 was negotiated by Lord Dufferin and Sir Charles Tupper, provided that the prior consent of the British cabinet be secured before ratification by the home government.

Pope Awarded Decision. Rome, May 29.—The Pope was up until 1 o'clock this morning awaiting telegrams from the French chamber of deputies in the French chamber of deputies on the policy of the Combes ministry towards the Vatican. Notwithstanding the strong anti-papal statement of Premier Combes, the pontiff expressed satisfaction at the fact that the chamber did not repudiate the Franco-Vatican rupture, definite as he believes with respect to reciprocal explanations all will be satisfactorily settled.

Cap. Not Blamed. Montreal, May 29.—Commander Salmon has given judgment in the case of the Vancouver grounding. The captain is exonerated from all blame, as all precautions had been taken and the Mate's shore light was invisible owing to the fog.

ENGINE STRUCK GIRL.

Bellevue, May 29.—At 7:30 last night a possibly fatal accident occurred at the railroad crossing on Grier-street. A girl 12 years of age, Jane Payne, was watching a freight train going west when another freight from the east came up with the girl seeing it the steam engine struck her, killing her and knocking her into the ditch. Beyond a few scratches on the little one's face, her injuries are all internal.

Mrs. David M. Grier, aged 32 years, dropped dead on Saturday evening at her home on Dundas-street.

The young girl is sad, does not like company, has palpitation of the heart after slight exertion, dyspepsia, constipation, pains in the head and limbs and along the spine, and her face is pale with a greenish tinge. She is the victim of green sickness. This is a case in which the nervous system is impaired and the blood is impoverished. A good tonic is needed to bring her back to health. Every boy or girl that uses Ferrerozine has more spirit and strength, and a rosy color came into her cheeks that I never saw there before. I just made sort of a test case and weighed my niece about the time she started to pick up. Well, in seven weeks she gained almost eight pounds and just looked the perfect picture of health. I think this should be an example to many mothers, and I hope that others will try Ferrerozine for their little boys and girls. I am thoroughly convinced that it's the most strengthening tonic that can be bought anywhere. It has my strongest endorsement, which I am willing should be publicly used if it will help others."

"SWEET CAPORAL" BALLOON.

Ascension and Parachute Drop, With Souvenir Distribution, an Event at the Island.

One of the extra attractions at Hanlan's Point on Saturday afternoon, and one of the best drawing cards of the day, was the Sweet Caporal balloon ascension. The event is one that has taken place in Toronto before, but the crowds at the island who waited for the day, was the Sweet Caporal balloon ascension. The event is one that has taken place in Toronto before, but the crowds at the island who waited for the day, was the Sweet Caporal balloon ascension.

At a distance of fifty yards from the earth, the aeronaut released a spring and down rained Sweet Caporal souveniers and buttons. The small boys scrambled and their elders grabbed until in a minute every one of the ground was covered with the coveted articles. Meanwhile the balloon was fast becoming a little black ball in the sky, and the aeronaut was barely
