Agricultural Interests Should Be Looked After by Practical Farmers. Is Candidate's

WOODSTOCK, May 11 .- John Calder, of East Nissouri, who was the unani-mous choice of North Oxford Liberals at their recent convention here, will in all probability receive the seat in the Ontario Legislature vacated by Hom. N. W. Rowell by acclamation. At a big meeting of the United Farmers' Club of Oxford, held here this afternoon, it was unanimously decided to indorse the candidacy of Mr. Calder.

noon, it was unanimously decided to indorse the candidacy of Mr. Calder.

At today's convention not a dissenting voice was heard.

In his address Mr. Calder said he believed that the farmers should be represented by a farmer. He promised that if sent to Toronto he would do his utmost in the interests of his agricultural friends. He thought it would be a fine idea for the farmers' clubs to have a committee composed of three to five members, whose business it would be to discuss the problems of the farmers with the representative from their riding, and let him act accordingly.

Francis Stauffer, who is chairman of the Farmers' Club, stated at the commencement of the meeting that Mr. Calder would be heard, and if his platform was found satisfactory he would be indorsed.

Col. Currie was unable to see why Col. Currie was unable to see why the House could not adjourn until autumn. Failing this, he said, there were pienty of matters for Parliament to consider and the extension of the session for a few weeks would not cause much protest. The bill, he claimed, was the result of continued agitation by Government employees. Under it, the right of appointment would go to the civil service commission.

"And how are the appointees to be chosen?" he queried. Answering his question, he intimated that postmasters and customs house officials in the various constituencies would be consulted.

"Why?" asked Mr. Currie. "Because the organization of the civil service is so strong that the Government could not do anything."

Col. Currie thought that the ministers should be given power to dismissemployees if necessary, and declared that he could name two or three civil servants in Ottawa, who had made themselves very offensive.
