FINAL PLANS FOR LIBERAL CONVENTION

All Senators and M.P.s Who Will Co-operate Welcome.

INVITE WOMEN DELEGATES

Canadian Council of Agriculture and Labor Representatives Eligible.

OTTAWA, May 8.—D. D. McKenzie, Liberal leader, this evening, gave out a statement covering the arrangements made in connection with the national Liberal convention to be held in Ottawa on August 5, 6 and 7. The purpose of the convention will be:

First, to draft the platform of this Liberal party.
Second, to deal with the question of party organization.
Third, to select a leader in succession to Sir Wilfrid Laurier.

Representation at the convention will be as follows:
1. All the members of the Senate and the House of Commons who desire to co-operate with the Liberal party, and all the Liberal candidates who were defeated at the last Dominion election.

2. The Liberal premiers and the leaders of the Liberal opposition in the several provinces.

3. The presidents of the nine provincial Liberal associations.

4. Three delegates from each Dominion constituency, who will be elected at a local convention to be called for the purpose. In the case of constituencies having two parliamentary representatives, six delegates will be elected. Women will be eligible for election as delegates in all constituencies.

5. The Liberal members of each provincial assembly and the Liberal candidates defeated at the last provincial election in each province, acting jointly, shall have the right to select from among themselves a number of delegates equal to one-fourth of the total number of representatives in each provincial assembly.

Invitations will be extended to the Canadian Council of Agriculture, the Dominion Trades and Labor Congress, the Great War Veterans' Association and the Canadian railway brotherhoods to send representatives to the convention for the purpose of presenting their views.

A local convention is to be called in each Dominion constituency not later than the 31st day of June for the election of delegates.
Andrew Haydon, Ottawa, is the general secretary of the convention.

METAL WORKERS MAY NOT CALL A GENERAL STRIKE

Expect Expiration of Other Agreements Will Help Their Cause.

MORE STRIKES SCHEDULED

St. Catharines Workers Will Quit Work Today—Strike at Orillia.

TORONTO, May 8.—Beyond a meeting in the Queen's Park, at which the membership of the different unions reiterated their confidence in their council which is directing the strike, the situation in the metal trades remains unchanged. The meeting in the Queen's Park was presided over by Col. Grasset, chief constable, after the strike committee had been unsuccessful in obtaining a permit from the civic authorities. It is to be followed by another meeting on Sunday to which all wage earners, as well as strikers are invited when the merits of trades unions will be dealt with by speakers from the metal trades council and others.

There is no suffering yet among the strikers, and it was a question today, when a general strike through the province was discussed whether the strikers would not continue without asking support of a sympathetic nature in view of the expiration within the next three weeks of the agreements of several Toronto unions. If the other unions obtained their demands the strikers believe they will have public sympathy, and if not they will be strongly reinforced by these organizations.

Some painters were instructed to leave the employ of the three departmental stores to join the striking painters, although they were receiving the union scale and other benefits, and the building trades league will commence on Monday to take a strike vote of its eighteen unions on the question of support to the painters and metal trades union.

According to Mr. Brown, J. G. Merrick has promised that he will attempt to bring the members of the metal trades and foundries branch of the Employers' Association into conference with the metal trades council. The general strike, said Mr. Brown, depends upon Mr. Merrick's ability to bring the employers into a conference with the council.

"Trades unions," said one of the leading figures in the strike today have their limits, and don't think that we will not take advantage of the wave or organization for political purposes." There is an interesting strike in

Orillia, where 500 unskilled laborers are on strike. Members of the metal trades council went to Orillia to assist them tonight.

OTTAWA, May 8.—The strike of approximately 3,000 men in the building trades industry is over.

The trouble was brought to and end this morning by the acceptance at a mass meeting of the strikers of an agreement reached at a conference held yesterday afternoon. The men gain an all-round increase in wages approximating about 20 per cent, the eight-hour day, elimination of all overtime, and other concessions.

ANOTHER AT MONTREAL.

MONTREAL, May 8.—There is one less strike in Montreal today, but there are 3,400 more men on strike. This condition results from the fact that while the Canada Sugar Refining Company, Limited, strike, and the window cleaners' strike, involving about 600 men, have been settled, 4,000 workers of the Canadian Car and Foundry Company are out. The men want an eight-hour day, an increase in wages from 25 and 50 cents an hour to 55 and 80 cents per hour, and the abolition of piecework.

THE TIMAGAMI FOREST RESERVE.

Every angler who knows the real thrill of landing a "big fellow" desires to enjoy the sport that the wonderful Timagami region of Ontario affords. Sportsmen who have fished all the important waters of the continent declare that the fishing in Timagami cannot be excelled. Lake Timagami, with its sixteen hundred islands and three thousand miles of shore line is the home of the black bass, the brook trout and other game fish, while the innumerable smaller lakes are also well stocked. There are no hardships to be encountered in reaching Timagami. A few minutes after leaving the Grand Trunk through train from Toronto the sportsman finds himself in the bosom of the forest, and in a labyrinth of islands, inlets and channels inviting him to go north, south, east and west. There are good outfitting facilities, and also some boarding establishments, but this great region is still absolutely unspoiled. For full particulars and information regarding this territory, apply to Grand Trunk agent or C. E. Horning, D. P. A., Toronto, Ont.

Every Woman Needs IRON at Times

If women would only take Nuxated Iron when they feel weak, run-down, tired out—when they are pale, nervous and haggard—there are thousands who might readily build up better constitutions, become checked, strong and healthy and be much more attractive in every way. When the iron goes from the blood of women, the healthy glow of youth leaves their skin and their charm and vivacity depart. A two weeks course of Nuxated Iron works wonders in many cases. Satisfaction guaranteed or money refunded. At all good druggists.

15 Models from which to select

HERE are five of the fifteen Ingersoll models. A model for everyone at a price that suits everyone. That's the Ingersoll motto.

Thos. A. Edison developed the electric light timing himself with an Ingersoll; Stefanson's polar expedition was equipped with Ingersolls by the Canadian Government; the Allied armies marched and fought and won on Ingersoll time.

This is the best time to select. The dealer has a full line now.

An Ingersoll sign will identify the store that sells the complete line of Ingersolls. Look for the name "Ingersoll" on the dial of the watch you buy.
