### Terrible Breathing Difficulty.

"For ten years," states Capt. Mc-Donald of Kingston, Ont. "I have been a terrible sufferer from bronchic asthma, and often it was so bad that or nights at a time I couldn't sleep. I spent hundreds of dollars on doc-tors and medicines, but one dollar outfit of Catarrhozone cured me." Four months later Capt. McDonald. writes, "I am still perfectly well and have no bother from my old trouble." The reason Catarrhozone is so successful is because its healing balsam and vapors get at the root of the bronchial irritation; right where the disease has its root. Other remedles work thru the blood or the stomach; Catarrhozone works directly on the diseased membranes and always does cure asthma, bronchitis and catarrh. At all dealers, 25c, 50c and \$1.00 sizes the latter is guaranteed.
