SHORT DIVISION.

The schoolmaster of a small village asked his pupils the following question:

"In a family there are five children, and mother has only four potatoes between them. She wants to give every child an equal share. What is she going to do?"

Silence reigned, while everybody thought hard, till a little boy stood up and gave, to the great surprise of the master, the following answer.

"Mash the potatoes, sir."—Judge's Library.

The annual meeting of the Main street Baptist church was held last night in the every of the church, Rev. David Hutchinson presiding. The pastor's and the church clerk's reports were read. The report of the treasurer, W. H. White, showed that the total receipts, exclusive of pew rents, were \$4,509,61, the expenditures, \$4,492.12 with the bills for current expenses up to the end of the year paid.

The trustees' report showed that the church's property was in a good state of repair.
