ITALIAN TROOPS ARE WELL FED

Some Even Have Restaurants Close to Firing Line—Living in Caves Complete With Rough Furniture

The Italian front in Trentino, Aug. 20. (Correspondent of The Associated Press)—With the exception of the British fighting in France, it is said no other nation takes such good care of its soldiers as Italy. The food is excellent and plentiful. The rations are cooked twice a day and served hot. In the trenches, on the reserve firing line, or on the highest mountain, the Italian soldier is well fed. The first aid corps provides adequate facilities for handling the wounded along the firing line while numerous field hospitals are located conveniently to the front. Several large base hospitals have been built in the mountains. In addition there are numerous relief camps carried out by private and public subscription. Chief among these are "first aid restaurants," which were established by an Englishwoman, Signora Haulb-Skell, widow of the former prominent officer of the Italian Alpini, and Signora Sagnant, who was Miss Dewar of Hamilton, Ont. Some of these restaurants are set up close to the firing line. Others are located at bases or main supply depots. In addition to giving regular meals, the restaurants supply the soldiers with delicacies not provided for in the army rations.

Along the front in the Trentino one sees rapidly from the heat of the valleys to the sharp peaks of the Alpine heights. While the army in the lower sections has been digging itself in, the troops holding the mountain positions have literally blasted themselves in. In the heights the soldiers' living quarters are cut in the solid rock. In many cases these caves are lined with planks, and all are heated by fireplaces. In the Cadore, north of Cortina and near the Marmoleto Mountain, which rises nearly 1000 feet, there is a fair-sized town consisting entirely of in-trenchments or dugouts and caves. All of the caves are furnished with rough furniture made on the spot. The officers have beds of moss. The walls are covered with military clocks and decorated with ivy and fir cones.

Over the entrance to the officers' mess is a picture of the Alps. In the center of the "hotel" hangs a cage containing a canary captured in an Austrian trench. Outside of the mess hall and at various places in the cave-town life-sized and heroic busts of King Victor have been carved in the rock faces. A chapel has been cut in one side of a large spur of rock where it is sheltered from the enemy's shells. A portable altar has been erected, and the soldiers have lined the walls of the chapel with pieces of bright quartz, scraps of colored cloth, and the silver and gold paper from cigars and cigarette packages.

In another part of the settlement an open space is reserved for amusement. Here plays are given with officers and men mingling in the audience, or games are played, except during heavy fighting. A visit to the Italian country offers an excellent example of the efficient organization of all departments of the fighting machine. Noteworthy engineering feats have been performed by Italian engineers working under fire. The work of the commissariat, medical and sanitary departments, while not as showy as the accomplishments of the engineers, have played an equally important part in the operations.

W. C. T. U.
The Women's Christian Temperance Union met on Oct. 5 for the first time in the Orange Hall, Germain street, with a good number present. The reading of the minutes showed that they were sending \$2 a month for Miss McKel's hospital work, also they donated a mirror to the Girls' Club. It was decided to meet every week in the hope that this will entice all members to be present, also to have ladies visit and join the union. After the meeting closed refreshments were served.

TORTURING SCIATICA

A Severe Sufferer Cured Through the Use of Dr. Williams' Pink Pills

Pierce darting pains—pains like red hot needles being driven through the flesh—in the thigh; perhaps down the legs to the ankles—that's sciatica. None but the victim can realize the torture. But the sufferer need not grow discouraged for there is a cure in Dr. Williams' Pink Pills. These pills make new, rich, red blood, which soothes and strengthens the feeble nerves, and thus frees them from pain and restores the sufferer to cheerful activity. In proof we give the statement of Mr. Thos. D. Leinster, Wapella, Sask., who says: "I was attacked with sciatica which gradually grew worse until I was confined to my bed; for three months I had to be shifted and turned in my bed as I was utterly unable to help myself. I suffered the greatest torture from the fierce, stabbing pains that accompanied every movement. I consulted several doctors and took drugs and medicines until I was nauseated, but without getting any benefit, and I began to believe I would be a continuous sufferer. Finally I was prevailed upon to use Dr. Williams' Pink Pills and after taking them for about six weeks I was able to get out of bed. From that on I kept steadily improving until I was free from this terrible and painful malady."

The most stubborn cases of sciatica will yield to Dr. Williams' Pink Pills. If the treatment is persisted in. These pills are sold by all medicine dealers or will be sent by mail at 50 cents, the sufferer or six boxes for \$2.50 by addressing The Dr. Williams' Medicine Co., Brockville, Ont.

Salvation Army Ambulances
Five motor ambulances donated by the Canadian Salvation Army, have been sent to Russia.

The box office at the Opera House will be open tonight until 8.30 for the advance sale of tickets for the engagement of Partello Stock Company, which opens Monday matinee.

IF TOO FAT GET MORE FRESH AIR

BE MODERATE IN YOUR DIET AND REDUCE YOUR WEIGHT WITH OIL OF ORILENE.

Lack of fresh air weakens the oxygen-carrying power of the blood, the blood becomes sluggish, fat accumulates and the action of many of the vital organs are hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed. Put out by indoor life is unhealthy and if nature is not assisted in throwing it off by increasing the oxygen-carrying power of the blood, a serious case of obesity may result.

When you feel that you are getting too stout take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined. Rheumatism, carrying a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air; breathe deeply, and get from any drugist a box of oil of orlene capsules; take one after each meal and one before retiring at night.

Weigh yourself every few days and keep up the treatment until you are down to normal. Oil of orlene is absolutely harmless, is pleasant to take, helps the digestion and is designed to increase the oxygen-carrying power of the blood.

Even a few days' treatment should show a noticeable reduction in weight. There is nothing better.

Any drugist can supply you or a large box will be sent on receipt of \$1.00. Address D. J. Little Drug Co., Box 1240, Montreal, Can.

CHARLES B. RAND, THE FAMOUS OPTICAL EXPERT, will be at St. John office, Room 20, Robinson Block, Market Square, for one week, beginning Monday, October 11, and ending Saturday, October 16—office hours, 9 a.m. until 6 p.m.—where he will examine eyes by the RAND SPECIAL SYSTEM of testing glasses, without the use of lines and charts hung on the wall and without asking questions.
