

OLD TIME SPORT; EVENTS OF 1880

The Story of Some Good Skating Races

MCCORMICK CHALLENGED

Speed Artists From the Narrows—
A Visit from Frederick Curriers Disastrous as Both Local Clubs Defeated Them

On Wednesday evening January 20, 1880, the skating season was auspiciously ushered in by a race of much local interest before nine o'clock. Surgeon Daniel, who was to officiate as referee, and the judges, Col. J. R. Armstrong, and Captain George B. Seely, with the starter and timer, D. C. Clinch, and the distance judge, W. E. Wood, took their positions on the ice and called out the contestants. The race was run in four heats of one mile each. There were four starters in the first heat, Samuel Akery, Craft, Zatabrooks and Rubins. The men got a good send off. Rubins in front, with Craft second and Akery third. Zatabrooks fell before he had gone many feet and in the third lap was distanced. Rubins continued in the race until the twelfth lap, when he fell out. The race for the last two laps was quite exciting. Akery won, time 8 m. 34 s.

Craft held the lead in the second heat until the twelfth lap when Akery passed him and won in 8 m. 41 s. A foul was made in the thirteenth lap of the third heat and, although Akery was in first, Craft was awarded the heat. As the former refused to race the last lap, Craft was sent over the course alone.

Mc Cormick and Akery

On Wednesday, Jan. 27 more than 2,000 people assembled in the Victoria rink for the races. The events were all well contested and in one or two instances created profound enthusiasm among the spectators. McCormick's first appearance on the ice that season, in his contest with Akery, was greeted with prolonged applause.

McDade won the final in the boys' race, with Dinger second; distance two miles, time 7 m. 1 s. The race was a good one and was keenly contested.

Craft won the 8 mile amateur event in 10 m. 26 s. Gilbert was a close second. When McCormick and Akery appeared on the ice they received a perfect ovation. It was not a challenge match, but was for a purse of \$200 offered by the directors. The distance was three miles. McCormick took the start and shot around the track for a few laps at a tremendous rate of speed, closely followed by Akery. Although McCormick led for the entire race it was a good contest. Time: 1st mile, 8 m. 18 s.; 2nd mile, 8 m. 40 s.; 3rd mile, 9 m. 2 s.

The directors acted as judges and G. B. Seider and Charles Bell as timers. From the Narrows

On Friday, January 29, a challenge was sent to the Daily Telegraph, from a correspondent of the Narrows, Queen's County. It read as follows: "Sir: I would like to inform Mr. Hugh McCormick that before he should claim the title of champion of the world he should come here to the Narrows at which place he would find skaters who would beat him from the start, as we have one who skated a mile, with favorable wind, in 1 minute and 45 seconds, and with no wind in 2:45 and we have reason to think that there are one or two others here who can skate equally as fast as the party referred to."

"We would therefore be pleased to accept Hugh McCormick's challenge whenever he can beat that record; we would also be pleased to be favored with his presence at the Narrows, trusting that he may give us a call where he will find some ready and willing to skate him at any time. Hoping to see him here soon."

The Telegraph answered: "If 'Skater's' record breaker will only come to St. John and skate a mile in 2:45 he will doubtless find no difficulty in making engagements at large prices for the remainder of the season."

BILLY SUNDAY TAKES DAY OFF

Plays Nine Holes of Golf, Then Sleeps

A SYSTEM OF HIS OWN

Drives the Ball, Then Races it—
Caddie is Horrified—Score Not Good, But Better Than Companions'

Paterson, April 30—Golfers, attention! If you play the game to get into good physical shape, you ought to follow the Billy Sunday system of golf, which is this:—
Make your drive; then drop your driver, put your head down and your shoulders forward and sprint after the ball, see how close you can get to it before it drops—after a 175-yard shot, say, "You won't get there, of course. Neither could Billy, though in the old days of the Chicago White Stockings he could run the 100 in ten seconds flat and circle the bases in fourteen seconds. But it's mighty good exercise and that's the way he played golf today."

The saddest soul savour (Bill doesn't mind being called that a bit), took the day off from his evangelistic work and had the first real holiday since he started to work in Paterson, a little more than three weeks ago. With his son George, his secretary, Bentley D. Ackley, his trainer, Jack Cardiff, and his millionaire head usher, William Arnold, he went to the course of the Arcola Country Club at 10:30.

Billy is a natty dresser, both on and off the platform. This time he wore brown knickerbockers, brown stockings, tan shoes, a brown and white silk shirt with a soft collar and a brown and white plaid cap.

When he and his party were greeted by Dave Shea, manager of the club, there was a lively scrap among the thirteen caddie kids as to who would carry Billy's bag. A ninety pounder, known as Red, was found on top of the heap by ex-pugilist Cardiff and was given the honor.

Drive and Then Sprint.

Now Billy doesn't brag of his golf. He's a truth telling and modest man. He admits he's more or less of a duffer. But he got off a corking good drive from the first tee, at least 175 yards and perfectly straight.

"Turn him over to a professional for a few weeks and he'd be a corker," said Dave Shea. "He has the form all right, but his fault is that he wants to wallop the head off the ball every time."

That was quite correct. Billy couldn't be annoyed by playing with any other clubs than a driver and a putter. "You can hit it on the nose with a driver and make it go," he said. "Once when he was in the sand he wanted to smash his way out with a driver, but finally was persuaded by Manager Shea to use a niblick."

But at that he was a better golfer than his son George, Secretary Ackley or friend Arnold. George broke a cleek handle. Ackley topped his ball almost every time he swung and what Mr. Arnold did would be impolite to say, even though he's a millionaire and therefore subject to public criticism.

Each time Billy got the ball away for a good distance he would drop his club and after it, sometimes reaching it before the horrified Red, the caddie, who had never seen anything like this system, but who was sure that if Mr. Billy did it was the proper thing.

Mr. Sunday was as gay as a kid on a school day. He was the last to get in, picked up a stone and hurled it 100 yards or so into a clump of woods, remarking: "I guess I could still get 'em in from right field to the old home plate."

No one was quite sure of the scores after the single round had been played. But the agreed-upon verdict was that Billy and son George had defeated Ackley and Arnold, and that purposes of the nationwide publicity Billy's nine-hole

PERHAPS IT'S THE KIDNEYS

that are making you feel so badly. If so, you can easily tell. If your head feels dull and achy—if your back hurts nearly all the time—if your appetite is poorly and your tongue is coated—if the urine turns brown, is highly colored and offensive in odor—if you notice a brick dust deposit or mucus in the urine after standing over night—then you certainly have something the matter with your kidneys. Get

Gin Pills

St. Saviour, Quebec City. "For a long time, I had been suffering from the kidneys and pains in my back and limbs. I have tried several remedies without success. After using Gin Pills I was soon relieved of my pains and my urine perfectly cured, and due entirely to Gin Pills." Mrs. J. G. GUY.

Gin Pills are "Made in Canada" and sold by all dealers at 50c. a box, 6 for \$2.50. Sold in U.S. under the name "GINO" Pills. Write us for free trial treatment.

National Drug and Chemical Co. of Canada, Limited, Toronto.

AN EASY WAY TO GET FAT AND BE STRONG

The trouble with most thin folks who wish to gain weight is that they insist on dragging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh builders.

Sargol aims through its re-generative, reconstructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and chest disappear and you take on from 10 to 20 pounds of solid, healthy flesh.

Sargol is absolutely harmless, inexpensive, efficient. Leading druggists of St. John and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.

Individual score should be set down as neither too good nor too bad to keep any other golfer from hitting the trail. After an informal luncheon of the party at the Arcola Club they breezed around the Billy country overlooking Paterson for a couple of hours in Mr. Arnold's auto, then returned to the Sunday home in Park avenue. Billy, right after a rub down, went to bed and stayed there until dinner time. He dined in a bath robe and then went back to bed again.

"Give us a golf sermon, won't you, Billy?" asked the newspapermen.

"Keep straight in the course and drive hard," he answered. "The game is something like the game of life. Every one started out with great expectations. The eighteenth hole—which is your salvation. Keep away from the bunkers of booze and vice, put up by the Devil."

WILL EASE YOUR THROBBING HEAD-- AND STOP DROPPINGS IN THE THROAT

To Cure Sniffles and Clear Stuffed Nostrils Nothing Equals "Catarrhazone"

You can end a cold mighty quick—cure it completely—by Catarrhazone. Any sort of Catarrh, whether in nose, throat or bronchial tubes, can be driven forever out of the system by simply breathing in the healing vapor of Catarrhazone.

It's in the nostrils and air passages that Catarrh germs breed. The germ-killing vapor of Catarrhazone means instant death to these germs—means that a healing process is started throughout all the sore membranes, thereby effectually ridding the system of the real cause of the trouble.

Catarrhazone promptly opens up clogged nostrils, takes that irritating pain out of the nose, prevents the formation of hard painful crusts. If there is a nasty discharge it disappears with a few hours' use of Catarrhazone Inhaler. If a bad cold keeps you sneezing, if you have dull frontal pains over the eyes, you'll get the speediest cure possible with Catarrhazone.

Years of wonderful success in Europe and America have proved Catarrhazone a specific for all catarrhal, throat, bronchial and breathing-organ troubles. Simple, pleasant, safe and sure. Use the tried and proven remedy. Any dealer anywhere can supply Catarrhazone in large complete outfit \$1.00; small size 50c.; trial size 25c.

WILL EASE YOUR THROBBING HEAD-- AND STOP DROPPINGS IN THE THROAT

To Cure Sniffles and Clear Stuffed Nostrils Nothing Equals "Catarrhazone"

You can end a cold mighty quick—cure it completely—by Catarrhazone. Any sort of Catarrh, whether in nose, throat or bronchial tubes, can be driven forever out of the system by simply breathing in the healing vapor of Catarrhazone.

It's in the nostrils and air passages that Catarrh germs breed. The germ-killing vapor of Catarrhazone means instant death to these germs—means that a healing process is started throughout all the sore membranes, thereby effectually ridding the system of the real cause of the trouble.

Catarrhazone promptly opens up clogged nostrils, takes that irritating pain out of the nose, prevents the formation of hard painful crusts. If there is a nasty discharge it disappears with a few hours' use of Catarrhazone Inhaler. If a bad cold keeps you sneezing, if you have dull frontal pains over the eyes, you'll get the speediest cure possible with Catarrhazone.

Years of wonderful success in Europe and America have proved Catarrhazone a specific for all catarrhal, throat, bronchial and breathing-organ troubles. Simple, pleasant, safe and sure. Use the tried and proven remedy. Any dealer anywhere can supply Catarrhazone in large complete outfit \$1.00; small size 50c.; trial size 25c.
