## LEWIS BOULEVARD IS PUBLIC STREET

Exhibition Association Has  
No Power to Fence It,  
Says Frink.

The City Council yesterday received a request for a lease of a lot of land on the West Side, adjoining No. 14, for the purpose of building a potato warehouse there; a complaint from the electrical section of the Retail Merchants' Association that the electrical by-laws were being violated by the employees of the Civic Power Commission, and an intimation that the survey of the city would not be completed for about two years yet.

The report of the committee of the whole, referring to timber for sewers, hydro matters and taking of rock from Hurd Island, as published yesterday, was adopted.

Mayor Fisher reported that he had been notified by G. G. Murdoch that the survey would probably be two years yet before the city survey was completed,

## ENGAGED

Mrs. Kennedy Wheeler, popular and attractive member of Washington's social set, is, according to announcement by her mother, engaged to marry Dr. Paul Lessinoff, first secretary of the Bulgarian legation. Wedding date has not been set.

It was reported that nearly 700 customers were being served and the commission would be ready to take over the street lighting, south of Union street, on Nov. 1. On motion of Commissioner Thornton the report was received and filed and the common clerk instructed to write the commission for a report on the amount of revenue received.

Tenders for copper wire were received and referred to the civic power commission from the following firms: Northern Electric Co., Canadian General Electric Co., Standard Underground Cable Co., H. M. Hopper, Canada Wire and Cable Co., and G. E. Phillips.

Commissioner Frink reported that he found the Lewis Boulevard was a street and that the Exhibition Association had no right to fence off the south end of Westworth street. He recommended that the Association be notified to remove the fence with the understanding that they would be allowed to put it up two weeks before an exhibition and keep it up two weeks after the fair closed. This carried unanimously.

Mayor Frink reported that the expenses in connection with the opening of the dry dock would be about \$2,000 and his Worship was given authority to expend the necessary amount.

Commissioner Bullock presented a request from A. Gray, resident engineer of the Federal Public Works Department, for a lease from the city of a lot of land adjoining berth No. 14, West Side, as the Government wished to erect a potato shed on it. This was referred to the commissioner and city collector for a report.

Bright and early Mrs. Urdang rises and finishes her eye opener, tea and milk; then by 9 o'clock breakfast is served and she must go without anything until 12:30, when she sits down to her midday dinner. At 3:30 p. m. a little tea and cake break the monotony of the hours, and it is a short stretch then until 7 o'clock, when the going rings for supper.

Mrs. Urdang believes this is a pretty good old world. Her favorite pastime is telling jokes to those she thinks need a little brightening up. It is her unquenchable good humor that she holds responsible for the more than a century of good health that she has enjoyed, and will enjoy, her friends hope, for many years more.

## MARBURG'S BROTHER KILLED IN CRASH

Baltimore, Oct. 23.—William A. Marburg, Oct. 23.—William A. Marburg, of this city, brother of Theodore Marburg, former Minister to Belgium, is in the John Hopkins hospital recovering from shock and injuries to his arm, shoulder and neck. He was thrown from his automobile in a col-

To the King's Taste

CHILDREN think their teeth are always clean—when they think of them at all. And the mouths of healthy children always FEEL clean.

With harsh, "druggish-tasting" dentifrices, teeth-cleaning comes to children as an unnecessary task, to be avoided.

The pleasant taste of Colgate's Ribbon Dental Cream makes the teaching of mouth cleanliness easy for parents. There is none of the "lesser" about it. Children know Colgate's as "the nice kind."

In grown-up mouths, too, the taste of Colgate's is cool and refreshing. And Colgate's is the SAFE dentifrice: softer than the tooth enamel. It cleans by gentle WASHING—it cannot scratch or scour.

The Value of a Guarantee

lies not so much in its protective penalty as in its satisfying assurance. No firm selling goods with a guarantee attached, expects to be called upon to pay the penalty. For it is naturally the intention to so carefully guard the quality that dissatisfaction will be impossible.

Throughout its many years of service "King Cole" Tea has consistently been sold with a guarantee—a guarantee definite and substantial. It is printed on every "King Cole" package.

It carries to the buyer an evidence of good faith—a confidence in ability to serve—a determination to serve well.
