SOLVE THIS PUZZLE

Teacher put 30 squares on the blackboard and by 15 of the squares she put figures. Then she said to the class "These figures can be made to spell out three words. The three words will tell you who is going to be first this month. It's a hard puzzle but it can be done and there are wonderful prizes for the boys and girls who can solve it. Now what is the answer?"

HOW TO SOLVE IT

Each figure represents a letter. The number in each square indicates the position of that letter in the alphabet. For instance "A" would be represented by the figure 1, because it is the first letter of the alphabet. "B" would be indicated by the figure 2, because it is the second letter of the alphabet. "C" would be indicated by the figure 3, because it is the third letter of the alphabet. Now get a pencil and paper, figure out what letter the number in each square stands for and when you have them all, arrange them in their proper relation, so as to spell out the three words called for. It is not an easy puzzle, but with patience and diligence it can be solved. If you can solve it correctly, you may win this real Gasoline Driven Motor Car, or one of the other prizes.

Copy your answer upon a plain sheet of paper as neatly as you can because neatness, spelling, your writing, punctuations and general appearance of your answer count in the final awarding of prizes, if more than one is correct. Put your name and address in the upper right hand corner of the paper. If you write a letter or wish to send anything else besides the answer to the puzzle put it upon a separate sheet of paper. We will write and send you as soon as your answer is received and tell you if your solution is correct and also send you a complete illustrated prize list.

HONOR C. P. R. MEN WHO GAVE THEIR LIVES IN WAR

An impressive and interesting ceremony took place yesterday afternoon at the corner of King and Germain streets when a bronze memorial tablet, which had been placed on the side of the Canadian Pacific Company building, was unveiled. Mayor Schofield officiated at the unveiling. He was assisted by J. C. Johnston, a conductor of the company, one of the oldest employees of the company in this division, and who lost a son in the great war.

The ceremony was opened by the mayor calling on Mr. Johnston, whom he characterized as one of the oldest and most faithful employees of the Canadian Pacific Railway, to withdraw the Union Jack and unveil the tablet.

Among those present at the unveiling were: Colonel Commandant A. T. Ogilvie, D. S. O.; Lt.-Col. H. C. Sparling, D. S. O.; Lt.-Col. A. H. Powell; Lt.-Col. A. D. Snow, Lt.-Col. T. E. Howers, Lt.-Col. Newcomen, Major Pugh, Captain Furlong; a detachment of the permanent force, in command of Sgt.-Major Hawkins; Captain Hamilton and other officers of the C. P. S. Division; J. M. Woodman, N. R. DesBrisay and other officials of the Canadian Pacific-Railway Company, a delegation from the C. W. V. A. and a large number of citizens.

Similar tablets also were unveiled yesterday at the various division headquarters of the company throughout Canada. In Montreal, Lord Byng, the governor-general, officiated at the ceremony.

HIS BUSINESS "BOOTLEGGERS"

Buffalo Man Tells of \$2,000,000 Freight Car Robberies.

Buffalo, April 28.—Henry L. Silver, giving his calling as a "bootlegger," was the principal witness in federal court here against railroad detectives, truckmen and saloon keepers alleged to have robbed freight cars of \$2,000,000 worth of merchandise, chiefly alcohol.

Silver testified that arrangements for a big haul, expected to net \$250,000 worth of alcohol, went awry when new detectives arrived on the scene. He told of visits to the freight yards in company with railroad detectives now under indictment, of the methods of carting away the stolen liquor and the reselling of looted cars.

Silver admitted marketing most of the alcohol stolen by the alleged ring.
