TO CONFER WITH PREMIER WHEN HE RETURNS HOME

Representatives of Returned Soldiers Anxious to Discuss Plans for Government Assistance Now that the various units in this military district are in process of demobilization, and there is already a large number of wounded and convalescent men from the front, with thousands about to embark for home, the matter of government recompense for service done is occupying the minds of soldiers, civilians and the authorities alike.

The return of Premier W. E. Foster from the Ottawa conference of provincial premiers will be the signal for a series of table-talks between the khaki lads' representatives and legislators, and it is expected Mr. Foster will very soon ask the men for an exhaustive discussion, as he promised to do.

While it is, of course, too early to know just what the inner details of Premier Foster's plans are, it is assumed he will have a satisfactory announcement to make, as based upon the scheme laid down by the federal government for all Canadian soldiers.

Among the matters to be discussed will be grants of land in New Brunswick to soldiers demobilized here, money advances based upon an eighty per cent valuation of the lands, etc., etc. Messrs. Allingham and the officials of the Great War Veterans' Association, with other committee men will meet the premier and discuss these matters, which at the present lack the definite shape they will assume once they are carefully considered.

Doubtless the approaching conference will clear up a great number of misunderstandings bearing upon pension matters and government grants and loans. Men who are either unable or disinclined to take up farm work have been suggesting alternative propositions, but neither the officials of the G. W. V. A. nor government members have yet any authority to make new plans or offer suggestions.

MILITARY MEDAL

WON BEFORE HE GAVE HIS LIFE

Word Comes To Mother Of Pte. H. Linton

TRIBUTE FROM OFFICER

Another Son in War Zone Tells of Frantic Joy of Inhabitants of Districts Released From German Oppression

That Private Harold Linton, son of Mrs. Averna Linton, Fairville, whose death from wounds was reported, a few days ago, was the coveted Military Medal for conspicuous action on Sept. 2, 1918, was the information received yesterday by his widowed mother, through the lieutenant in charge of the platoon of which Private Linton was a member.

Private Linton was well known in his native community as a young man of excellent character and the news of his death in the great war caused a shock to many friends. Evidently his sterling qualities earned him the respect of his comrades in arms, and while unable to personally wear the cherished ribbon won for his distinguished conduct in action, the fact that he lived up to the best traditions of the service and that his work was recognized is information that comes to his relatives as something to be proud of. The following is Lieut. Carlsair's letter:

France, Oct. 24, 1918. Dear Mrs. Linton:— It was with very deep regret we learned today that your son, Pte. H. Linton, No. 1,090,268, had died of wounds in a London Hospital. I am writing to you on behalf of the officers, non-coms, and men of D Company, the company in which your son was attached, expressing to you our sincere sympathies in this sad bereavement.

Your son was awarded the Military Medal for his work on September 2, and from that you may judge that he never flinched in the conduct of his duty. I cannot express to you how much your son's loss is felt by his comrades in the company.

During the eight months your son served in my platoon he always showed himself to be a brave soldier, cheerful and willing to assist the other men in everything, in short he was a fine fellow and set a sterling example. Again expressing our very sincere sympathy, I remain, Yours sincerely, (Sgd.) D. I. CARLSAIRS, Lieutenant O. Co., 18th Br.

Another Son in the War. Mrs. Linton's second son, Corporal Kenneth Linton, still in the war zone somewhere in France "carrying on," wrote a letter the other week which is of considerable interest, as it tells of the joy of the French inhabitants who were relieved by the allied troops. Extracts from his letter follows:

Dear Mother:— Just a line to let you know I received your letter and parcel O. K. I enjoy my first rate. I suppose you have been reading about our recent advances. We are certainly getting along splendidly. Yesterday I saw a number of civilians who had been under German rule for the past four years. When we reached the town they were all crying and hugging us. Women and children were weeping in their gladness and from what they told us the Hun certainly were hard on them, taking away practically everything of value they were possessed of.

We reached the town just as the Germans were going out, on another occasion, and all the people turned out to meet us. The women kissed all the soldiers and giving them all sorts of presents. Mother, it would have done your heart good to see these released folk. I shall never forget these scenes as long as I live. In many instances the Germans had leaving the people without even the necessities of life. Some of the men did not even have socks on their feet. I have now my stripes, so you can address me as Corporal. Give kind remembrances to all the boys and let me know if you received the German money all right. With love, (Sgd.) KENNETH.

FREIGHT HANDLERS RETURN TO WORK AND PORT RESUMES ACTIVITY

The trouble between the Freight Handlers' Union and the C. P. R. has been settled and the men went to work this morning. The company agreed to pay forty-seven cents an hour and make weekly payments instead of fortnightly as heretofore. A meeting of the union was held in the large auditorium of City Hall in West St. John last night and a large number of members were present. A proposition was put up through Mayor Hayes, who acted as mediator, which was acceptable to the majority of those at the meeting.

More Heatless Attention And Less Coal Sums Up This New Silver Moon

The thing most wanted in a Self-feeder is steadiness of fire and the minimum of attention. These two desirable features might be said to constitute the New Silver Moon.

Made by The Burrell Johnson Co., the New Silver Moon gives a steady, even heat. Its scientific construction makes it exceptionally easy on coal; and it requires very little attention—once or twice a day and just before turning in for the night. Our stock of New Silver Moons is quite complete just now, and we are anxious to show this Feeder to you.

Those desiring a good Second-hand Stove or Feeder will do well to look over our lot, in excellent condition and at mighty attractive prices. Always a full line of winter necessities here—Coal Hods, Shovels, Ash Sifters, Ash Barrels; in fact, everything in connection with heat, except fuel!

A Congoleum Rug Is Sure To Give Complete Satisfaction

Congoleum Rugs are made by one of the largest firms in the world, and are one of a family of products surpassed by none in point of quality. Congoleum Rugs come in a variety of designs, from the artistic individual rug to the more every day wood flooring designs.

A feature with the Congoleum Rug is that it will ever lie smoothly on the floor and will not curl up at the edges, thus precluding accidental tripping when entering a room. Easily washed with a damp rag, bringing out the design as fresh and clear as the day it was made.

All the popular sizes, styles and designs are now here for your inspection. Possibly we may be able to suggest Floor-Covering treatment that will be at once inexpensive and permanently satisfying.
