Ayer's Sarsaparilla

A compound remedy, in which we have had borned to produce the most effectual alternativated to produce the most effectual alternativation to produce the most effectual alternativation to produce the most effectual alternativation to make it is a concentrated extraordistic and appeared to the disease sarsaparilla is reputed to cure. It is believe that such a remedy is wanted by those will suffer from Strumous complaints, and thus on which will accomplish their cure must prevent of immense service to this large class of out allieted follow-citizens. How completely the compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

Semperat and Example of the worst cases to be found of the following complaints and and Symmatric Arpsectors, Mancerant Disease, Drainty, Draints, Arpsectant Disease, Drainty, Draints, Arpsectant Disease, Drainty, Draints, Anniony's Fire, end indeed the whole case of complaints arising from Impourt, or this compound will be found a great uro-

or Sr. Anthony's Fing, and indeed the whols caus of complaints arising from Impurity, or 2018 Users.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare thomselves from the endurance of foul eruptions and ulcerous some, thought which the system will strive to rid itself of corruptions, if not assisted to de this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whonever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and livelonger, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulant of life disordered, there can be no lasting health. Somer or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparillé has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, purly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but liftie of the virtue of Sarsaparilla, or any thing else.

During late yoars the public have been misled by large boutles, pretending to give a quart

contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Moet of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointness, as followed the use of the various extracts of Sarsaparilla which fleed the market, until the name itself is justly despised, and has becomes ynonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of oblequy which rests upon it. And we think we have ground for the load of the cure. In order to secure their complete, det to cure. In order to secure their complete call cure. In order to secure their complete cradication from the system, the remedy-should be judiciously taken according to directions on the bottle.
