Marks ..... Examinations ..... 300

NOTE.—If a Cadet fails in the examination, he will be required to re-examine in the subject in which he fails, and will be liable to be sent to the depot for non-attendance.

NOTE.—If a Cadet takes *both* the Engineering and Architectural Courses, *one-half* only of the marks assigned to Sections I and III (being common to Engineering and Architecture) will be available for each subject. If he takes Engineering *only*, then the *full* marks assigned to these sections are available for that subject.
