the year closing May 31 were presented
from every department, and were
gratifying and encouraging to both

a substantial increase was made in the
church support and various benevolent funds. The expenses of the church
have been cheerfully met and a deficit
of several years' standing wiped out.

the assembly of 1889, had been received by the church at large. Considering the magnitude of the work, it was encouraging last June to know that so much has been accomplished. If will fall to the present assembly to hear what another year, the closing year of the enterprise, has to report. It is known that the \$400,000 for the debt has been reached, and probably doubled. The \$600,000 called for the benevolent, educational and other interests, it is hoped, will be reported all paid. The century scheme will be one of the most important items of business in the coming assembly.

TO QUEEN VICTORIA FUND.

NEW YORK, June 7.—A despatch to the Tribune from London says:—
It is rumored that the delegates of the New York Chamber of Commerce will make a large subscription to the Queen Victoria memorial fund before they leave London. The enterprise needs an impetus which would be imparted by foreign sympathy, for interest in it is lagging here owing to the ortiticism which the general scheme of oriticism which the general scheme of the memorial has excited on its artistic side. The American delegates have been discussing the expediency of forming a committee for helping on the work and converting some portion of it into a distinctively American me-morial.
