Regarding Upper Society

Circles.

LOUISVILLE, Ky., March 2.—In line with the campaign against vice recently inaugurated in this city by the Louisville Ministerial Association, the Rev. J. Kinsey Smith preached Sunday night at the Fourth Avenue Presbyterian church here on the Sins of Respectability, or the Upper Side of the Social Problem.

He declared that the upper side of the society world was as vicious and base as the lower side and that the only difference was that one was vice in velvet and the other "vice in shoddy."

He said the gambling of the parlor was as bad as the gambling of the downtown resorts and that the slums of the upper circles were as depraved as the dens in the "red light districts." He said that while the painted women of the streets were being criticized, persons should stop to consider the number of the finer natured women who were siming in secret. Dr. Smith said that society was a refuge of lies and he deplored the coarseness and masculine audacity and behavior of the young women conspicuous in society.

FATAL ACCIDENT.

Walter Parks Killed at the New

Walter Parks, a young man in the apploy of the contractors for the new intercolonial round house, was to intercolonial round the same and was working on the night shift, and was in charge of the engine which drives the stone crusher. About three o'clock this morning, in the ordinary course of his duties he attempted to oil certain parts of the engine, and in doing so met his death.

From the fly wheel of the engine a crossed belt runs to the crusher, and in this belt Parks' arm was caught. In an instant he was drawn into it, his neck coming between the two sides of the belt, which crushed and bruised his neck and head in a pitiable manner. Being carried further along his body was caught by the belt and hurled with great force through the side of the temporary shack built over the engine.

with great force through the side of the temporary shack built over the engine.

Some of the other workmen noticing that the engine had slowed down, went to ascertain the cause and in a moment found Parks' bruised and battered body lying outside the side, where it had been thrown.

Death had been instantaneous, and when the body was picked up it was found that the young man's neck was broken, his head badly crushed and the clothing torn from his back.

Dr. Berryman was summoned and gave permission for the removal of the body. It was afterwards taken to George Chamberlain's undertaking rooms, where it now lies. As the accident took place in the north end of the city Coroner Roberts has been notified and will conduct the inquest.

Walter Parks was twenty years of age, a son of John Parks. His mother died a short time ago, and since then he has been boarding with Scott Estey of Main street. The young man was well and favorably known in the north end.

That Would Tie up Half the Transportation Lines in Chicago.

CHICAGO, March 3.—Employees of the Chicago City railway and of the Metropolitan Elevated last night organized for a strike that will the uphalf the transportation lines in the city if they are carried into effect.

Officers of the South Side Carmen's Union have issued an ultimatum to General Manager McCulloch and J. D. Sears and Wm. Prentiss, two of the arbitrators appointed two weeks ago to settle their difficulties, that no more names from which a third arbitrator may be chosen would be submitted, and if the board was not completed by noon today a strike would occur.

The names of fifty men, twenty-five from each side, have been presented to Judge Sears and Mr. Prentiss, and they have been unable to agree upon a third man. Five names were submitted today. These are absolutely the last names to be suggested, and the entire situation now rests in the hands of Mr. Prentiss and Judge Sears. The employes of the Metropolitan Company demand an increase in pay which the officers say they cannot grant.

At the great government party jubilation in Berryman's hall on Saturday evening, E. H. MacAlpine, during his speech, pronounced a glowing eulogy upon David Russell, who, he said, had worked like a Hercules for the success of the government candidates. Mr. Russell was admittedly one of the ablest men in business circles in Canada, and St. John was justly proud of him. Referring to the great business houses and manufacturing establishments in St. John that supported the government candidates he mentioned in this connection Wm. Thomson & Co., Manchester, Robertson, Allison, Ltd., Macaulay Bros. & Co., James Ready, John E. Moore, Geo. McKean, T. McAvity & Sons, James Pender and others, and said these great firms were not only bulwarks of the liberal party but also of Christianity.
