CHAS. M. HAYS IN POLICE COURT

Charged with Disobeying Railway Law

All Evidence in London Election Conspiracy Case Concluded—Special Plea Made for Reid

TORONTO, Ont., Nov. 21.—All evidence in the London election conspiracy case in police court was concluded this morning, after several witnesses had been called, and further adjournment was made till Monday for argument. DuVerne, who has been conducting the case for the crown, was not present, and consequently argument could not proceed, though the defense lawyers were prepared. A special plea was made in favor of defendant, Reid, against whom it was alleged there was no evidence of his being connected with the conspiracy. Magistrate Denton said in his opinion there was sufficient evidence to send the accused quartette Opperman, Mullor, Wiley and Reid to trial.

Charles M. Hays, second vice-president and general manager of the Grand Trunk railway of Canada, appeared before Magistrate Denton in the police court this morning. The complainant against him was William Nesbitt Robertson of Toronto, who charges the general manager with having without lawful excuse disobeyed section three of chapter 37 of 18 Victoria by omitting to carry third class passengers for a fare of one penny for each mile travelled, and to provide that at least one train having in it third class carriages shall run every day throughout the length of the line, contrary to the provisions of section 138 of the criminal code. Wallace Nesbitt, K. C., appeared on behalf of Hays, and elected to be tried by the magistrate, subject to the objection as to the jurisdiction of the court. He admitted the allegations

contained in the information. Nesbitt claimed that the matter was entirely within the jurisdiction of the railway board, that the general railway act made provisions for enforcing its requirements, and that the act of 1851 had been repealed. The magistrate intimated that the case would probably have to go before the court of appeal and technical conviction might be registered. It was agreed that the stated case should be submitted by the lawyers and that Hays would not necessarily have to appear again.

STEAMER ROOSEVELT LEAVES ST. GEORGE'S BAY

ST. GEORGE'S BAY, N. F., Nov. 21.—The steamer Arctic, formerly of this city, left for the Gulf of St. Lawrence, where she will coal and proceed to Sydney, N. S. The steamer, with the exploring expedition on board, arrived here Saturday, short of fuel. The vessel took on eight tons of coal, all she could obtain, but not sufficient to carry her across the Gulf of St. Lawrence. Since landing the steamer has awaited favorable weather to proceed. The steamer will touch at Port Au Baesque only to renew her coal supply.

THEY KNOW IT

Thousands of people throughout the country know that the ordinary remedies for piles—ointments, suppositories and appliances—will not cure. The best of them only bring passing relief. Dr. Leonard's Hem-Roid is a tablet taken internally that removes the cause of Piles, hence the cure is permanent. Every package sold carries a guarantee with it. It is perfectly harmless to the most delicate constitution. A month's treatment in each package. Sold at \$1.00. At any drug store, or The Wilson-Fyle Co., Limited, Niagara Falls, Ont.

NO DOUBT HE DESERVED IT

ST. JOHN, Nov. 21.—General Golochtkapoff, ex-Governor of Yelisebepol, was mortally wounded here today by an unknown man, who succeeded in escaping. General Golochtkapoff earned the enmity of the Tartars in his district last summer by the use of troops in suppressing the race wars between Tartars and Armenians, and there have been various threats against his life. He was succeeded as Governor of Yelisebepol by General Bauer, in September.

COMPANIES SEEK INCORPORATION

Notice of Purchasers of Hampton and St. Martins Ry.

Capital Stock \$99,000—Miramichi Tanning and Fur Company—Seriously Ill at Boston—Fredericton News

FREDERICTON, N. B., Nov. 21.—George S. Gilmour, G. D. Williams, Charles P. and Gertrude J. Stohart, all of Newcastle, apply in this week's Gazette for incorporation as The Stohart Mercantile Company, to take over and run the business now carried on in Newcastle by George S. Stohart, capital \$18,000, divided into 480 shares. J. Frank Tilley, Andrew Myles, J. Albert Hyden, A. Wilmet Hay, Woodstock, and Geo. P. Burpee, Avondale, seek incorporation as The Woodstock Cold Storage Co., to carry on a general cold storage business. Capital \$15,000, divided into 150 shares. George W. Vaughan, of St. Martins, gives notice that having become the purchaser of the St. Martins and Hampton railway, he, with Walter E. Foster, Wm. G. Scovil, H. A. McKeown, of St. John, and F. M. Anderson, of Campbellton, will apply for incorporation as The St. Martins Railway Co. Capital \$99,000, divided into 990 shares. Incorporation is granted the Miramichi Tanning and Fur Company, with a capital of \$45,000. Rev. Sheldon S. Poole, of Dorchester, is registered to solemnize marriages. The sale and tea by the ladies of the Cathedral congregation, this evening, in the Church hall, in aid of the organ fund, was a most unqualified success. The large hall was prettily decorated and some five or six hundred persons were in attendance. Conductor Bishop-elect Richardson was among those present and received a warm welcome. The death occurred this evening from consumption, of Arthur, the 19-year-old son of James Smith, of Eben Miller & Co.'s establishment. The serious illness is reported in

Boston of Miss Bessie, daughter of the late George Bostford, formerly of this city. A telegram this afternoon bears the sad intelligence that there is no hope of Miss Bostford's recovery. W. A. McLellan, who has been enjoying a hunting trip on Little River, succeeded in capturing a good sized moose, with an antler spread of 46 inches.

CITY FATHERS LEAD

IN MEAT FAMINE FIGHT

Municipal Council of Berlin Joins

Protest Against Prevailing High Prices

BERLIN, Nov. 20.—The Berlin Municipal Council last night placed itself at the head of the angry movement which is sweeping the country in consequence of the high price of meat. Vehement resolutions were passed calling upon the Prussian government to listen to the voice of the starved nation, and to relieve the reigning famine by opening the frontiers for the admission of foreign cattle and meat products.

The chief burgomaster, Herr Kirchener, intimated that unless remedial legislation is promptly enacted the outraged people will rise at the next Reichstag elections and crush the powers which are now stubbornly leaving them to the mercy of the greedy agrarian element. Censure is universally directed against General Poldbielski, the minister of agriculture and "boss" of the agrarian party. This pompous favorite of the kaiser, who clings to office in the face of a unanimous demand for his resignation in consequence of the colonial scandals, proposes automatic power to say whether thirty million Germans shall eat meat or not. His refusal to admit Russian, Austrian and Dutch meats, on the ground that they are of a deleterious character, raised the prices not only of meat, but of practically all the necessities of life, to exorbitant figures. Meat has entirely disappeared from the tables of the working classes.

The consumption of horse flesh is increasing enormously, and in remote districts, where prices are highest, even dogs and cats are being butchered for human nourishment.

It takes nerve to advertise successfully, but the profitable results are certain to the advertiser who has sufficient faith in printer's ink to wait till—Successful Advertising, London.

PLUMMER AGAIN WRITES TO PRESIDENT ROSS OF COAL CO

MONTREAL, Nov. 21.—The following letter was addressed this afternoon by President Plummer of the Dominion Iron and Steel Company to the Dominion Coal Company in answer to the latest letter of President Ross of the Dominion Coal Company:

MONTREAL, Nov. 21st, '06. Dominion Coal Company Limited, Montreal:

Dear Sirs—We beg to acknowledge the receipt of your letter of the 20th inst. regarding the coal supply. We regret you regard our description of coal required as insufficient. We hope the following will make the matter perfectly clear to you. We may say that we have a daily analysis of the coal you supplied us from the 1st of July, 1903, up to the 31st December, 1905, and if these records will be of service to you in this connection, they are open to your officials.

We submit the following offers to buy coal, any one of which will be acceptable to us:

1.—We are prepared to buy freshly mined coal from the Phalen seam from mines Nos. 1, 2, 3 and 5, and from that portion of No. 4 which does not contain more sulphur than the coal mined from the above named mines. The coal to be mined and picked in the same workmanlike manner as for your other customers.

2.—At some disadvantage to ourselves, and with a view to minimize losses, we will purchase coal, mined and picked in the same workmanlike manner, of the kinds named in the draft working arrangement which was prepared in conjunction with your officials and handed to you on the 6th of December, 1905. This draft arrangement sets out in full and careful detail, the kinds and proportions of the coal we can utilize in the various departments of our works.

3.—We would buy coal that does not contain more than 2.35 per cent of sulphur, nor more than 10 per cent ash. We have already indicated to you that failing a definite offer from you to sell us coal by noon on Thursday, the 22nd inst., we will buy elsewhere such coal as we may be able to get to our requirements, and for such period as may be necessary.

This letter, as well as all correspondence which we have had or may have with you on the subject, is without

walver of any of our rights under the contract of the 20th October, 1903.

Yours truly,
J. N. PLUMMER, President.

FEARS COLLISION IN BAY OF FUNDY

Captain King Reports Seeing Half '300 Ton Vessel Just Afloat With Rigging Attached

DIGBY, N. S., Nov. 21.—Captain King of the schooner Hattie C., which arrived here tonight from New York, reports that at 8 o'clock this morning, when twenty miles northwest of Point Prim, he passed what appeared to be the half of a 300 ton vessel just afloat with rigging attached. The vessel also passed through a lot of wreckage, including a mizen or main boom. He fears that there has been a collision in the Bay of Fundy with probably loss of life. A tug will be sent out tomorrow to search for the wreck.

TORONTO LIGHTED BY ELECTRIC CURRENT FROM THE NIAGARA RIVER

TORONTO, Nov. 21.—Applications for 12,475 horse-power have been received by the Hydro-Electric Power Commission from forty-six municipalities scattered all over Ontario. The commission will prepare figures of the cost as soon as possible, so that the municipalities interested may vote on the question at the regular election in January.

Part of the city of Toronto was lighted tonight for the first time by electric current from the Niagara river.

"I spent twenty years writing that long poem," he said. "And it didn't take." "O, yes—took all I had."

Remember the concert in Queen Square Methodist church this evening. An entertaining programme of music, readings and a drill has been prepared.

MANAGER PIERS JOLLYING HALIFAX

Tells Humorous Story About St. John Having No Tugs to Handle Empress of Ireland

HALIFAX, N. S., Nov. 21.—Manager Piers, of the C. P. R. steamships, stated tonight that the company will stick to the original agreement in connection with the landing of the British mails at Halifax, and that is that the steamer Empress of Ireland will enter Halifax harbor and anchor above George's Island, only a short distance from the terminal pier, where the mails will be transferred to the tender and any passengers wishing to come ashore will be permitted to do so.

Mr. Piers said there was nothing whatever in the St. John despatch that the C. P. R. intended to make a test of Halifax and St. John mail routes. He said there were no tugs in St. John powerful enough to handle the Empress, hence the C. P. R. had to get the cruiser, which with the Lord Kitchener and other tugs, will be used in docking and caring for her and the other steamers while in dock. The cruiser will be used principally to take off the mails and passengers.

Mr. Piers inspected the terminal facilities today, and expressed himself as much pleased with them, and also the fine harbor. The Empress of Ireland is expected here between four and six o'clock tomorrow, and Mr. Piers will likely go around to St. John in her.

COMING EVENTS.

The Scotch Reel Dancing Club will assemble in the York Theatre assembly room this evening at 8 o'clock.

Robert Maxwell, M. P. P., will preside at the temperance meeting tonight at 8 o'clock at which Rev. E. Tenynson Smith will speak.
