for This Route.

The str. Queen which has been purchased by the Star Line Co. is being rebuilt on the West Side. She has een provided with a keel, fourteen ches square, of hard pine, two ilge keels of the same material and twelve inches square. The main deck has been extended four feet on the ack side of the hull, which overhang will give an increase of eight feet beam and make the deck quite roomy. The engines are being rebuilt throughout and will be raised eighteen inches. The old boiler will be used. The boat has a frame of oak and the planking is of elm. When finished the Queen will be placed on the route between St. John and Fredericton. The Star Line Co. have also purchased a new boat to run between Fredericton and igin. We want good feeling between Gagetown. The Majestic will run between St. John and Gagetown and the
