

BARRISTERS MEET.

New Brunswick Society Assembled at Capital.

Several Important Questions Were Discussed—Mr. Powell Introduced the Subject of Judicature Act.

FREDERICTON, N. B., Feb. 1.—The annual meeting of the New Brunswick Bar Association was held this evening in the supreme court room.

President Connell occupied the chair. Secretary Treasurer Allen presented his annual report.

The question of having stenographers appointed for the county courts and having legislation passed prohibiting registrars of deeds and justices of the peace from acting as conveyancers, was discussed at length.

Members of the council: President, vice-president, G. W. Allen, J. H. Barry, H. A. Powell, A. R. Shipp, J. D. Phinney, A. G. Earle, W. H. C. Grimmer; librarian, T. C. Allen.

Mr. Powell introduced the subject of the judicature act and in a lengthy speech advocated its adoption by this province.

FACTORY COMMISSION.

Employees Object to Separate Lunch Room.

MONCTON, N. B., Feb. 1.—The factory commission was held today and visited Humphrey's clothing factory and the Record foundry and machine works, examining a number of witnesses.

Alfred E. Peters, president of the foundry, said they employed 300. No boys under 18 in charge of machines were employed.

D. A. R. TROUBLE.

Two Engines Are Off the Track at Hartville.

HALIFAX, N. S., Feb. 1.—Tuesday morning's D. A. R. express from Yarmouth arrived at Hantsport this afternoon, having left 20 hours.

The snow on the track is deep and heavy, so heavy that when two engines arrived to the relief of the express this morning the forward engine mounted a drift and left the rails.

The society proceeded to the election of officers, with the following results.

Members of the council: President, vice-president, G. W. Allen, J. H. Barry, H. A. Powell, A. R. Shipp, J. D. Phinney, A. G. Earle, W. H. C. Grimmer; librarian, T. C. Allen.

BLOOD FROZE TO FLESH OF WOUNDED SOLDIERS.

Seven Women Killed While Crossing Railway. Sleighting Party Returning From Church Drive Struck by Passenger Train.

HORNELLVILLE, N. Y., Feb. 1.—A passenger train on the Pittsburg, Shawmut and Northern railway tonight crashed into a sleigh containing a party of thirteen women, killing seven of them and seriously injuring the remaining six.

The sleigh was directly across the railway track. The pilot of the engine struck the sleigh with great force, reducing it to splinters and hurling the women in all directions.

The members of the Ladies Aid Society of the Universalist church went to the Baldwin farm house, near Arkport, to spend the afternoon.

The accident occurred near Arkport. The sleigh was one of three carrying a party from the Universalist church of this city.

Russian Headquarters, Huan Mountain, Feb. 1.—The five days' combat which will go down in history as the battle of the Hun River, was fought out on a seemingly unending plain which is broken only by Southern Amethyst mountains around Yental, the solitary eminence of which is the Liao Yang tower of bloody memory.

For five days they fought under terrible strain—Man Against Nature.

Russian Headquarters, Huan Mountain, Feb. 1.—The five days' combat which will go down in history as the battle of the Hun River, was fought out on a seemingly unending plain which is broken only by Southern Amethyst mountains around Yental, the solitary eminence of which is the Liao Yang tower of bloody memory.

The bright glare of the sun reflected from a dazzling expanse of snow was painful to the eyes and it was with difficulty that one could follow here and there black streaks marking the Russian columns of wavering skirmish lines dashing against what resembled dull gray rocks, but which in reality were the villages of Lidiatou and Tanlepu and the extensive hamlet of Sandepu, bastions by Chinese defenses and converted by the Japanese into veritable fortresses—surrounded with wire entanglements and earthworks.

For five days Russian soldiers hurled themselves against the defenses and field artillery pounded them until the frosty air reverberated with the thunder of cannon, the din of bursting shells and the rattle of musketry; but neither steel-pointed shells nor nicked bullet availed against the frozen earthworks.

The Russian bombardment of Sandepu yesterday the Japanese failed to drive them off but failed. The calculations are that the Japanese will abandon Sandepu.

Royal Baking Powder

45 CENTS a pound can (AT ALL GROCERS) 25 cents a half pound can

Royal Baking Powder is made from pure grape cream of tartar, and is absolutely pure. Royal Baking Powder assures wholesome food; it makes the best biscuits, cakes and all hot-breads; it protects the family from the danger of alum and other injurious substitutes.

FROM THE WAR.

Sandepas Reported to be on Fire.

Russians Are Still Battering the Japanese Position—Japs Repulsed With Great Loss.

MUKDEN, Wednesday, Feb. 1 (delayed in transmission).—After the Russian bombardment of Sandepu yesterday the Japanese failed to drive them off but failed.

ST. PETERSBURG, Feb. 1.—General Kuropatkin, telegraphing under date of Jan. 30, says Sandepas was that day set on fire by the Russian artillery.

NEW YORK, Feb. 2.—A Wonsan, Korea, despatch to the Herald dated Tuesday via Seoul, Wednesday, says: "The Russian supply station at Ten Chien has been abandoned, the Russian troops having retired northward to Song Chien after destroying the telegraph line. It is rumored that they will move further north soon."

ST. PETERSBURG, Feb. 2.—Vice-Consul Thomas Smith of Moscow, by Consul Thomas Smith of Moscow, has visited the Japanese prisoners of war at Medval, in pursuance of the request of the Japanese government, and reports that he found them in the best of health.

ST. PETERSBURG, Feb. 2.—The Japanese legation has received a report made by Field Marshal Oyama, giving the details of the fierce fighting from the 25th to the 29th of January, when the Russians were driven to the right of the Hun River.

CONVICTS' WILD BREAK FOR THEIR LIBERTY.

Texas Murderers Steal a Locomotive—Both Captured After a Five Mile Ride.

NEW YORK, Feb. 2.—A Houston, Texas, despatch to the Press says: "Knocking the engineer of a locomotive unconscious with blows with scoping, jumped into the cab, pulled wide the throttle and sped out of the yard of the Huntsville Penitentiary today (Wednesday) amid a shower of bullets from wardens. The convicts abandoned the engine after a wild dash of five miles and were caught hiding in a thicket. One of the men was shot through the lungs and his companion would not desert him. The two convicts, Tippin and Wilson, were members of a stone breaking gang. An engine had been used in moving freight cars laden with rocks into the enclosure and with scoping away the broken product. Just when the locomotive had been uncoupled, Tippin and Wilson attacked John Mallory, the engineer."

WHAT SULPHUR DOES.

For the Human Body in Health and Disease.

The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our daily dose of sulphur and molasses every spring and fall. It was the universal spring and fall "blood purifier," tonic and cure-all, and mind you, this old-fashioned remedy was not without merit. The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect.

Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur. In recent years, research and experiment have proven that the best sulphur for medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drug stores under the name of Stuart's Calcium Water. They are small, soluble, colorless pills, and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

Few people are aware of the value of the active principle of sulphur in restoring and maintaining bodily vigor and health; sulphur acts directly on the liver, and excretory organs and purifies and enriches the blood by the prompt elimination of impurities. Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and impurity of ordinary doses of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparations of sulphur, of which Stuart's Calcium Water is undoubtedly the best and most widely known.

They are the natural antidotes for liver and kidney troubles and cure constipation and purify the blood in a way that often surprises patient and physician alike. Dr. R. M. Williams while experimenting with sulphur remedies soon found that the sulphur from Calcium was superior to any other form. He secured "For liver, kidney and blood troubles, especially when resulting from constipation and indigestion, I have been surprised at the results obtained from Stuart's Calcium Water. In patients suffering from boils and pimples and even deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clear and smooth. Although Stuart's Calcium Water is a proprietary article, and sold by druggists, and for that reason tabooed by many physicians, yet I know of no other so safe and reliable for constipation, liver and kidney troubles and especially in all forms of skin disease as this remedy."

At any rate people who are tired of pills, cathartics and so-called blood purifiers, will find Stuart's Calcium Water a far safer, more palatable and effective preparation.

LARGE TANNERY BURNED. (Special to the Sun.) MONTREAL, Feb. 1.—A large tannery was burned. Two men were killed, one a Russian deserter, only three weeks in Canada. The loss is forty thousand.

FORMER N. B. MAN.

A. M. Crawford of Clarendon Station Has Been in the West For 25 Years.

The Sun has received an interesting letter from A. M. Crawford, a former New Brunswicker, who is now a resident of Casselton, North Dakota.

Mr. Crawford originally belonged to Clarendon station, Queens county, being a son of Henry Crawford, who, as he says, his people used to try and farm in the summer time and get out saw logs in the winter.

It is nearly twenty-five years since he went west and since that time he has not been home. Mr. Crawford has a number of relatives in Indian town, Carleton, and the city. He is in the piano business in the west, and writes that he has met with a fair amount of success. He says that in Dakota farming is carried on on a large scale. The climate is cold, but as the air is dry the weather is easily endured.

WHERE IS JOHN KAVANAUGH?

BUFFALO, N. Y., Feb. 2.—Thirty years ago Kate and John Kavanaugh came to this country from New Ross county, Westford, Ireland. They went different ways and have never met. Now Kate Kavanaugh is dying at her home, 566 Pargo avenue, in this city, and is anxiously trying to locate her brother to leave him her property.

HORSE SOCIETY.

TORONTO, Feb. 1.—The Canadian Hackney Horse Society decides to proceed immediately with the nationalization of breeders' records and stud books. Officers of the association are to be moved to Ottawa.

ing liquor should not be set aside as contrary to C. T. A. Mr. McMonagle, K. C. contra. Court considers.

There were sixteen deaths in the city of Fredericton during the month of January.

Deposits in the savings bank for January amounted to \$11,668.00; withdrawals, \$7,355.77.

The annual meeting of the senate of the University of New Brunswick took place yesterday. The chair was occupied by Dr. Inch and those present were Judges Barker and McLeod, J. H. Barry, H. V. B. Bridges, H. H. Hagerman, Judge Barry, Dr. Harrison and Registrar Coy. The accounts of the year were passed and there was the regular conference with the faculty. After other routine business the adjournment was made until Feb. 24th.

The Fredericton and Woodstock Steamboat Co. at their meeting today decided to offer the steamer Aberdeen, their boat for sale by tender, and the secretary was instructed to prepare an advertisement to that effect, tenders to close February 21st.

The Royal Gazette contains the announcement of the incorporation of the McFarlane, Thompson & Anderson Manufacturing Company, with capital stock of \$75,000.

The bill will be received for the rebuilding of a bridge over Eol River.

Notice is given of application by the directors of the McDiarmid Drug Company, Ltd., for supplementary letters patent, extending to the province of the company. Also by the New Brunswick Telephone Company, Ltd., to increase the capital stock of the company from \$250,000 to \$500,000.

Notice is also given of application for incorporation of the company to be known as "Timothy Lynch & Company," by the following: Timothy Lynch of Fredericton, Margaret Lynch of Fredericton; Peter B. Millie of Glasville, Carleton Co.; Timothy Leo Lynch of Fredericton; Thomas Bernard Lynch of Fredericton; James B. McMillan of Boiestown. The company will carry on a general wholesale and retail mercantile business.

STRUCK BY A TREE.

Lumber Employe at Dorchester Had His Collar Bone Broken.

DORCHESTER, N. B., Feb. 2.—A fatal accident was narrowly avoided today among some lumbermen at work for Allan W. Chapman of this town.

Just at the noon hour Vetal LeBlanc was felling a tree, not noticing that a sapling had lodged in the branches. In jumping clear of the heavy tree he came directly under the falling sapling, receiving the full force of the blow in the shoulder.
