

VARSVITY WINS CANADIAN CHAMPIONSHIP

Toronto, Nov. 26.—Toronto Varsity made football history Saturday afternoon when the blue and white triumphed over the Argos by a score of 14 to 7.

The great feat of winning three successive Canadian championships, a record which stands alone in the history of Canadian Rugby.

Varsity uncorked a few of their running plays, which were a feature of the game, just as they were becoming dangerous, and carried the ball down to the Argos end.

The game was a stubbornly fought one, but the blue and white with their speed and combination always had a shade on their opponents.

Lawson seemed to lose interest as the game progressed, and in the fourth quarter, when it was apparent that he was bent to go down on several outside kicks, he hardly even started.

"What All the World's a Seeking!"

Article No. 1.

THE ANSWER IS EASY.—MONEY! It may sound sordid or even sinister, but whether the search be sordid or sinister or in vain depends upon the seeker.

It is those who have failed in the race that have invented all the latter day doctrines of social inequality, and the injustice of modern economic conditions.

The practical question these days is how to make money the surest and quickest. The answer here is also easy. The surest and quickest way to make money is through those enterprises that create wealth.

Western civilization will serve as a ready and convincing illustration. The wealth of the two great American nations, Canada and the United States is enormous,—almost beyond calculation.

This is but a nation-wide and century-long illustration of what has even today a personal application. There is yet an Empire to build, with its cities and railroads and mills and merchant palaces.

Here in this new Empire, is the richest soil, the finest timber, the greatest and most varied wealth of minerals, and the most magnificent waterways in all the known world.

The story of the future industrial development of Western Canada can all be told in one word:—Organization. It is a national problem, the Organization of this new land.

The Industrial Organization of Western Canada includes these elements:

- 1. The Natural resources of the West. 2. The Capital of the East. 3. Management, in which the whole world will be laid under tribute.

A few years ago two young men, Western Scouts of fortune, journeyed by pack horse one hundred and fifty miles from a Western outpost town, in search of a certain mineral which enters into the manufacture of an almost universally used commodity.

A few years later, a pioneer railroad that was pushing its way westward, passed over the very heart of these claims, in approaching this property, the builders of the road made a cut through a little muskeg lake, which was higher than the surrounding country.

Then came an Organizer. The whole proposition was thoroughly investigated. It was determined that this university used these two materials at a profit, due to peculiar local conditions,—of more

than two hundred per cent. on the cost of manufacture. A great Company was formed. The Lieutenant Governor of a Western Province became its Chairman. The best business men of the community became Directors.

1. That the shares will advance from \$10 (their present price) to \$150 (much less than their ultimate value) within in October next and will pay a dividend of more than 25 per cent. to the shareholders of the Company.

2. That the great factory will be in operation in October next and will pay a dividend of more than 25 per cent. to the shareholders of the Company.

This is the first chapter of this Industrial Romance of the New West, for the truth of which the best men of a great Western Province will vouch. There will be five more chapters and they will appear in this space during the five remaining days of this week.

ST. ANDREW'S SOCIETY HAVE ANNUAL CHURCH PARADE

Scots, Accompanied by Their Pipers, Marched to St. Stephen's Church Where Rev. Gordon Dickie Preached Appropriate Sermon—Words of Praise for the Standards of the Race.

The St. Andrew's Society held their annual church parade and service yesterday afternoon. The members gathered in the Christadelphian Hall, on Union street and preceded by their pipers, marched to St. Stephen's church for Divine service.

which the Scotch are always ready to declare. In speaking of the clan-ship of the Scotch, he said that the strong racial feeling which they have inherited from their fathers, and because of this they may be called a self-centred race.

That the Scotch are a loyal and brave race was proved during the Jacobite rebellion, when they recklessly threw themselves into a struggle that was dependent on the ebb and flow of foreign politics.

The influence of the patron saint of Scotland is a constant witness to the spirit of Scottish nationality in the higher spheres of activity.

There was a nationalistic in her religion. For the Scotch people the intrinsic value of their church lay in the fact that it embodied principles of law and order.

and democratic. Its fundamental notion was that Christ is the first head of the church, the King and Lord. This was the Magna Charta of the Scottish nation.

During the past century a marvelous power has been transforming Scotland. Her people have discovered that no democracy can stand for any length of time upon a purely national foundation.

God save our native land— Free may she ever stand— Fair stands our native land— Long may we ever be Sons of the brave, free Faithful to God and true Fair Canada.

In these lines, lies the whole spirit of our national life.

Reception for Andover Lady.

Miss Louisa Pickett of Andover, N. B., received a most charming introduction to the friends of Mrs. J. M. Keith, Mrs. C. H. McLeod, and Mrs. George Briggs on Friday afternoon.

The spacious rooms of the Keith home in Gerald avenue were comfortably filled with the several hundred ladies who had been invited to meet Miss Pickett.

Mrs. Dwight Hughes, Mrs. Kenneth Ross, Mrs. George Beckwith, Mrs. Ed. Boos, Mrs. H. T. Wilkinson, Mrs. F. T. Sterling and Mrs. J. P. Rowe assisted the hostess to make the guests welcome.

PEACE SOCIETIES USELESS. Boston, Mass., Nov. 25.—Peace societies were ridiculed last night at the parting of nations by their rulers.

In this lies our hope, our thoughts are carried back from the "land of the brown breath" to another where the apostle himself walked with the Lord upon the borders of a land locked sea.

put, by one who had gone forth into the world leaving "Bonnie Scotland" far behind him, it was in Canada and not in Scotland that the words were written. But, though indited for our cause, they are replete with Scottish meaning.

RESULTS OF SATURDAY'S FOOTBALL

Philadelphia, Pa., Nov. 25.—Fighting as though their country's honor rested upon the outcome, the navy met the army on the football battlefield here this afternoon, and when the strike was over this afternoon, about represented the playing ability of the teams.

No Score At Cambridge. Cambridge, Mass., Nov. 25.—So powerful was the defense and so neglected were both teams of their opportunities that Harvard and Yale walked out of the stadium this afternoon amid perfect silence, without having scored a point against each other in their 32nd annual football contest.

Harvard's opportunity to score came in the first three minutes of play when a Harvard fumble gave the ball to the Blue team on Harvard's 17 yard line. After rushing the ball ten yards farther, Capt. Hope attempted a field goal but the pass was intercepted by Harvard and easily recovered the pigskin.

Harvard's chance came at the close of the first period when, on Yale's eleven-yard line, Potter attempted a forward pass, rather than pass his team ten yards to the right and try for a field goal. Twice in the latter part of the game Potter tried for field goals, only to send eth ball wide of the goal posts.

Twice when the crimson was apparently marching straight for Yale's goal, holding in the line stopped the progress to the discouragement of the crimson stands. Lack of general ship on the part of Potter the Harvard quarterback, and the aggressiveness of the Yale forwards kept the score of the struggle between the two forty-yard lines. The crimson always seemed to have the better of the rushing, but lacked the "punch" or the direction of it at the proper time.

R. M. C. Trims M. A. A. Montreal, Nov. 25.—The Royal Military College, Kingston, scored a double victory over the Montreal Amateur Athletic Association this afternoon when the first and second teams of the college defeated respectively the intermediate and junior fourteen of the Montreal organization.

The intermediate and junior championships of the Dominion. The junior game was a close one, the final score being 17-16. The game was one after seven minutes overtime had been played. Barwis kicking a long punt over Montreal's dead line for the winning score.

The intermediate game was more or less of a farce, Montreal being outclassed and losing 26-6.

Mr. Robert McLarnon, Shawville, Que., writes:—I am writing to tell you an experience I had with a bad cold and a bottle of your valuable medicine. I was up in the lumber camp training horses, and I caught a very bad cold. I thought it was going to turn into consumption, for my left lung got very sore, and my heart did not feel any too good.

I came home and tried some different remedies but they did me no good. A friend told me about Dr. Wood's Norway Pine Syrup, so I tried it, and when I had taken two bottles my cold was gone. I think it is a great remedy, and will advise any one with a cold to use it. I can't praise it enough.

Dr. Wood's Norway Pine Syrup contains all the lung healing virtues of the Norway pine tree, which combined with Wild Cherry bark and other potent remedies, makes it one of the greatest known preparations for Coughs, Colds, Bronchitis, and all Throat and Lung Troubles.
