

GREEK GOV'T AGREES TO DEMANDS OF ALLIES

Greece Meets The Demands of Allies

Athens, Nov. 25.—Greece has met the demands of the Entente Powers and given guarantee that the requirements will be fulfilled. Official announcement is made that the reply to the collective note presented by the Entente ministers, has been delivered to them. The announcement says:

"The reply is couched in very friendly terms and gives satisfaction to the demands of the Entente Powers and all guarantees considered essential."

The collective note was presented to the Greek government on Tuesday. As outlined in unofficial despatches, it contained no request for Greek intervention in the war with the allies, but asked Greece to give assurance that she would preserve her friendly attitude in case the allied troops now in Macedonia should be compelled to retreat across the frontier to Greek territory.

London, Nov. 25.—Although the full text of the Greek government's reply to the Entente Powers' note had not yet been made public in England, there is every indication that the British government is satisfied with the position taken at Athens. The assurances given by Greece differ in marked degree from the previous expressions of benevolent neutrality. They are neither vague nor evasive, but promise explicitly that no similar measures will be taken against the Serbian, French or British troops in case they retreat to Greek territory.

Whether this guaranty of safety to the allied troops will carry Greece to the extent of opposing with her arms any German forces which might attempt to pursue the allies across the Greek border, probably will not be ascertained until full details are received in regard to the assurances given by Greece. From the optimistic tone of Athens despatches to London, however, it may be inferred that Greece has yielded on every essential point raised by the allies.

The situation, therefore, is regarded as having been cleared finally.

PATIENT SUFFERING FROM RABIE MAKES ESCAPE FROM HOSPITAL

Police who captured him badly bitten and scratched in attempts to bring him back to hospital.

Pittsburg, Nov. 25.—John Bukowa, aged twenty-seven, while suffering from rabies, became violent and escaped from a hospital today, running through a crowded thoroughfare scratching and biting at people until a patrol wagon loaded with policemen gave chase.

After a battle with Bukowa in which six police officers and patrolmen were either bitten or scratched, the afflicted man was returned to a hospital. Here he attacked the superintendent, the physician in charge and an orderly.

Bukowa was finally subdued, and reports from the hospital announced that he could live but a few hours. All the police involved have been granted leave of absence to undergo the pasteur treatment, as a precaution, while the hospital officials and the orderly have been placed under observation.

Bukowa was bitten by a dog about two months ago but no attention was paid to his injuries until he began to act strangely this morning. His escape was made but a short time after entering the hospital.

DENIES SOCIALISTS IN GERMANY OPPOSED TO CONQUEST OF TERRITORY

Berlin, Nov. 25, by wireless to Tuckerton.—Dr. Eduard David, Socialist leader of the Reichstag, who on several occasions has expounded the attitude of his party in regard to terms of peace, has written a letter to the press, taking issue with the idea that the Socialists of France are opposed to conquest of territory by the war.

Dr. David states that the reason for these illusions is ignorance in France in regard to the real situation in Germany. "The Overseas News Agency in summarizing the letter."

"This causes the French to believe that Germany will experience a military and economic breakdown."

The news agency quotes Dr. David as saying:

"This is the physiological reason why the French still cling to the idea of crushing Germany and conquering German territory. The only way to make the French desirous of peace is to destroy this physiological reason, to destroy the vain hope that Germany will experience military and economic collapse. This ought to be understood by everyone who is desirous of peace."

CAPTAIN SAVES HIS SHIP FROM SUBMARINE

Steered into teeth of gale—Submarine unable to maintain speed against heavy seas.

Paris, Nov. 25.—The Ministry of Marine, in a communication made public tonight, says that the French steamer Tafia was shelled by a submarine in the western Mediterranean, but that the captain of the steamer, with remarkable quickness of decision, steered his vessel into the teeth of the gale and that the submarine, unable to keep up its speed against the head seas, relinquished the chase, after firing three shells.

The communication adds that some of the passengers aided by a few of the members of the crew, notwithstanding the express orders of the captain of the Tafia to the contrary, lowered boats which were immediately swamped. The Tafia has arrived safely at Marseilles.

Joffre Issues Appeal On Behalf of French Loan

Paris, Nov. 25.—General Joffre, commander-in-chief of the French forces, today issued the following general order to the army:

"On November 25 France issues a great loan to provide funds for expenditure on the national defence. All the appeals she has made since the beginning of the war have had ready responses. This, because everyone knows the riches of France; because everyone has confidence in her destinies, and a favorable termination of the struggle."

"All those who subscribe fulfill the duty of good Frenchmen. They also will find their advantage in it. Whoever pays in 52.25 francs will receive an obligation bearing five francs interest annually, an investment in French bonds at five and seventy-three one-hundredths per cent."

"You have doubtless heard your parents recall the terrible hours of 1870. After that war there was a loan for the liberation of territory. This time, thanks to your efforts, it will be, as the minister of finance has said, 'the loan of victory.' Think about it all. Write about it to your relatives and the friends that you left behind at your birthplace. Tell them that to subscribe to the loan is to serve France; that it is to fight for her with you; that it is to give you the most effective aid possible at the present time, and that it is to assure your future and that of your children."

OXO CUBES at the War

The value of OXO CUBES to all branches of His Majesty's Forces has received remarkable endorsement in numerous letters received by OXO Ltd., and the Press, from those on active service and in training.

OXO CUBES exactly meet their needs. They take up little space; are easily carried and can be converted quickly into a hot nourishing drink which, with bread or biscuits, will sustain for hours.

In the home, OXO CUBES are handy and good for many purposes—ready in a moment as a warming, strengthening and sustaining beverage. For Soups, Stews and Gravies they are an economical substitute for fresh beef. OXO CUBES save time, trouble and expense.

"Oxo is comforting, it is sustaining, and it is palatable, three constituents which make for popularity. In addition, it is pure and wholesome, and also of the greatest use as a stimulant. To the fighting man exposed to all kinds of weather it is an admirable remover of chills. It enjoys enormous popularity with the troops, and we cannot imagine a more acceptable gift, for Oxo is thoroughly appreciated by soldiers and officers alike. Oxo Cubes are just the thing the soldier wants. With a little hot water he can turn Oxo into nourishing soup of a warmth and piquancy that will drive away the effects of the most bitterly cold night or day, whether on guard, in the trenches, or in dug-outs."
