Fear For Safety of Government Steamer Concretia

Believed It Has Gone Down With Crew and Passengers, Lighthouse Keeper.
Kingston, Ont., Dec. 19.—Nothing is known here regarding the fate of the Government steamer Concretia, which left here Friday to resume the coast and sea service from the Main Dock Light. A Watertown dispatch says that the vessel left the Main Docks on Friday with the lighthouse operator on board, and also a crew of about eight men. Saturday night a bright light was observed on Charley Shoal from Pleasant Valley's high elevation, near Cape Vincent. Marine men of Cape Vincent can account for the light only through the presence of some ship on the reef. Yesterday, Captain Moore viewed the light with a high-power telescope from the roof of a barn on the highlands, but could see no ship. The light has since disappeared, and it is feared that the Concretia is lying under the Deck Islands until the seas abate. The crew of the steamer Concretia, as far as is known, is as follows: Captain Daniel Miller, of Kingston; Engineer Malten, of Wolfe Island; Steward Smithers, of Prescott; and Fireman Drummond, whose home is yet unknown.

Quarrelling, followed by reports of four revolver shots, was heard by people in an adjoining store, and when the police were alerted the two wounded men were found and hurriedly removed to the hospital.

RUSH OF TRAVEL AT CHRISTMAS SEASON

Heavy Travel Looked for by Canadian National Railways.
Western People for the Old Country.
The Christmas season is the time of travel. "Home for Christmas" is a custom that has come down to us through the ages. In the old days it was the stage coach. Now it is the solid steel trains of our great Transcontinental Railways that annihilate distance and make a long journey a period of comfort and pleasure.

Adopt A Family Is Latest Proposition

City Council Hears Plan to Provide for Unemployed—Protest Against Jitney to Rockwood.
Mayor Schofield presented to the city council yesterday a plan, originated by the manager of the Schofield Paper Co., for the relief of those in need of the coming winter. Briefly the proposition is that 2,000 families, the heads of whom are out of work, be handed to a central bureau and this bureau hand them in turn to the business men of the city, each of whom would adopt a family for the winter and care for them either by providing work or seeing that they have enough to eat and to keep them warm until May 1st next.
