Learn Dressmaking

Take a Personal Course at School or by Mail

Why spend months at a dressmaking shop where you do nothing but hem, overcast, sew on hooks and eyes, and all the little things you already knew before you went there, where if you came here instead, we would show you how to cut out, put together, fit and finish everything from plainest shirt waist to most elaborate toilette in 2 weeks. We have taught thousands this method within past ten years, and will give any one \$25 who can tell us of a place where there is more taught about cutting than by us either in Canada or the United States. Whether you be the wife or daughter of a farmer, laborer, mechanic, merchant or millionaire you should learn dressmaking. No accomplishment to you can acquire will prove to you of such every day life long value as a practical knowledge of dressmaking. It is needed in every home, just as much as to know how to cook a good meal. A few days trial are given free of charge and if student finds it not all we recommend it to be, they have privilege to stop, there being no pay in advance. Terms for complete course is only \$10.00, includes a perfect fitting system given free. Next class will commence Feb. 13th, for full information see us at our residence on Saturday, Feb. 11th.

TRIED RECIPES.

Pork Chops With Apple Sauce.

Lay the well-trimmed pork chops on a pan and bake in a hot oven till brown. Sprinkle with salt after they begin to brown. Drain from the fat and serve with baked tomatoes and apple sauce.

Cut six tart apples in quarters, remove the core and skin, divide again and stew them in one cup of brown stock till tender and the liquor absorbed. Mash and beat till smooth and season slightly with salt and paprika.

Cranberry Pudding.

Pick over and wash one quart of cranberries and stew them just enough to break them up a little, with two cups of sugar and a half cup of water; butter well some thin slices of bread; if a little stale it will do no harm; place a layer of bread on the bottom of a buttered dish; then a thick layer of the hot berries, and so on until all are used in alternation, having the top layer of the bread buttered side up; cover with a paper and bake about 20 minutes in a moderate oven, then remove the paper and brown the top slightly; serve hot, with a sauce made by boiling one cup of brown sugar and one cup of water five minutes and cooling before serving.

Apple Salad.

Peel and core some eating apples of good flavor. Cut the fruit into thin slices. Arrange these in a pretty glass dish, sprinkle among the fruit some finely chopped nuts and shredded pineapple, dust with caster sugar, moisten with a little fruit juice and serve very cold.

To Whip Cream.

If the bowl of cream is kept in a pan of ice water during beating there will not be the embarrassment of seeing it come to butter when butter is the last thing that is wanted. The cream should be very cold before the work begins.

Tapioca Pudding For Three.

Three tablespoons tapioca cooked in one pint of milk; a pinch of salt, cook until transparent. The yolk of an egg beaten with three tablespoons of granulated sugar. When the tapioca is cooked put in the yolk beaten with the sugar, let cook a minute or two, then put the tapioca into three sauce dishes, equal amount in each dish, take the white of the egg and beat stiff with three tablespoons of granulated sugar, put into hot oven and brown. Sprinkle with shredded coconut and then sprinkle again quite thickly with granulated sugar, put into hot oven and brown.

BOOKS OF THE BIBLE.

Do you know how many books are in the Bible? You once knew, but have forgotten? Let me tell you one good way to remember, so as never to forget. First, write down the words, "Old Testament."

Now, how many letters are in the word "Old"? Three. How many in the word "Testament"? Nine. Put three and nine together and you have 12—the number of books in the Old Testament.

Next write down the words "New Testament."

There are also in "New" and "Testament" three and nine letters. Now multiply by nine and you have 27—the number of books in the New Testament.

Of course by adding 39 and 27 you have 66—the number of books in the Bible.

Probably any boy or girl who will read this over twice will never forget how many books are in the Bible.

THE WASTE PRODUCTS.

Several organs of the body are especially designed for removing waste products from the blood. These organs are the kidney, lungs, skin and liver, all of these except the kidneys have also other functions to perform, the kidneys alone seem to have no other work than the separation of waste materials from the blood. Thus a large portion of these waste products are separated by the kidneys alone; and any interference in the work of the kidneys, is shown within a short time by symptoms due to retention of waste products in the blood such as headache, puffiness, languidness, etc. It does not pay to ignore these symptoms for kidney trouble is a treacherous and dangerous disease. Take Kidney Pills when you need them. We carry in stock all the better Kidney Pills, but we only have one kind, which is Hills' Kidney Pills that we can positively guarantee to remove all kidney troubles or money will be refunded. For sale only and recommended by E. O. Ritz & Co., Druggists, Look for Electric Fountain.
